## STATE CAPITAL CHAT

#### Democrats Spent \$7,425.

Harrisburg Correspondence. The name of C. LaRue Munson, who was the leading candidate for the Democratic nomination for Governor before he withdrew on the eve of the Allentown convention, is listed on the campaign expense account of the Democratic State Committee, which was filed here as contributing \$500. Munson's name heads the list

to show in what part of the campaign he made it. The name of Colonel J. M. Guffey does not appear for the first time in years.

The Democracy received \$7,749, which was contributed as follows:

J. K. P. Hall, Ridgway, \$2,000. Senator George M. Dimeling, ex-

State Chairman, Clearfield, \$1,250. William J. Brennan, Pittsburg, \$1,100.

State Chairman Arthur G. DeWalt, \$1,000.

C. LaRue Munson, Williamsport; George Simons, St. Mary's, and Representative John M. Flynn, Ridgway, each \$500.

John Dimeling, Clearfield, \$250. Senator J. H. Cochran, Williams-port; William Kaul, H. C. Mulhern and F. A. Kaul, St. Mary's; William Gills and H. J. Mackrel, Ridgway, each \$100.

A. B. Geary, Allentown, \$25. W. K. Myers, Division Chairman, Harrisburg, \$24.

The expenditures were 57,425, of which \$1,250 went for poll books and \$1,035 for printing, the rest of the money, except \$324, being spent for bills and for meetings, as well as \$53.25 of unpaid bills of 1909.

#### . . . Much River Coal Dredging.

The growth of the river dredged coal industry, now recognized as one of the important river occupations along the Susquehanna and Schuylkill Rivers, with Harrisburg and Reading centers, is shown by a report made by John L. Rockey, chief of the State Bureau of Industrial Statistics.

The report covers the observations made last year and shows eleven plants maintained by rivermen along the Susquehanna and seven along the Schuylkill.

The capital invested is shown to have been \$57,850, against \$45,700 the year before, while the tonnage recovered from the bottoms of the river aggregate 61,337 tons, against

### BABY'S SCALP CRUSTED

"Our little daughter, when three months old, began to break out on the head and we had the best doctors to treat her, but they did not do her any good. They said she had eczema. Her scalp was a solid scale all over. The burning and itching was so severe that she could not rest, day or night. We had about given up all hopes when we read of the Cuticura Remedies. We at once got a cake of Cuticura Soap, a box of Cuticura Ointment and one bottle of Cuticura Resolvent, and followed directions carefully. After the first dose of the Cuticura Resolvent, we used the Cuticura Soap freely and applied the Cuticura Ointment. Then she began to improve rapidly and in two weeks the scale came off her head and new hair began to grow. In a very short time she was well. She is now sixteen years of age and a picture of health. We used the Cuticura Remedies about five weeks, regularly, and then we could not tell she had been affected by the disease. We used no other treatment after we found out what the Cuticura Remedies would do for her. J. Fish and Ella M.

Bradstreet's says:

Favorable central features in this week's trade reports comprehend better distribution at retail, due to cool weather; somewhat larger filling-in orders for which the advance of the season and light buying by retailersearlier in the year are responsible; the realization of cheaper meat supplies, at least as regards wholesale prices; firmer feeling in pig iron and increased business in holiday goods. Groceries, seasonable lines of hardware and winter wearing apparel show most activity. However, there is considerable room for improve-

ment in retail distribution, which is still affected by the prevalence of open weather in parts of the country and which has been slow in expanding, owing probably to the high level of prices that has prevailed for sometime past. There is more doing on spring account, but business in this respect is still marked by conservatism, and buyers in many lines seem disposed to hold off because prices are not to their liking. On the other hand, first hands display no particular anxiety to book

heavily ahead because of the high level of raw materials; the difference between which and the selling prices of the manufactured article leave little room for profit.

Collections range from fair to good.

old farmers who couldn't be thankful if they tried.

"I said to such an old fellow as he conducted me over his farm on a golden autumn afternoon and showed me a record harvest:

"'Well, sir, this year, at least, you've got nothing, nothing whatever to complain of.'

"'I don't know about that, bishop,' he answered, with a shake of the head. 'I'm afraid there'll be no spoilt hay for the young calves.'"

# Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves
