

DEATHS.

Charles Wilfred Seerist died at his home in Spring Mills, Thursday of last week, aged twenty-seven years, four months and twenty-eight days.

After a lingering sickness of over four weeks the ravages of typhoid fever overpowered the physicians' skill and the watchful nurses' administration and claimed another victim. The announcement of his death sent a feeling of dismay and sorrow over this community. Clean, polite, kind and loving young man as he was, his character had won him a host of friends.

He leaves a young widow and babe to sit alone in the darkened tomb of death. A mother, father and sister, residents of Millheim, to weep over a son and brother.

The body was taken to Millheim Thursday afternoon to the home of the deceased's parents, Mr. and Mrs. George Seerist. The funeral was held Sunday morning at 10:30 in the Methodist Episcopal church at that place, the sermon being preached by Rev. J. Max Lantz, a close friend of the deceased, assisted by Rev. W. J. Dice, Millheim; Rev. C. N. Wolf, Rebersburg, and D. C. Caris, Spring Mills.

The floral display was beautiful and on account of the largeness of the same it required the casket wagon to bear it.

Mrs. Louisa Locke Mann, widow of the late James H. Mann, died on Saturday evening, at her home at Mann's Narrows, near Reedsville, aged seventy-one years and twenty-eight days. Her death was caused by a stroke of paralysis and her last illness was of three weeks' duration.

The deceased was born August 20, 1839, at Swedesboro, N. J., and was the daughter of the late E. E. Locke, of Locks Mills, Millita county. On May 5, 1857, she was married to James H. Mann, who died in May, six years ago.

Ferguson, a dealer in musical instruments in Williamsport, and has been with him for a period of twenty-three years.

The small shipments of cattle and hogs to the east, compared with the shipments of ten years ago, is being commented on by those acquainted with the facts. This would indicate that eastern farmers should give stock and hog raising more attention, as the western farmer no longer competes to so large an extent in the eastern market.

A quartet of western farmers are in the east, and the indications are that they have lived in sections where farming is highly remunerative. One of these is David N. Bitner, of Hastings, Nebraska, brother of Dr. H. F. Bitner, of Centre Hall. He is an extensive farmer, owns three farms, yet lives as a tenant. On the farm he is conducting himself he has now thirty-six stacks of wheat. Last season he had ten thousand bushels of small grain on this farm. His section is an alfalfa district, and that kind of hay is fed to horses almost exclusively. Three tons to the acre is termed a very fair yield with him. Mr. Bitner has been in the west for twenty-seven years. He is accompanied on his eastern trip by Mrs. Bitner, and his daughter and her husband, Mr. and Mrs. William Banta. Two others of this quartet from Kansas, William Musser and Mark L. Catherman, the former a native of Gregg township and the latter a Union countian, live at Quickville, Kansas. They have been very successful in their western career. The fourth is David Hennigh, a half brother of Mrs. Mary Rearkin, in Centre Hall, who is accompanied by his wife. It is forty-one years since he left Penna Valley, and for the greater part of this time he engaged in farming, but is now living retired. The couple arrived Monday afternoon and for a few days were the guests of Mr. and Mrs. R. D. Foreman, in Centre Hall.

Who Has It?
A wire stretcher was borrowed from the Reporter's farmer, and has been lost track of. The owner is a firm believer in advertising, and if the tool is in the hands of an honest man, it will be found through the publishing of this item.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croupy cough appears, will prevent the attack. Sold by Murray and Bitner.

Chamberlain's Colic, Cholera and Diarrhoea Remedy is today the best known medicine in use for the relief and cure of bowel complaints. It cures griping, diarrhoea, dysentery, and should be taken at the first unnatural looseness of the bowels. It is equally valuable for children and adults. It always cures. Sold by Murray and Bitner.

The small Republican fry in Bellefonte were attentive to candidate Tener while on Grange Park, Centre Hall, last week. While Mr. Tener did not know that these lightweight politicians made every effort to prevent his appearance in Centre Hall, there were many others who did, and of course, these were somewhat surprised at their demeanor.

Did you hear what they did in Maine? That is the question being asked by politicians. Of course, everybody knows Maine elected its first Democratic governor in thirty years, but the surprise to our good Republican friends makes them put the question about what happened in that New England quarter.

Mr. Tener, the Republican candidate for governor, is accused by his audience in Grange Park as not having been able to readily read his speech. Perhaps he had a short acquaintance with it. It appears he had.

Hospital Notes.

The ladies of the Centre Hall Hospital Aid Society take this opportunity to thank the citizens of Centre Hall and vicinity for their generous contributions toward furnishing a room in the Bellefonte hospital known as the Centre Hall room. A rummage sale will be held in Bellefonte during all of next week. Those interested can send articles to Mrs. J. G. King, Centre Hall, who will forward them to the Bellefonte society in time for the sale. Proceeds for benefit of hospital.
