LOOK TO YOUR KIDNEYS. When Suffering From Backache, Headaches and Urinary Troubles.

They are probably the true source of your misery. To keep well you must keep your kidneys well. There is no better kidney remedy than Doan's Kidney

BABY'S SKIN TORTURE

"When our baby was seven weeks old he broke out with what we thought was heat, but which gradually grew worse. We called in a doctor. He said it was eczema and from that time we doctored six months with three of the best doctors in Atchison but he only got worse. His face, head and hands were a solid sore. There was no end to the suffering for him. We had to tie his little hands to keep him from scratching. He never knew what it was to sleep well from the time he took the disease until he was cured. He kept us awake all hours of the night and his health wasn't what you would call good. We

Unmarried, and Contented Withal, They Have Mapped Out for Themselves a Pious City.

There was called a meeting of the Ancient Order of Spins last evening, and papers were read on every subject, from removing grease from carpets to the sad memories that attach to a bunch of old letters. The Spins were having a hilarious time when a

visiting Spin got up to make a few remarks. She said that, while they are happy now, there was a sad time coming. "Think of the day," she said, "when, having no husbands or children, you will be all alone." There was a sniff and then a snort as Spin after Spin recalled wives and mothers who are alone from daylight till dark. except when some member of the family wants waiting on. The sniffling and snorting increased in volume as Spin after Spin told of her freedom

from worry, her independence in financial matters and the joy of doing as she pleased. "But we must not take offense at what our sister has said," one Spin remarked. "Let us show our good intentions by calling on every lonesome wife and mother we know." This was six weeks ago, and though the Spins have devoted every afternoon and evening since to this missionary work, they haven't made half the rounds yet .- Atchison Globe

Good Advice, but-

A traveler entered a railway carriage at a wayside station. The sole occupants of the compartment consisted of an old lady and her son, about twelve years old. Nothing of note occurred until the train steamed into the station at which tickets were collected. The woman, not having a ticket for the boy, requested him to 'corrie doon."

The traveler intervened and suggested putting him under the seat. "Man," said the excited woman, "it's

as shair as death; but there's twa under the sait a'ready!"

Illiterate Immigrants. Ellis island records show that of 52,727 immigrants who arrived here in July 12,895, or about 25 per cent, are illiterates. Illiteracy is no bar to an immigrant so long as he appears physically able to care for himself. Only 1,127 persons who sought to enter the country were barred at this port last month .-- New York Press.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregu-larities, periodic pains, backache, bear-ing-down feeling, flatulency, infigestion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to many suffering women.

If you want special advice write forit to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

Now They Sleep Inside.

George H. Beattle, jeweler in the old Arcade, and L. E. Ralston, auditor of the News, have jointly and severally decided that sleeping out in the open isn't all that it has been declared to be, says the Cleveland Leader. They were both in a deep snooze out at the Beattie farm, near Chagrin Falls, the other night, when a runaway team from the county fair city turned into the lane leading up to the Beattle estate and came along at full speed.

Sound asleep, but dreaming of impending danger, Ralston rolled out of his cot toward the north, and Beattie from his cot toward the south. The runaway horses dashed between the sleepers, oversetting everything in the way, but missing Beattle and Ralston by margins too narrow to be measured. Since that night Ralston has slept in his town house and Beattie has found shelter under the ample roof of his house on his big plantation.

Why He Wouldn't Hurry.

They were riding to church and were late. Several of the party were worried and one remarked: "The audience will be waiting." "Well," observed the old pastor (who was to preach that forenoon), "don't let's fret over it if we are a little late. It reminds me of the man who was being taken to execution. His guards were greatly exercised over the fact that they could not possibly get there on time. 'Never mind.' said the poor fellow, philosophically. 'Don't fuss over it. The people can wait.
