LOCALS.

C. C. Bartges, of Spring Mills, was in town on business on Tuesday.

The big Baileyville picnic will be held on Saturday, August 20th, at which time the survivors of company E will hold their forty-ninth annual reunion.

C. D. Moore, of Boalsburg, secretary of the Harris township school board, was a caller at the Reporter office, Monday morning, having come to town to attend the funeral of Jacob Wagner.

The condition of James A. Keller, who is suffering from a paralytic stroke, has not improved during the past week. He is yet unable to take nourishment, except water and milk which is given to him through a tube.

One of the surprises to the average summer boarder who comes to Centre Hall is that the mosquito is a minus quantity here. A native born must live long enough to get away from home to experience the discomforts of this pest.

An insect of some kind is working on the second growth of clover in some sections. The leaves of the clover are eaten full of holes, and the stalks become stunted. Whether or not the later rains will revive the stalks remains to be seen.

Five children of Mrs. Ellis Horner of Pleasant Gap, have been taken care of by the Children's Home Society, of Pittsburg. The institution will find homes for the little ones. Mr. Horner died last January, leaving his family in destitute circumstances.

Rev. Daniel Gress, who was called home from Chautauqua, New York, to officiate at the funeral of Jacob Wagner, has returned to that place again to complete his vacation, at the same time gaining instruction by attending lectures at the Chautauqua.

Mrs. George E. Lambert and son Paul Moyer, of Greenville; Mrs. H. R. Krider, and daughter, of Baltimore, Maryland; and Miss Miriam Ruth Moyer, of Rebersburg, who is a student in the Woman's College at Frederick, Maryland, on Monday were guests of Mr. and Mrs. J. D. Meyer, in Centre Hall. They are the children and grandchildren of the late Joseph Moyer, of Rebersburg.

Mrs. William Colyer, of Centre Hall, accompanied by Mrs. Maggie Miller, of Millersburg, were callers at the Reporter office on Tuesday. Mrs. Miller has been in this locality since the beginning of May, but spent the greater part of the time in the vicinity of Colyer. She is the sister of Mrs. Amos Lee, who died a short time ago at Colyer, and is also the sister of Mrs. Colyer's first husband, her maiden name being Gonder.

Attention of school directors is called to a decree handed down by the superior court, printed in part in this issue, reversing and setting aside an order issued by the local court upon the petitions of Spring township citizens, who endeavored to force Spring township to provide schooling in the Bellefonte borough schools. The Supreme court decided that no district need arrange with an other district for school privileges, provided the school facilities were ample.

In last week's issue of the Reporter the statement was made that H. F. Musser, of Centre Hill, was suffering from an attack of typhoid fever. He was later taken to the Bellefonte hospital, where he underwent an operation for appendicitis, it having been a case of long standing. Since the operation his condition has been very favorable, and at present he is able to sit up in bed. The hospital authorities believe that in a week or ten days he will have recovered sufficiently to be able to return home.

Rev. W. H. Schuyler, Ph. D., and his daughter, Miss Eloise, expect to start Monday morning for Binghamton, New York. Here they will visit relatives of Mrs. Schuyler till Saturday, when they will go to the home of Mrs. Schuyler's sister, Mrs. A. D. Merrill, at Clinton, New York. Here Dr. Schuyler will preach on Sunday, August 7th. He expects to remain there till the last of that week when he will return to Centre Hall. Miss Eloise will stay with her aunt about two weeks longer, then she will go to the Catskills to spend a week with a friend before returning direct to Cape May to resume her work as teacher of mathematics and history in the Cape May High School.

LETTERS FROM SUBSCRIBERS.

Reporter Subscribers' Correspondent Column—New Department.

I have been quite ill since receiving your letter. I am able to be up for the first time today. I cannot write the letter you request just now, but will do so as soon as I feel able. We would not do without your newsy paper, as we see all about parties my mother and sister know, and I have heard my parents speak of the people and different places until I feel as though I know them too. It is the dream of my life to some day pay Centre county a visit.

The twenty-five cent order is for a box of salve. My mother thinks it must be made after the formula of your father's celebrated salve. I will tell you a wonderful cure it made when I write you again.

Very respectfully,
MATTIE H. HEWES.
Moreland, Kentucky, July 25.

Neighborhood Deed.

The Linden Hall correspondent to the Reporter writes that the neighbors of William Raymond performed a good deed last week. Clarence, a son of Mr. Raymond, has been seriously ill for some weeks, and this obliged the father to give much attention to the young man, which, of course, interfered with performing the work on the farm, especially the making of hay and cutting of grain. Last week the neighbors consulted, and the result was that four mowers were started to cut down the grass, and in a day's time the whole crop was cut. The next day these good people again came together, and with additional help the cured hay was stored in the barn. The same process was gone through with the grain, and now Mr. Raymond is impressed with the kind treatment of the neighboring farmers.

Among those who rendered assistance on this occasion were J. H. Ross, Henry Houser, John Gingerich, Cyrus Confer, Harry Keller, David Bohn and son, and a number of others from Boalsburg and vicinity, whose names could not be secured.

Thousands Have Kidney Trouble and Never Suspect It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a brick dust sediment, or settling, stringy or milky appearance often indicates an unhealthy condition of the kidneys; too frequent desire to pass it or pain in the back are also symptoms that tell you the kidneys and bladder are out of order and need attention.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills almost every wish in correcting rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. Corrects inability to hold water and scalding pain in passing it, or bed effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root is soon realized. It stands the highest because of its remarkable health restoring properties. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
