PUTS STOMACHS IN ORDER.

No indigestion, Gas, Sourness or Dyspepsia Five Minutes After Taking a Little Diapsin.

There should not be a case of indigestion, dyspepsia or gastritis here if readers who are subject to Stomach trouble knew the tremendous anti-ferment and digestive virtue contained in Diapsin. This harmless preparation will digest a heavy meal without the slightest fuss or discomfort, and relieve the sourst, acid stomach in five minutes, besides overcoming all foul, nauseous odors from the breath. If your stomach is sour and full of gas, or your food doesn't digest, and your meal don't seem to fit, why not get a 50-cent case of Pape's Diapsin from any druggist here in town, and make life worth living. Absolute relief from Stomach misery and perfect digestion of anything you eat is sure to follow five minutes after, and besides, one fifty-cent case is sufficient to cure a whole family of such trouble. Surely, a harmless, inexpensive preparation like Pape's Diapsin, which will always either at daytime or during night, relieve your sick, sour, gassy, upset stomach and digest your meals, is about as handy and valuable a thing as you could have in the house.

COMMERCIAL

Weekly Review of Trade and Market Reports.

Bradstreets says:
"Colder, more seasonable weather, stimulating for retail and jobbing re-order trade; a current distribution at many cities about equal to last year at this date; fairly good showing by the usual monthly exhibits of failures and clearings for October; a continuance of the declining tendency hitherto noted in farm produce, especially cereals and food-producing animals at wholesale; firmer money rates, with reports of an increased tendency on the part of Western farmers to hold crops, and the pushing of the killing frost line further to the southward, thus terminating the growth of cotton in a wide area are among the leading features of the week. Current reports as to collections are that they are about fair.

"Relatively best reports as to retail trade came from the Central West and South, where the cold wave early in the week stimulated sales in seasonable goods. Trade at eastern centers has been helped somewhat, but reports as a whole do not testify to expected activity resulting. In the western country features are the effects on grain marketing and the continued decline to new low levels of wheat and other cereals."

MADE HIS APOLOGY AMPLE

Irish Legislator Even Withdrew the Words That He Was About to Utter.

There is in congress a western representative of Celtic origin who has more than once "stirred up the animals" by his propensity to bait the opposition.

On one occasion he rose to denounce the statements made in a speech that had been delivered by a member of the other party. His impetuosity led him to phrase his remarks rather strongly.

"Order, order!" exclaimed the speaker, pounding with his gavel. Again, in a minute or two, did the son of Erin return to his charge of wilful misstatement. Again was he called to "order."

It was a critical moment. His colleagues, for motives of policy, did not wish him to be put out of the debate, so they hinted so by tugging vigorously at his coat tails.

Now, it's a very dangerous matter to trifle with the tails of an Irishman's coat, save in the cause of friendship. Nevertheless, the indignant yet god-natured member recognized the command of his party and sat down after delivering this Partian dart:

"I obey the ruling of the house, and I beg to retract what I was about to observe!"

That one touch of Irish oratory took the whole house by storm.—Lippincott's.

Stiff neck! Doesn't amount to much, but mighty disagreeable. You've no idea how quickly a little Hamlin's Wizard Oil will lubricate the cords and make you comfortable again.

"I am greatly encouraged," said a man today. "A good many people knocking on me lately; that is a sign I am amounting to something."

Supreme Test.

"I thought you said this bathing suit was in fast colors," said Blinks, indignantly, to the bathing master of whom he had bought his dollar suit that morning.

"Yes, that's what I said," returned the bathing master.

"Well, every blessed stripe on the blooming thing has come off on my back," retorted Blinks.

"Ah, but wait until you try to get 'em off your back," smiled the bathing master, suavely. "Then you'll see."—Harper's Weekly.

Back to the Wild.

There was a time when all dogs were wild and when what we call wolves were different from other dogs only as a collie now is different from a Newfoundland, for instance. From time to time you will hear of dogs that have returned to the life of their ancestors and have run wild with the wolves of the prairie or of the woods.

In the town of Sandy in Oregon a greyhound one night made the acquaintance of a coyote, which is a kind of wolf, and ever since he has lived away from the town, running with the coyotes and approaching human dwelling-places only to steal a hen or two when he has been more than usually hungry.

Looking After the Eggs.

Lady Betty, who is four years old and never misses a trick, was taken the other evening to a restaurant for her supper, and with all the importance and sprightly dignity of her years calmly ordered poached eggs on toast.

While the little family group was awaiting its service the "middle" amused herself by looking out of the window, pressing against a screen to get a closer view of something below.

She was warned by her mother that the screen might give way and let her fall to the sidewalk, perhaps injuring her terribly. She drew away, thought a minute, and then said naively: "Would I fall if the screen went out?"

"You certainly would," was her mother's reply. "And would I get awful hurted?" "Very likely." "Then what would the man do with the eggs?"

MORE THAN EVER

Increased Capacity for Mental Labor Since Leaving Off Coffee.

Many former coffee drinkers who have mental work to perform, day after day, have found a better capacity and greater endurance by using Postum instead of ordinary coffee. An Illinois woman writes:

"I had drank coffee for about twenty years, and finally had what the doctor called 'coffee heart.' I was nervous and extremely despondent; had little mental or physical strength left, had kidney trouble and constipation.

"The first noticeable benefit derived from the change from coffee to Postum was the natural action of the kidneys and bowels. In two weeks my heart action was greatly improved and my nerves steady.

"Then I became less despondent and the desire to be active again showed proof of renewed physical and mental strength.

"I am steadily gaining in physical strength and brain power. I formerly did mental work and had to give it up on account of coffee, but since using Postum I am doing hard mental labor with less fatigue than ever before."

THOUGHT ONLY OF THE GAME

Filial Affection Lost Sight of the Small but Enthusiastic Lover of Football.

Among the spectators at a match between the Blackburn Rovers and the Olympic was a little lad about nine years of age. Though the boy's knowledge of the game may have been limited, his notion of correct play was extremely robust.

"Go it, 'Lympic," he yelled. "Rush 'em off their pins. Clatter 'em. Jump on their chests. Bowl 'em over. Good for yer. Mow 'em down. Scatter 'em, 'Lympic."

When his parent neatly "grassed" one of the opposing forwards, the youngster expressed approval by bawling, "Good for yer, owd 'em," adding proudly to the spectators, "Feyther 'ad 'im sweet."

"Yes," said a hearer, "but he'll get killed before the game's finished."

"I don't care a carrot if he does," said the boy.—London Tit-Bits.

BABY WASTED TO SKELETON

"My little son, when about a year and a half old, began to have sores come out on his face. I had a physician treat him, but the sores grew worse. Then they began to come out on his arms, then on other parts of his body, and then one came on his chest, worse than the others. Then I called another physician. Still he grew worse. At the end of about a year and a half of suffering he grew so bad that I had to tie his hands in cloths at night to keep him from scratching the sores and tearing the flesh. He got to be a mere skeleton, and was hardly able to walk.

"My aunt advised me to try Cuticura Soap and Cuticura Ointment. I sent to a drug store and got a cake of Cuticura Soap and a box of the Ointment and followed directions. At the end of two months the sores were all well. He has never had any sores of any kind since. I can sincerely say that only for Cuticura my child would have died. I used only one cake of Cuticura Soap and about three boxes of Ointment.

"I am a nurse and my profession brings me into many different families and it is always a pleasure for me to tell my story and recommend Cuticura Remedies. Mrs. Egbert Sheldon, Litchfield, Conn., Oct. 23, 1909."

Faint?
Have you weak heart, dizzy feelings, oppressed breathing after meals? Or do you experience pain over the heart, shortness of breath on going up-stairs and the many distressing symptoms which indicate poor circulation and bad blood? A heart tonic, blood and body-builder that has stood the test of over 40 years of cures is

Dr. Pierce's Golden Medical Discovery

The heart becomes regular as clock-work. The red blood corpuscles are increased in number—and the nerves in turn are well fed. The arteries are filled with good rich blood. That is why nervous debility, irritability, fainting spells, disappear and are overcome by this alternative extract of medicinal roots put up by Dr. Pierce without the use of alcohol.

Ask your neighbor. Many have been cured of serofulous conditions, ulcers, "fever-sores," white swellings, etc., by taking Dr. Pierce's Discovery. Just the refreshing and vitalizing tonic needed for excessive tissue waste, in convalescence from fevers or for run-down, anemic, thin-blooded people. Stick to this safe and sane remedy and refuse all "just as good" kinds offered by the dealer who is looking for a larger profit. Nothing will do you half as much good as Dr. Pierce's Golden Medical Discovery.

Have you Tried?

Lydia E. Pinkham's Vegetable Compound? We can furnish positive proof that it has made many remarkable cures after all other means had failed.

Women who are suffering with some form of female illness should consider this.

As such evidence read these two unsolicited testimonial letters. We guarantee they are genuine and honest statements of facts.

Cresson, Pa.—"Five years ago I had a bad fall, and hurt myself inwardly. I was under a doctor's care for nine weeks, and when I stopped I grew worse again. I sent for a bottle of Lydia E. Pinkham's Vegetable Compound, took it as directed, and now I am a stout, hearty woman."—Mrs. Ella E. Atkey, Cresson, Pa.

Baird, Wash.—"A year ago I was sick with kidney and bladder troubles and female weakness. The doctors gave me up. All they could do was to just let me go as easily as possible. I was advised by friends to take Lydia E. Pinkham's Vegetable Compound and Blood Purifier. I am completely cured of my ills, and I am nearly sixty years old."—Mrs. Sarah Leighton, Baird, Wash.

Evidence like the above is abundant showing that the derangements of the female organism which breed all kinds of miserable feelings and which ordinary practice does not cure, are the very disorders that give way to Lydia E. Pinkham's Vegetable Compound.

Women who are afflicted with similar troubles, after reading two such letters as the above, should be encouraged to try this wonderfully helpful remedy.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.
