

From Iowa.

Mrs. William B. Bressler writes from Nevada, Iowa, that they have had a very cold winter in that section. The first snow fell December 5th, and the cold weather continued until the first of March. Continuing she writes thus:

"Many farmers through here did not get all their corn husked last fall, but they are at it now. The roads are very muddy, owing to the fact that the ground froze so deep, the thermometer having registered as low as twenty eight degrees below zero.

The first of March is the time moving is done in Iowa. We chanced from where we did last year. Mr. Bressler is working for a man named James Hines, and is getting \$32.00 per month, for the whole year, and in addition three hogs and a cow are fed for us.

The people are very good to us. On Christmas the Lutheran church people presented me with a nice bible, which I appreciated very much. The farmers all have telephones in their homes here, and so have we."

Like Finding Money.

Murray and Bitner the popular druggists are making an offer that is just like finding money for they are selling a regular 50 cent bottle of Dr. Howard's celebrated specific for the cure of constipation and dyspepsia at half price. In addition to this large discount they agree to return the money to any purchaser whom the specific does not cure.

It is only recently through the solicitation of Druggists Murray and Bitner that this medicine could be bought for less than fifty cents, they urged the proprietors to allow them to sell it at this reduced price for a little while, agreeing to sell a certain amount. The result has justified their good judgement for the sale has been something remarkable.

Anyone who suffers with headache, dyspepsia, dizziness, sour stomach, specks before the eyes, or any liver trouble, should take advantage of this opportunity, for Dr. Howard's specific will cure all these troubles. But if by any chance it should not, Murray and Bitner will return your money.

The Family Physician

The best medicines in the world cannot take the place of the family physician. Consult him early when taken ill. If the trouble is with your throat, bronchial tubes, or lungs, ask him about taking Ayer's Cherry Pectoral. Then take it or not, as he says.

Bilious attacks, sick-headaches, indigestion, constipation, dizzy spells—these are some of the results of an inactive liver. Ask your doctor if he endorses Ayer's Pills in these cases. The dose is small, one pill at bedtime.

PENNSYLVANIA RAILROAD

Bulletin

DREADNAUGHT CARS

The nub of railroading is first-class equipment and reliable service. The Pennsylvania Railroad provides this for the public. For many months big all-steel coaches, built like Dreadnaughts, have been operated on all through trains. Their easy-riding qualities and steadiness of motion have been widely praised. The all-steel dining cars too have distinct advantages over the wooden ones. They are stronger and steeper, and the act of eating is made more enjoyable by the smoother movement.

There are also some steel Pullman Cars—Combined Parlor-Smokers and Baggage—in the service now. Travelers like them. They have plenty of elbow room and they glide over the rails. The Sleeping Cars are coming. Some four hundred parlor and sleeping cars will be in use by Summer.

These steel coaches and cars are the strongest vehicles ever built for passenger transportation. They are fire proof, break proof and bend proof. They represent the climax of safety and the perfection of comfort in railroad travel.

The Pennsylvania Railroad is always been the leader in all manner of improved equipment as well as in all methods of making their patrons more comfortable. This is why it is known and honored as the Standard Railroad of America.
