### Weekly Review of Trade and Market Reports.

R. G. Dun & Co.'s weekly review or trade says:

"The trade movement, taking the country as a whole, continues large. That there is in all the markets—and particularly in this case in the security market—much disappointment that the extravagant expectations at the beginning of the year are not being fulfilled is beyond question, and this feeling results in a very conservative attitude on the part of both traders and consumers. There is a feeling among some that conditions inseparable from a period of world-wide political and economic transition may be forcing some important readjustments, and the disposition is to wait for developments. Meanwhile the season is reached when, for some time at least, the drift of things should noticeably be toward improvement."

Bradstreet's says: "Trade reports, except in the Northwest and on the North Pacific coast, are of little gain in activity, and indeed in some lines, such as textile manufacturing, quiet or further curtailment is still the subject of discussion. It is probably true, however, that the evidences of crop and weather improvement came too late in the weeks to be adequately reflected in the present week's reports. At the larger industrial centres, particularly of the East, improvement is not as yet manifest, whereas the quieter tone of many lines or the evidences of further curtailment of operations point to other causes than backward weather having been operative in holding back demands."

"Wheat, including flour, exports from the United States and Canada for the week ended May 19 aggregate 2,918,065 bushels, against 2,933,538 last week and 2,338,894 this week last year. For the 46 weeks ended May 19 exports are 129,937,240 bushels, against 155,602,003 in the corresponding period last year. Corn exports for the week are 362,609 bushels, against 312,566 last week and 114,696 in 1909. For the 46 weeks ended May 19 corn exports are 26,673,679 bushels, against 28,830,926 last year."

A Bad Lot. A foreign-looking man was brought before a magistrate for drunkenness and disorderly conduct. When asked what he had to say for himself he gazed pensively at the judge, smoothed down a remnant of gray hair, and said:

"Your honor, 'Man's inhumanity to man makes countless thousands mourn.' I'm not as debased as Swift, as profligate as Byron, as despised as Poe or as debauched as...

"That will do," thundered the magistrate. "Thirty days! And, officer, take down a list of those names and run 'em in. They're as bad a lot as he is."—Exchange.

Kidney Troubles Lower the Vitality of the Whole Body.

Don't wait for serious illness; begin using Doan's Kidney Pills when you first feel backache or notice urinary disorders. W. W. Gosden, 711 1/2 E. Marshall St., Richmond, Va., says: "My doctor said I had inflammation of the bladder. My limbs swelled to twice their real size and it seemed as if there were thousands of needles sticking into them. I had been bedfast for three months when I began using Doan's Kidney Pills. Soon I was in better health than I years."

When Widows Remarry. A strange commentary on Dr. Johnson's famous dictum that a second marriage is "the triumph of hope over experience" comes from France. Dr. Jacques Bertillon has been collecting statistics to discover what age is most favorable to second marriages in the troubled sea of matrimony. Most amazing is the deduction that women, whether widows or divorcees, between the age of 20 and 30, are less inclined to a repetition of the great experiment than those under 20 or over 30.

The more youthful widow seems to be less hopeful. It may be that sentiment is powerful to keep her in the bereaved state. Possibly a widow between 20 and 30 is so charming and attractive to such a degree that so many men "say their court to her as to make it impossible for her to choose between them. But once the widow passes 30 she apparently feels old enough to select a second partner. In the natural course of human life it would seem that the percentage of widows under 20 must be relatively small. Between 20 and 30 the proportion will increase rapidly. Once the boundary line of 30 is past, perhaps the buoyancy of youth has gone and the widow of France mates again for a home and a protector.—Philadelphia Press.

HARD ON CHILDREN When Teacher Has Coffee Habit.

"Best is best, and best will ever live." When a person feels this way about Postum they are glad to give testimony for the benefit of others.

A school teacher down in Miss. says: "I had been a coffee drinker since my childhood, and the last few years it had injured me seriously. One cup of coffee taken at breakfast would cause me to become so nervous that I could scarcely go through with the day's duties, and this nervousness was often accompanied by deep depression of spirits and heart palpitation.

"I am a teacher by profession, and when under the influence of coffee had to struggle against crossness when in the school room.

"When talking this over with my physician, he suggested that I try Postum, so I purchased a package and made it carefully according to directions: found it excellent of flavor, and nourishing.

"In a short time I noticed very gratifying effects. My nervousness disappeared, I was not irritated by my pupils, life seemed full of sunshine, and my heart troubled me no longer.

"I attribute my change in health and spirits to Postum alone."

## What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at these will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of native American medicinal forest plants. ## AFTER SUFFERING ONE YEAR

Cured by Lydia E. Pinkham's Vegetable Compound

Milwaukee, Wis.—"Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world of it. I suffered from female trouble and fearful pains in my back. I had the best doctors and they all decided that I had a tumor in addition to my female trouble, and advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I hope I can help others by telling them what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. EMMA INSE, 833 First St., Milwaukee, Wis.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.
