

There recently was exhibited in England a new process for printing without the use of ink. Electricity was used, one pole being connected with the type form and the other with the platen over which the paper passed.

WOMEN OF MIDDLE AGE

Need Lydia E. Pinkham's Vegetable Compound

Brookfield, Mo.—"Two years ago I was unable to do any kind of work and only weighed 118 pounds. My trouble dates back to the time that women may expect nature to bring on them the Change of Life. I got a bottle of Lydia E. Pinkham's Vegetable Compound and it made me feel much better, and I have continued its use. I am very grateful to you for the good health I am now enjoying."—Mrs. SARAH LOUISGONOT, 414 S. Livingston Street, Brookfield, Mo.

The Change of Life is the most critical period of a woman's existence, and neglect of health at this time invites disease and pain.

Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

For 80 years it has been curing women from the worst forms of female ills—inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

For Lamé Back

An aching back is instantly relieved by an application of Sloan's Liniment.

This liniment takes the place of massage and is better than sticky plasters. It penetrates—without rubbing—through the skin and muscular tissue right to the bone, quickens the blood, relieves congestion, and gives permanent as well as temporary relief.

Here's the Proof. Mr. JAMES C. LEE, of 1100 9th St., S.E., Washington, D.C., writes: "Thirty years ago I fell from a scaffold and seriously injured my back. I suffered terribly at times, from the small of my back all around my stomach was just as if I had been beaten with a club. I used every plaster I could get with no relief. Sloan's Liniment took the pain right out, and I can now do as much ladder work as any man in the shop, thanks to Sloan's Liniment."

Sloan's Liniment

Mr. J. P. EVANS, of Mt. Airy, Ga., says: "After being afflicted for three years with rheumatism, I used Sloan's Liniment, and was cured sound and well, and am glad to say I haven't been troubled with rheumatism since. My leg was badly swollen from my hip to my knee. One-half a bottle took the pain and swelling out."

Sloan's Liniment has no equal as a remedy for Rheumatism, Neuralgia or any pain or stiffness in the muscles or joints. Prices, 25c., 50c. and \$1.00. Sloan's book on horses, cattle, sheep and poultry sent free. Address: Dr. Earl S. Sloan, Boston, Mass., U.S.A.

For the Skin and Scalp.
Because of its delicate, emollient, sanative, antiseptic properties derived from Cuticura Ointment, united with the purest of cleansing ingredients and most refreshing of flower odors, Cuticura Soap is unrivaled for preserving, purifying and beautifying the skin, scalp, hair and hands, and, assisted by Cuticura Ointment, for dispelling itching, irritation and inflammation and preventing clogging of the pores, the cause of many disfiguring facial eruptions. All who delight in a clear skin, soft, white hands, a clean, wholesome scalp and live, glossy hair, will find that Cuticura Soap and Cuticura Ointment realize every expectation. Cuticura Remedies are sold throughout the world. Potter Drug & Chem. Corp., sole proprietors, Boston, Mass. Send to them for the latest Cuticura Book, an authority on the best care of the skin, scalp and hair. It is mailed free on request.

Cure For Church Sleepers.
A certain Scotch minister, a newcomer in the parish, finding it impossible to arrest the attention of the congregation, became desperate. No sooner did he appear in the pulpit than they promptly composed themselves to sleep.

One evening, after taking up his position he rapped sharply on the ledge in front of him and addressed his somnolent flock in tones of severe remonstrance.

"Now, brethren," he said, "it's not fair to go asleep as ye always have done directly I begin my sermon. Ye might wait a wee till I get along, and then if I'm no worth hearing sleep awa' wi' ye, and I'll no care; but dinna go before I have commenced. Give me this one chance."

Finding they were all fairly awake by that time, he went on: "I shall take for my text the two words 'Know thyself,' but I will say before I begin the discourse that I would not advise this congregation to make many such profitless acquaintances."

There was not a snore nor a nod in the kirk that evening.—London Tit-Bits.

Her Efficient Mistress.
Mrs. A., who had a shiftless colored maid, was hurrying through her morning's work in order to go out with a friend in the afternoon. As she flew about from room to room she heard the colored woman chuckling to herself as if very much enjoying something. Impatiently, she said: "What in the world is it that amuses you so, Isabel?" "Well, Mis' Bessie, when I heard you gallopin' aroun' upstairs I jes' t'ought if you'd been de Lawd it wouldn't 'a' took you no six days to make de hebbens an' de yearth!"—Woman's Home Companion.

A Judicial Expert.
The native with a stogie met the native with the pipe. "Howdy, Zeb?" quoth the stogie native. "Hear 'bout th' fuss down to th' courthouse?" "Nope," drawled the man with the pipe. "What was it about?" "Why, Jim Simpson has been suing Abner Hawley for alienatin' th' affections of his wife, an' Judge Musgrove told th' jury to bring a verdict of six cents damages, 'cause he thought that was all the damage was worth to Jim. An' Jim's wife got mad an' threw a chair at the Judge, an' he had her arrested an' put in the cooler."

"But didn't Judge go a leetle too far when he fixed her value so low?" "Not at all, not at all. Y' see, he was her first husband!"—Cleveland Plain Dealer.

A LITTLE THING
Changes the Home Feeling.
Coffee blots out the sunshine from many a home by making the mother, or some other member of the household, dyspeptic, nervous and irritable. There are thousands of cases where the proof is absolutely undentable. Here is one.

A Wis. mother writes: "I was taught to drink coffee at an early age, and also at an early age became a victim to headaches, and as I grew to womanhood these headaches became a part of me, as I was scarcely ever free from them."

"About five years ago a friend urged me to try Postum. I made the trial and the result was so satisfactory that we have used it ever since."

"My husband and little daughter were subject to bilious attacks, but they have both been entirely free from them since we began using Postum instead of coffee. I no longer have headaches and my health is perfect."

If some of these nervous, tired, irritable women would only leave off coffee absolutely and try Postum they would find a wonderful change in their life. It would then be filled with sunshine and happiness rather than weariness and discontent. And think what an effect it would have on the family, for the mood of the mother is largely responsible for the temper of the children.

COMMERCIAL

Weekly Review of Trade and Market Reports.

Bradstreet's says:
Trade reports continue to display a certain degree of irregularity, a tendency particularly noticeable in the east parts of the nearby South and in scattered sections of the West. Yet on balance trade at a majority of points is probably better than it was last week, the South as a whole reporting improvement, the Northwest showing up in good shape, the far West good, with the Southwest satisfactory, though house sales here are lighter, while the West, except Ohio and parts of Iowa, reports progress. More favorable weather conditions appear to be the chief influence making for improvement; but, on the other hand, the poor condition of country roads tends to deter anything like a free movement. Staple lines are in chief request and as a matter of fact buyers continue backward to future commitments except where price conditions favor them.

High prices of manufactured goods and uncertainty as to their permanence are the principal barriers against expansion in trade, but as the situation stands manufacturers find it difficult to reduce prices on a large scale because raw materials are so high and because present profits are not normally remunerative. Summed up, the turnover is larger than it was last year, but the point is that trade does not measure up to anticipations, which were keyed up to a high point. Retail trade has improved at a few points, but on the whole the week's developments have not been especially satisfactory, prospects of a very early Easter trade not having materialized.

The Biggest Battleship.
The biggest battleship in the world was nearing completion. For five weary years an army of toilers had swarmed over the yards of the contractors.

"And now," said the elated Secretary of the Navy, "we must consider getting it into the water."

For two years the mechanical intellects of the country wrestled with the problem. At the end of the second year the gigantic craft remained unlaunched.

Then up spoke the youngest engineer of them all.

"If we cannot get the ship to the ocean," he said, "we must bring the ocean to the ship."

So for five years more mighty dredges scooped and huge clamshells burrowed, and the ocean was brought to the ship.

And then one day the Secretary of the Navy sent for the contractors. "It's no use, gentlemen," he said; "the ship is now entirely out of style. Break her up."—Cleveland Plain Dealer.

STOMACH LIVER LUNGS

Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

The strong man has a strong stomach. Take the above recommended "Discovery" and you may have a strong stomach and a strong body.
