

ROOSEVELT RETURNS AND IS GIVEN AN OVATION SELDOM EQUALED

The Mighty Traveler Goes Buoyantly Through a Long and Trying Reception-Parade, Showing Lively Interest in Everything American.

The White Company Receives Unique Compliment For the Sturdy Reliability of Its Steam Car From Mr. Roosevelt and Family.

Theodore Roosevelt and Party in White Steamer.

After fifteen months' absence, exactly as scheduled, Colonel Theodore Roosevelt disembarked from the Kaiserin Augusta Victoria, Saturday morning, June 18, at 11 a. m. To the keen disappointment of a large group of newspaper correspondents, Mr. Roosevelt absolutely refused, as heretofore, to be interviewed or to talk on political subjects, but his rapid fire of questions showed the same virile interest in public affairs as before.

If the welcome tendered by the vast throng may be considered a criterion upon which to base a "return from Elba," surely there was no discordant note in the immense reception-parade, nor in the wildly clamorous crowd which cheered at every glimpse and hung on his very word.

The incidents of the day in New York were many, but perhaps none better illustrated the nervous energy and vitality of the man, the near-manifest to be up-and-doing, which he has brought back to us, than the discarding of horses and carriages for the swifter and more reliable automobiles. The moment the Roosevelt family and immediate party landed, they were whisked away in White Steamers to the home of Mr. Douglas Robinson at 433 Fifth avenue. A little later, when the procession reached the corner of Fifty-ninth street and Fifth avenue, Colonel Roosevelt again showed his preference for the motor car in general and the White cars in particular, when he, Cornelius Vanderbilt and Collector Loeb transferred from their carriage to White Steamers, which were in waiting for them.

After luncheon at Mr. Robinson's house, the entire party, including Colonel Roosevelt, again entered the White cars and were driven to Long Island City, where they were to take a special train to the ex-President's home at Oyster Bay.

The supremacy of the White cars with the Roosevelt party was again demonstrated on Sunday, when the party was driven to church in the White Steamers, and a group of some forty prominent Rough Riders were taken in a White Gasoline Truck to a clam bake at the Travers Island clubhouse of the New York Athletic Club.

It is announced in Montreal by the Allan Line that tenders have been invited for two new vessels of the Lusitania type, which will reduce the time between Liverpool and Quebec by 24 hours, making the trip in five to five and one-half days. The ships will have 20,000 tons or more capacity, will cost \$3,000,000 each and are expected to be in operation in two years.

At 10 A. M. every day the entire Great Western railway system of England receives the exact Greenwich time.

Responsibilities of Parents.
The old-fashioned mother and the old-fashioned father have become almost obsolete in the large cities. Modern mothers and fathers have ceased to take their responsibility seriously. During the early days of the child's life the task of looking after manners and education is largely shifted to the schools. The education of children, consequently, has become more automatic, and, naturally, lacks the individual touch of refinement and breeding that can be obtained only in the home.

Few schools teach kindness, gentleness, courtesy, or unselfishness. Such qualities can be thoroughly inculcated only in the home. It is by the father making a chum of his boy and the mother a friend of her girl that the miracle of a gracious character can be wrought. If fathers would make confidants of their sons, and mothers confidants of their daughters, teaching them to share adversity or prosperity like partners, there would be less dissatisfaction and less extravagance among the growing generation. By unselfishness they would teach unselfishness; by kindness, they would teach kindness; by courtesy, they would teach courtesy. And the world would be the gainer.—Washington Post.

Weekly Review of Trade and Market Reports.

Bradstreet's says: "Trade and crop reports are still irregular, but weather conditions favor a final distribution, and except in a few sections, as, for instance, the Northwest and parts of the South, the crops have made satisfactory progress in the direction of large yields. Hot summer weather has stimulated retail distribution of seasonable goods, though demand is still reported below earlier anticipations. Jobbing trade for fall is irregular, but quiet as a whole, but improving in the Southwest, while being checked in the Northwest.

"Business failures in the United States for the week ended with June 30 were 196, against 187 last week, 213 in the like week of 1909, 236 in 1908, 135 in 1907 and 134 in 1906.

"Wheat, including flour, exports from the United States and Canada for the week ended June 30 aggregated 1,531,177 bushels against 1,705,545 last week and 1,310,849 this week last year. For the 52 weeks ended June 30 exports are 143,072,301 bushels, against 166,767,676 in the corresponding period last year. Corn exports for the week are 114,169 bushels, against 198,827 last week and 78,551 in 1909. For the 52 weeks ended June 30 corn exports are 27,943,483 bushels against 29,142,919 last year."

A Burning Eruption Covered Her From Head to Feet.

"Four years ago I suffered severely with a terrible eczema, being a mass of sores from head to feet and for six weeks confined to my bed. During that time I suffered continual torture from itching and burning. After being given up by my doctor I was advised to try Cuticura Remedies. After the first bath with Cuticura Soap and application of Cuticura Ointment I enjoyed the first good sleep during my entire illness. I also used Cuticura Resolvent and the treatment was continued for about three weeks. At the end of that time I was able to be about the house, entirely cured, and have felt no ill effects since. I would advise any person suffering from any form of skin trouble to try the Cuticura Remedies, as I know what they did for me. Mrs. Edward Nanning, 1112 Salina St., Watertown, N. Y., Apr. 11, 1909."

Drifting.
It is unquestionably true that, notwithstanding the tremendous energy which characterizes so large a proportion of our population and makes of it a force to be reckoned with, there are yet many persons who are passing their lives in aimless drifting. The sensation for a time, at least, may possibly be one of pleasure, however profitless, but it is a pleasure that is all too dangerous to be indulged in indiscreetly. To be sure, there is something alluring, almost appealing, in the mere thought of setting our craft adrift, with sails furled and engines silenced, depending merely upon some stray breeze or chance current to bear us onward. The very idea of freedom from responsibility seems attractive to a degree, and yet it is the acceptance of that responsibility which first points our way through treacherous seas to a "haven under the hill." Those who are content to drift alone from day to day, blown about by the vagaries of fitful winds, seldom if ever accomplish anything worth while, measured by the standards of men. Into their lives comes no hint of the happiness of dreams realized; they prefer to dream those dreams without trying to make them come to pass, and imagine themselves happy building castles in the air.—Charleston News and Courier.

Stomach Blood and Liver Troubles

Much sickness starts with weak stomach, and consequent poor, impoverished blood. Nervous and pale people lack good, rich, red blood. Their stomachs need invigorating for, after all, a man can be no stronger than his stomach.

A remedy that makes the stomach strong and the liver active, makes rich red blood and overcomes and drives out disease-producing bacteria and cures a whole multitude of diseases.

Get rid of your Stomach Weakness and Liver Laziness by taking a course of Dr. Pierce's Golden Medical Discovery—the Great Stomach Restorative, Liver Invigorator and Blood Cleanser.

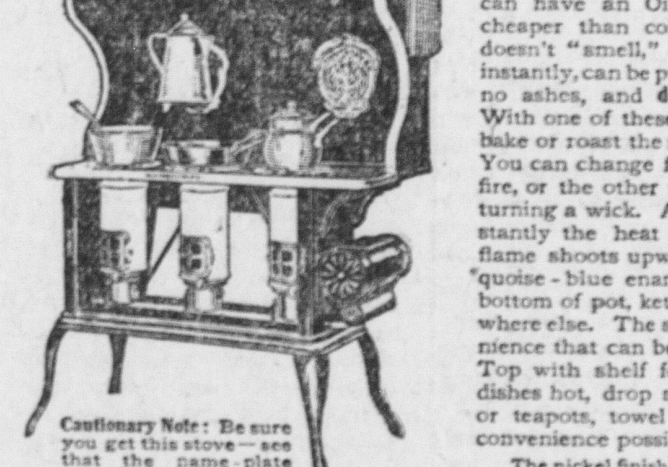

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, same being attested as correct under oath.

Think of Last Summer--

You can remember days when the heat inside your kitchen was so great you could hardly bear it. With the right stove you would have made a better hostess. Save your health. Don't put up with the drudgery of a coal range. You can have a clean, cool, pleasant kitchen. The

New Perfection Oil Cook-stove

does away with all drudgery of cooking. Why should you be a slave to a coal range when you can have an Oil Cook-Stove that is cheaper than coal, cleaner than coal, doesn't "smell," doesn't smoke, lights instantly, can be put out instantly, leaves no ashes, and doesn't heat the kitchen. With one of these stoves you can boil, bake or roast the most elaborate dinner. You can change from a slow to a quick fire, or the other way about, by simply turning a wick. Apply a match, and instantly the heat from an intense blue flame shoots upward through the turquoise-blue enamel chimneys to the bottom of pot, kettle or oven—but nowhere else. The stove has every convenience that can be thought of: Cabinet Top with shelf for keeping food and dishes hot, drop shelves to hold coffee or teapots, towel rack; in fact every convenience possible.

The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive.

Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.
