Weekly Review of Trade and Market Reports.

Bradstreet's says: "Trade undercurrents are running a little more freely in consonance with the progress of the season, but the improvement is neither widespread nor marked. While the larger centers report that salesmen are sending in better orders for dry goods and kindred lines, less important cities, with a few exceptions, principally in the South, agree that trade is not better than fair to good. At the moment jobbers are busy on early spring shipments, and wholesale trade has not as yet assumed an active appearance. In fact, buyers are still displaying a conservative attitude, preferring apparently to buy frequently rather than in large volume at any one time."

"In industrial lines little in the way of improvement has developed. On the one hand there is a better demand for lumber at Southern points; fertilizers are active; farm machinery is in good request and builders' hardware is in demand, but profits in this line are scanty."

"Business failures in the United States for the week were 302, against 353 last week, 275 in the like week of 1910, 307 in 1909, 408 in 1908 and 252 in 1907."

"Wheat, including flour, exports from the United States and Canada for the week aggregate 2,527,591 bushels, against 2,582,596 last week and 2,034,746 this week last year."

ECZEMA GONE, BOILS CURED

"My son was about three weeks old when I noticed a breaking-out on his cheeks, from which a watery substance oozed. A short time after, his arms, shoulders and breast broke out also, and in a few days became a solid scab. I became alarmed, and called our family physician, who at once pronounced the disease eczema. The little fellow was under his treatment for about three months. By the end of that time, he seemed no better. I became discouraged, and as I had read the advertisements of Cuticura Remedies and testimonials of a great many people who had used them with wonderful success, I dropped the doctor's treatment, and commenced the use of Cuticura Soap and Ointment, and in a few days noticed a marked change. The eruption on his cheeks was almost healed, and his shoulders, arms and breast were decidedly better. When he was about seven months old all trace of the eczema was gone."

"During his teething period, his head and face were broken out in boils which I cured with Cuticura Soap and Ointment. Surely he must have been a great sufferer. During the time of teething and from the time I dropped the doctor's treatment, I used the Cuticura Soap and Cuticura Ointment, nothing else, and when two years old he was the picture of health. His complexion was soft and beautiful, and his head a mass of silky curls. I had been afraid that he would never be well, and I feel that I owe a great deal to the Cuticura Remedies." (Signed) Mrs. Mary W. Ramsey, 224 E. Jackson St., Colorado Springs, Colo., Sept. 24, 1910.

BLAME PHYSICIANS FOR GROWTH OF DOPE HABIT

Druggists Say Prescriptions and Not Patent Medicines the Cause.

New York—Blame for the prevalence and growth of the morphine habit was placed on the shoulders of physicians, who prescribed the drug, at a meeting of druggists here tonight to protest against the recently enacted city ordinance prohibiting the sale at retail of any preparation containing morphine or its salts except upon a doctor's prescription.

The ordinance is aimed primarily at paregoric and at stomach remedies, according to members of the board of health who were instrumental in obtaining its passage. Caswell May, one of the druggists, said he had made a canvass by mail of several sanitariums and the replies convinced him 90 per cent. of the victims of drugs formed the habit as a result of using prescriptions given by physicians and only 8 per cent. from using proprietary medicines.

A Woman's Reason. "Why," asks the inquisitive person, "do you enjoy having some one tell you that you are pretty, when you know you are not? Does it make you believe that you are?" "No," she answers readily. "But it makes me believe that he believes I am."—Judge.

BURDENS LIFTED FROM BAD BACKS

Weary is the back that bears the burden of kidney ills. There's no rest or peace for the man or woman who has a bad back. The distress begins in early morning. You feel lame and not refreshed. It's hard to get out of bed. It hurts to stoop to tie your shoes. All day the ache keeps up. Any sudden movement sends sharp twinges through the back. It is torture to stoop and straighten. At night the sufferer retires to toss and twist and groan. Backache is kidney ache—a throbbing, dull aching in the kidneys. Plasters or liniments won't do. You must get at the cause, inside.

DOAN'S KIDNEY PILLS CURE SICK KIDNEYS

SCREAMED WITH PAIN. Mrs. F. M. Carnrike, 130 Allen St., Rochester, N. Y., says: "My kidneys and bladder were in terrible condition. The pain when passing the kidney secretions was so great as to make me scream. I was treated by a physician without relief and for months I was laid up and did not walk a step. At last I began using Doan's Kidney Pills and all my troubles disappeared. I was so much improved my friends could hardly believe it."

How To Tell When The Kidneys Are Disordered—

Painful Symptoms: Backache, sideache, pains when stooping or lifting, sudden sharp twinges, rheumatic pains, neuralgia, painful, scanty or too frequent urination, dizzy spells, dropsy.

Urinary Symptoms: Discolored or cloudy urine. Urine that contains sediment. Urine that stains the linen. Painful passages. Blood or shreds in the urine. Let a bottle of the morning urine stand for 24 hours. If it shows a cloudy or fleecy setting, or a layer of fine grains, like brick dust, the kidneys are probably disordered.

PHYSICIANS GAVE UP HOPE. Edward Gelston, 82 Wallace St., Bridgeport, Conn., says: "So painful were the kidney secretions that neighbors heard me scream blocks away. I was in different hospitals and had two operations but was finally taken home to die. As a last resort I began taking Doan's Kidney Pills and gained a weight from 134 to 177 1/2 pounds. Doan's Kidney Pills restored me to perfect health."
