## LIVE STATE CAPITAL NEWS

Notes That Are of Interest to Pennsylvanians.

**Brief Mention of Matters as They Occur at Harrisburg, Official and Otherwise.**

Harrisburg Correspondence.

**State's Fiscal Year Ends.**  
At the close of the fiscal year the statement issued by the State Treasury shows that the receipts during the twelve months just ended were \$28,964,424.43, or \$154,759.27 less than in the fiscal year of 1909. The payments during the year amounted to \$27,657,39.88, an excess of receipts over expenditures of \$1,289,024.55. In 1909 the receipts amounted to \$29,101,183.70, including \$1,355,991.33 delinquent tax, and the payments to \$30,021,775.57, an excess of payments over receipts of \$920,589.87.

The bulk of the receipts this year came from capital stock tax, which yielded \$9,531,891.29, personal property tax being second, with \$4,469,834.37, while State tax on corporate loans was third, with \$2,238,845.72. Collateral inheritance tax brought in \$1,739,852.73.

The balance in the Treasury at the close of the fiscal year amounted to \$9,909,039.34, of which \$7,468,182.36 was in the general fund and the balance in the sinking fund. The balance at the close of last fiscal year was \$8,620,014.79.

**State Business Up To Date.**

For the first time in several years there are no accounts in the State Treasury more than thirty days overdue and the financial business of the Commonwealth is being conducted like a bank. This is the result of the energetic methods of State Treasurer Charles F. Wright, who was appointed by Governor Stuart to the office, and has brought the business thoroughly up to date.

Among the last of the accounts collected were a number for money due the Commonwealth by townships and boroughs for highway construction, some of them dating back years and which have been the subject of considerable correspondence. In a number of instances it has been necessary to hold up money to the credit of counties, but collections have been made.

**Little Weevil Damage.**

Pennsylvania alfalfa has suffered but little from the weevil, which has been reported from a number of the States, according to A. L. Martin, Deputy Secretary of Agriculture.

"This State has been raising a large amount of alfalfa lately; in fact, it has been growing it on a remarkable scale and the planting has been at a rapidly increasing rate," said he, "but the farmers have been very fortunate. Some of them have secured three good crops and it has been free from pests. Only a few isolated cases of weevil were reported."

**Factory Holiday Hours.**

Chief Factory Inspector John C. Delaney has issued orders to deputy factory inspectors to call attention of mercantile establishments to the provisions of the State law relative to the hours of work of employees during the holiday season, so that "the law will be kept intact" and at the same time "meet the extraordinary demands of the holiday season."

He likewise directs the deputies to cooperate with the educational authorities in reporting names of all minors of school age who are dismissed from employment after the holiday season.

**State Trolley Men Elected.**

The State Street Railway Association elected these officers at the annual meeting:

President, C. O. Kruger, Philadelphia; Vice-President, E. E. Davis, Williamsport; Treasurer, W. H. Lanus, York; Secretary, H. M. Stine, Harrisburg. Executive Committee, Frank B. Musser, Harrisburg; H. R. Fehr, Easton; Walter A. Rieg, Reading, and R. P. Stevens, Allentown.

**Cave Serves as Their School.**

The mystery surrounding the absence of a band of boys from school was solved when Truant Officer Swartz located them in a cave. The boys had been gathering there along the river every day, going home for meals and taking books with them. They were put under arrest.

**Seek "Legislative Journal" Bids.**

New bids for the printing of the "Legislative Journal" will be asked by Superintendent of Public Printing A. N. Pomeroy on advice of Attorney General M. Hampton Todd. The State received no bids for the contract when it was advertised recently. The prices were then declared to be too low. The new bids will be asked on a basis of 50 cents per thousand ems composition and \$1 per token of each sixteen pages of press work.

## COMMERCIAL

Weekly Review of Trade and Market Reports.

R. G. Dun & Co.'s Weekly Review of Trade says:

"Business moves along lines of safety, the absence of speculation making the situation appear duller than it actually is. The volume of transactions, although by no means as large as it might be if expanded to fullspeed limits, is nevertheless sufficiently large to keep the great body of workmen occupied, so that the average of prosperity is fair."

"Buying of equipment by the railroads develops slowly, yet considerable new business is in sight and a generally more hopeful feeling prevails in iron and steel."

Bradstreet's says: "Demand for holiday goods is becoming more prominent, and developments in this respect are responsible for whatever expansion has occurred in trade this week. Novelties, jewelry and such articles are in good request and the consensus of reports indicates that trade is in excess of last year."

"Business failures in the United States for the week ended November 24 were 212, against 248 last week, 217 in the like week of 1909, 193 in 1908, 258 in 1907 and 174 in 1906."

## RED CROSS SEAL IN HISTORY

First Used During the American Civil War—Now an Aid in Fighting Tuberculosis.

Red Cross Christmas seals date back in their origin to "charity stamps," first used for the soldiers' relief funds in Boston in 1862, during the Civil War. After the war, this method of raising money was discontinued in this country for a generation, although it found vogue in Portugal, Switzerland, Australia, France, Spain, Denmark, Norway, Russia, Sweden and other European countries. There are now several hundred different types of charity stamps used in all parts of the world.

Stamps or seals were first used to get money for the anti-tuberculosis crusade in Norway and Sweden in 1904. After being used in these countries for three years, as a direct result of the interest of Jacob Rills in this movement, the Delaware Anti-Tuberculosis association, headed by Miss Emily P. Bissell, and the Red Cross society of Delaware combined in issuing a tuberculosis stamp. So successful was this campaign that nearly \$2,000 was realized, and the next year, in 1908, the American Red Cross was induced to issue a national Red Cross tuberculosis stamp. From this sale, \$135,000 was realized, that amount being almost doubled in 1909.

This year, for the first time, the sale is organized on a comprehensive basis, taking in all parts of the United States. A million for tuberculosis work is confidently expected.
