Mr. and Mrs. Alvin S. Meyer, of Altoona, arrived in Centre Hall, Monday of this week, and are guests of Mr. and Mrs. William McClenahan.

And next comes the Business Men's picnic at Hecla Park, the date being Tuesday, 23rd instant. The park is a delightful place to spend a day, and all who can cast away the cares of toil next Tuesday should go there.

From the Blair county papers it is learned that the Centre county people living in Blair county have decided to hold a mid-winter banquet instead of a basket picnic, arrangements for which had been well under way.

Although not a youngster, Henry Dasher, of Kalamazoo, Michigan, takes great interest in baseball, as is seen in the columns of the Kalamazoo Evening Telegraph. He is the secretary of the city league, and just prepared the averages for the players and awarded a large number of prizes.

From present indications there will be more live stock on exhibition at the Grange Encampment and Fair than heretofore. Farmers are beginning to realize that it pays to place stock in the stalls, as it helps to make the top market during the whole of the year, or perhaps a good sale right on the spot.

Miss Dora Wingard is taking care of Mr. and Mrs. Conrad Lingle, an aged couple living near Colyer. Mr. and Mrs. Lingle had been ill for some time during the beginning of the summer, but at present they are able to be about again, however the former is afflicted with cancer, which keeps him in close confinement.

This personal from the Buffalo Valley News: William Rossman, for the past year operator at the Pennsylvania railroad station in Millinburg, has been promoted to station agent at Oak Hall. His place here has been filled by H. C. Moyer, of Lykens, a young man of good character and habits. The many friends of "Bill" are sorry to hear of his departure, but wish him much success in his new position.

John Wingard, of near Colyer, is one of a number of successful men in that section who is devoting a part of his time to bees. From one hive over eighty pounds of honey was taken, and this was about three weeks ago. Since that time the bees have been as busy as bees-can be, and before the season is over he hopes to take from the hive enough honey to make their product at least one hundred pounds.

Last Saturday the third cutting of alfalfa was made from a plat of four and three-eighths acres on the Reporter's kildeer farm. The first cutting, after being in the mow for three weeks, was weighed and found to be four and three-fourths tons; the second and third cuttings are estimated at four tons each, making a total of twelve and three-fourths tons. With favorable weather conditions between now and the first of October three more tons can easily be grown. Last year the same plat yielded almost fourteen tons of baled hay.

Thursday evening of last week the Loyeville Orphans' Home band gave a concert in Centre Hall after returning from the picnic. They rendered very excellent music, most of them—fourteen of whom are under twelve years of age and none over sixteen years—showing that they possessed more than ordinary talent in the line of music. While this band is entirely within the institution, the funds for its support—instruction, uniforms, instruments, etc.—are earned by the organization by making trips just like the one it made to Penns Valley. Their earnings here were over fifty dollars, their expenses for travel being provided for in addition. The band is made up of volunteers, those having a musical bent keeping the ranks filled as age takes them from the Home.

Does Not Color Hair

Ayer's Hair Vigor, as now made from our new improved formula, does not stain or color the hair even to the slightest degree. Gray hair, white hair, blonde hair is not made a shade darker. But it certainly does stop falling hair. No question about that.

Indeed, we believe it will stop every case of falling hair unless there is some very unusual complication, something greatly affecting the general health. Then you should consult your physician. Also ask him about the new Ayer's Hair Vigor.
