OFF to Williams Grove.

The Williams Grove picnic always attracts a considerable number of persons from Penn's Valley, and among those were the following whose names were sent to this office:

Mr. and Mrs. Henry Homan, Mr. and Mrs. Harry E. Fye, Mr. and Mrs. Harvey Mark, Mr. and Mrs. Clyde E. Dutrow, all of Centre Hall. Mr. and Mrs. Charles Stover, Millheim.

LOCALS.

You may talk about a cool wave coming, but don't mention a frost. This section will not be ready for the bearded Jack for some weeks.

Don't waste your money buying plasters when you can get a bottle of Chamberlain's Liniment for twenty-five cents. A piece of flannel dampened in this liniment is superior to any plaster for lame back, pains in the side and chest, and much cheaper. Sold by Murray and Bitner.

The stork is busy again in the sections adjoining Centre Hall, his latest visits having been at the homes of Mr. and Mrs. John Burkholder, on the Burkholder homestead at Centre Hill, where a place was found for a little girl, being the first number. Thursday night of last week a son was delivered to Mr. and Mrs. William Bradford, at the Old Fort.

Dr. J. P. Welsh, who has filled the office of dean of the Pennsylvania State college for a number of years, severed his connection with the institution, and left for New York where he will engage in buying and selling realty. He is at the present time financially interested in the Southern Nut and Fruit company's pecan groves which are located in Georgia.

The course taken by a gallant young man, at Coburn, is a more speedy and probably more effective remedy than the law for the spitting nuisance. The Millheim Journal refers to the incident in this way: For spitting tobacco juice on the dress of a young lady at Coburn, Joe Auman, of Greenbriar, got a beautiful licking from the escort of the girl. That was just what he deserved and should be inflicted on every one who makes a practice of spitting tobacco juice on the white dresses of women.

If the measurements of oats and acreage reported to have been made by W. P. Catherman, of near Millheim, are correct, he has a variety of oats that will be wanted by every farmer who sows that kind of grain. The success of Mr. Catherman as an oats grower can be summed up when it is stated that he grew one hundred and fifteen bushels on a little over one acre of ground. If the gentleman will go to the trouble to give exact measurements the Reporter will be very glad to give his exact report space in its columns.

Just twice, under the present management of the Reporter, did one of its readers respond to a bill by saying "I didn't subscribe," although, in one case, the paper was regularly lifted for several years, and in the other almost two years. Of course, others failed to pay, but only two, just two, were mean enough to try to creep out of paying their subscription by saying: "I didn't subscribe." The excuse, it is needless to say, was not accepted, for when one lifts a paper from the mail box he or she becomes a "subscriber" by doing that act.

The McNitt-Huyett Lumber Company's mill hands are cautioned against reckless handling of hollow logs, but with all these warnings and a careful examination of a large hollow log landed on the mill at Waddies, where the company has a large plant in operation, the large circular saw cut into a double bitted axe that had been placed there many years ago, judging from the growth of the wood around the axe. The log, when it came onto the mill, was viewed with suspicion, for it had the appearance of having harbored in its day some wild animal, most probably the coon. The stick was looked over very carefully, but nothing unusual was discovered except the signs that it had sheltered a wild animal or animal at one time. The sawyer was hidden to go slow, and he did, for when the saw struck the old axe he stopped it quick enough to do no damage except to the teeth, which were dulled but not broken. The axe, with a broken handle, had been dropped into the tree, it is presumed by some coon hunter, and it was there long enough to become well imbedded in the new growth of wood. It was so well hidden that its discovery was impossible, except in the manner made and described.

Mrs. Catharine Witmer, ninety-three years old; and for twenty-five years a resident of Los Angeles, died yesterday at her home, 1425 West Third street, as the result of a stroke of apoplexy which she suffered about two months ago.

Mrs. Witmer was the mother of Henry C. Witmer, who died last year and of J. M. Witmer, who died in Los Angeles about thirteen years ago. She is survived by two daughters, Mrs. M. A. Lewis and Miss Victoria Witmer, and one granddaughter, Miss Letha Lewis, all of whom are prominent in the club and social life of the city.

Mrs. Witmer had never taken a prominent part in the social life, although she was well known to a large circle of friends. She was a native of Pennsylvania and had resided in Wisconsin many years before coming to Los Angeles.

The above is from the Los Angeles Herald, August 14th.

Mrs. Witmer, before marriage was Catharine Corman, of Rebersburg, and is the last of the Corman family, all of whom lived to a good age. She was the widow of David Witmer, who, when but a small boy, became a member of the family of Henry Witmer, deceased, for many years a resident of Centre Hall. She was also the sister of Mrs. Rebecca Sparr, and an aunt of ex-Sheriff Cyrus Brungart.

Mrs. Andrew Gettig died at her home in Braddock. Deceased was born in Benner township, this county. Her maiden name was Minnie Gummo and she was a daughter of Mr. and Mrs. Frederick Gummo, a well known family of the Buffalo Run Valley. After her marriage to Mr. Gettig they moved to Braddock where they have since lived. She is survived by her husband and five children, one of whom is a baby only about three weeks old. She also leaves a number of brothers and sisters residing in this county.

The death of the little son of Mr. and Mrs. Harry Hettinger, at the home of the mother's parents, Mr. and Mrs. Tillman Klinefelter, near Tusseyville, Friday afternoon, cast a gloom over the families named. Interment was made at Tusseyville, Monday morning, Rev. Daniel Gress, pastor of the Reformed church officiating. The age of the child was but several months.

The work of the Lock Haven Normal School is, primarily, to prepare teachers for the public schools. In this work it has been eminently successful. Its graduates are college professors, normal school teachers, county superintendents, high school and grade teachers. It also maintains a college preparatory department, and departments of Music, Elocution, Art and Business. The fall term opens September 6th. Send for illustrated catalog.
