Weekly Review of Trade and Market Reports.

R. G. Dun & Co.'s Weekly Review of Trade says:

"Improved financial conditions serve to strengthen business confidence. Sentiment in iron and steel is more cheerful now that the United States Corporation has entered the market as a buyer of pig iron, although the situation on the whole in this division still remains somewhat disappointing. No cancellations are reported, however, and shipments are sustained, except where severe weather has delayed transportation. Some railroads have found it necessary to replenish old rolling stock because of the wear and tear causel by an unusually hard winter, and a Western system alone has placed an order for 75 locomotives. Activity is especially pronounced in the wire trade, and the reported weakening of prices is not general."

Bradstreet's says: "Business failures in the United States for the week ended with Feb-ruary 17 were 269, against 249 last week, 282 in the like week of 1939. 326 in 1908, 177 in 1907 and 186 in 1906."

A Change of Food Works Wonders.

The wrong food and drink causes a lot of trouble in this world. To change the food is the first duty of every person that is ill, particularly from stomach and nervous trouble. As an illustration: A lady in Mo, has, with her husband, been brought around to health again by leaving off coffee and some articles of food that did not agree with them. They began using Postum and Grape-Nuts food. She says:

"For a number of years I suffered with stomach and bowel trouble. which kept getting worse, until I was very ill most of the time. About four years ago I left off coffee and began taking Postum. My stomach and bowels improved right along, but I was so reduced in flesh and so nervous that the least thing would over-

"Then I changed my food and began using Grape-Nuts in addition to Postum. I lived on these two principally for about four months. Day by day I gained in flesh and strength until now the nervous trouble has entirely disappeared and I feel that I owe my life and health to Postum and Grape-Nuts

"Husband is 73 years old and he was troubled, for a long time, with occasional cramps, and slept badly Finally I prevailed upon him to leave off coffee and take Postum. He had stood out for a long time, but after he tried Postum for a few days he found that he could sleep and that his eramps disappeared. He was satisfied and has nevergone back to coffee
