

Mr. Gehret Killed at Hecla.

Wednesday afternoon of last week William Gehret was killed at Hecla Park in a rather peculiar accident. He and several others were in an automobile, and on reaching the railroad crossing the driver saw the close approach of the engine. The machine was quickly turned to the side, and instead of crossing the track, was run along the embankment. The quick turn of the car threw Mr. Gehret against the train, injuring him to such an extent that death followed in a few hours.

Mr. Gehret was aged almost seventy-six years. He is survived by a wife and two sons—Edward and Harry, and two daughters—Mrs. Oris Kline, on Miss Lillian, all of Bellefonte.

LOCALS.

Melvin J. Snyder changed his residence from Watson to Montandon.

Miss Mary Mills, one of the Altoona school teachers, was the guest of Miss Roxanna Brisbin, in Centre Hall.

Mrs. John Puff and B. D. Brisbin, representing the local order of Odd Fellows, Tuesday were at the Sur-bury O'phans' home.

Mrs. Harrison Kline, of Bellefonte, and Mrs. Rebecca Scholl, of Centre Hall, are visiting their sister, Mrs. Wise, at Berwick, who is ill.

Samuel Stump was in a wreck that caused him to suffer slight injuries. He was on a load of hay that upset, and he was caught under it.

Miss Annie Bible, of Centre Hall, and her niece, Mrs. W. T. Blitta, of Pittsburg, this (Thursday) morning joined the excursionists to Atlantic City.

Ralph C. Boezer, who is holding down a good position in the drafting rooms of the Westinghouse Manufacturing Company, was in Centre Hall for a few days over the Fourth.

Mrs. Newton E. Emerick, of Altoona, has been at the home of her mother, Mrs. Catharine Fetterolf, for a week or more, and Saturday Mr. Emerick is expected here. Mr. Emerick is employed in the Altoona car shops.

The State Christian Endeavor Convention at Franklin, is being attended by Merchant George O. Benner, of Centre Hall. Among the speakers are Dr. Francis Clark, president of the National Christian Endeavor Society, and Governor Hauley, of Indiana.

Misses Gertrude and Harriet Burt, of West Philadelphia, are guests at the home of Dr. W. H. Schuyler, in Centre Hall. The former is a graduate and teacher in a school of design, and the latter is a graduate of an industrial school of art. Miss Carrie Dolce, of Camden, New Jersey, is also a guest at the same place.

Rev. and Mrs. R. F. Fetterolf, of Selingsgrove, and Mrs. Amanda Walker, of Boalsburg were guests at the home of Prof. P. H. Meyer, in Centre Hall, over Sunday. Rev. Fetterolf was engaged in school work at Peconic, Illinois, during the 1909-1910 school term, in the capacity of principal of the High School. He is not fully decided what he will engage in during the coming year.

Dr. George F. Norton, accompanied by his wife and daughters, Marjorie and Evelyn, of New York, are in town and will remain for a month. Dr. Norton, a few years ago, erected a modern dwelling house in one of the suburban towns of New York, but was prevailed on by a extensive contractor to leave it for a period of two years, consequently the Nortons are now living in the city.

Mrs. Myra Kerr, of Omaha, Nebraska, is in Centre Hall among friends and will remain until fall. She came to Chicago some weeks ago, and after visiting her daughter, Mrs. (Rev.) Elmer L. Williams, they came east, the latter accompanied by her children. Mrs. Williams stopped at Fleming, the old home of her husband, but will be at Centre Hall the latter part of this week, to be the guest of Mr. and Mrs. W. Frank Bradford and others.

James A. Keller who has his home with his daughter, Mrs. Frank Fisher, in Penn Hall, suffered a slight stroke of paralysis on Thursday night of last week. His condition was somewhat improved on Monday, but Monday night suffered a second attack, paralyzing his throat so that he is unable to swallow even a few drops of water. He retains all faculties and is able to talk a few words at a time, but his vision is impaired, in that things appear reversed from their natural order. A small dot has formed near the base of the brain, and while his condition is critical there is some hope of his recovery.

While firing the anvils, on the morning of July 4th, a premature explosion burned Clymer McClellan about the face, head and hands to such an extent that he was taken to the Bellefonte hospital for treatment. Monday afternoon of this week he returned. Although not able to be on the streets, the burns have healed to such an extent that it is known there will be no permanent injury.

How the Standard of Measurement Was Established.

It is most difficult for many persons to remember the sizes of their different articles of wearing apparel. Collars, shirts and gloves are easy enough, because in the case of these it is a matter of actual inches. But the hat and shoe numbers are what puzzle most people, to say nothing of the mystery why a No. 11 stocking goes with a No. 8 shoe.

This last puzzle is, however, easily explained. Stockings have always been measured by the inch from heel to toe, but the numbering of shoes was fixed a long time ago by a Frenchman.

The Frenchman permanently fixed the numbers of shoes for all Europe and America. He arbitrarily decided that no human foot could possibly be smaller than three and seven-eighth inches. So, calling this point zero, he allowed one-third of an inch to a size and accordingly built up his scale. It follows therefrom that a man cannot find out the number of his own shoe unless he be an expert arithmetician. Even then he is likely to go wrong, because all the shoe experts allow for the weight of the individual and the build of his foot before they try to determine what size shoe he ought to wear.

As far as women's shoes are concerned the problem is still more difficult, because many of the manufacturers instead of keeping to the regular scale have marked down their numbers one or two sizes in order to capture easily flattered customers. For this reason most dealers ask out of town customers to send an old shoe with their orders.

The system of measuring hats is much simpler. Any man can tell what size he wears simply by adding the width and length of the inner brim and then dividing by two. Orders can also be sent to the shopkeeper by stating the circumference of the head.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

Weak and unhealthy kidneys are responsible for much sickness and suffering, therefore, if kidney trouble is permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys must, because they do most and should have attention first. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root. A trial will convince you of its great merit.

The mild and immediate effect of Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable health restoring properties have been proven in thousands of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also a 24-page pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

THE HAYING SEASON IS COMING ON

and we present to you a few hay tools and assure you that it will be well worth your while to investigate the merits of them. Special attention is called to the

"GEARLESS" HAY LOADER

Its name describes it—it is gearless, and has no gears to break, clog up, chains and sprockets to break, run off and cause no end of trouble. The long easy stroke delivers the hay whether heavy or light, on the wagon in better shape without chewing it up, without tearing off the lever or without threshing out the seed as other loaders do.

The GEARLESS Hay Loader is not the cheapest hay loader you can buy, but it is the best one. They are worth more than is asked for them.

The GEARLESS does its own loading; it pushes the hay well up onto the wagon; it does not need a watchman to keep it from clogging. The Gearless is sold on its merits, because it never fails to perform the work it is sold to do. The Gearless will pick up and load winrows and hay cocks which other machines cannot handle.

The "Lancaster" Side Delivery Hay Rake

In the Lancaster Side Delivery Hay Rake are combined all the good points and avoided all the faults of those that have gone before. It is simple, durable, well made, easily operated.

The Lancaster rake gathers up the hay into a continuous, loose and fluffy winrow, through which the hay freely passes.

The Lancaster rake is driven from the main axle; the power is all utilized in the working of the rake, nothing is lost in complicated machinery.

By the use of three sets of raking bars there is obtained slow speed, which is especially desirable in raking clover. The machine will rake clean the shortest blue grass as well as the heaviest timothy or clover.

PENNSYLVANIA RAILROAD

THE CALL OF THE SEA.

"The water is fine; come in!"

From gay Atlantic City comes the call; from witching Wildwood; from Cape May in the flush of her rejuvenation; from Asbury Park and Long Branch where the rare beauty of the country with its sylvan shades meets the crests of the incoming billows; from all the wave-washed coast of New Jersey, comes the summer call of the sea.

To all these delightful resorts, the service of the Pennsylvania Railroad is high-grade and convenient. To Atlantic City, Cape May, Wildwood, and Ocean City, direct connection is made via the Delaware River Bridge without transfer across Philadelphia.

To Asbury Park, Long Branch, and the Upper Coast resorts, good service is provided by through trains from Philadelphia.

The call of the sea is on. It promises a regular dividend of pleasure, and an extra grant of health and vigor to those who heed it.

Will you come?
