LIKE FINDING MONEY.

Murray and Bitner Offer Popular Medicine at Half-Price.

Murray and Bitner, the popular druggists, are making an offer that is just like finding money for they are selling a regular 50 cent bottle of Dr. Howard's celebrated specific for the cure of constipation and dyspepsia at half price. In addition to this large discount they agree to return the money to any purchaser whom the specific does not cure.

It is quite unusual to be able to buy fifty cent pieces for a quarter, but that is what this offer really means for it is only recently through the solicitation of Druggists Murray and Bitner that this medicine could be bought for less than fifty cents. They urged the proprietors to allow them to sell it at this reduced price for a little while, agreeing to sell a certain amount. The result has justified their good judgment, for the sale has been something remarkable.

Anyone suffering with headache, dyspepsia, dizziness, sour stomach, specks before the eyes, or any liver trouble, should take advantage of this opportunity, for Dr. Howard's specific will cure all those troubles. But if by any chance it should not, Murray and Bitner will return your money.

The specific is very pleasant to take, coming in the form of small granules, and there are sixty doses in every package. It is especially convenient when traveling, and no one should start on a journey without a bottle of this reliable medicine.

FIRST STATE BANK Arlington, Ia., April 23, 1903 Mr. J. Cooper, Decorah, Iowa. Dear Sir: Your letter of inquiry received and noted. The fact that I have two policies of \$12,000 in The Royal Union Insurance Co., and that I am perfectly satisfied with the same, is the strongest evidence of my confidence in the company. Any financial institution that is limited by law in the investment of its funds in non-fluctuating, non-speculative securities such as farm mortgages, municipal bonds, and loans on the cash surrender value of its own policies is certainly entitled to public confidence. Add to this the fact that the state of Iowa requires sufficient of these securities on deposit with the Auditor of State to more than equal the amount of the Company's entire liability to its policyholders, and I am unable to conceive of a more complete and absolute protection. This is the law under which The Royal Insurance Co. operates, and for this reason it has my unqualified endorsement and confidence. In addition to this it is an Iowa Company and has for eighteen years been steadily growing stronger and better. It is securing the highest rates of interest from its invested assets of farm mortgages in Iowa and adjoining states; this enables the company to pay its policy holders the highest possible earnings. After a most careful and thorough investigation, I take pleasure in commending The Royal Union Life Insurance Co. as I regard it one of the safest and best. Very truly, D. B. ALLEN.
