

IMMEDIATE EFFECT OF GREAT KIDNEY REMEDY IS SOON REALIZED

According to my experience I do not consider there is anything to equal Dr. Kilmer's Swamp-Root for kidney affection. Twice it relieved me when I was completely helpless.

The last time I was traveling in Texas, when my kidneys became affected, and for ten days I suffered excruciating pain, accompanied with severe chills. Several years previous, having been relieved of a similar attack, I naturally sought relief as before, from Swamp-Root.

After using four of the large size bottles, I was completely restored and went on my way rejoicing and praising Dr. Kilmer's Swamp-Root. This was three years ago, and I have had no indication of the return of the affection.

Yours very truly,

J. C. SMITH, Jr.

Jackson, Tenn.

State of Tennessee

County of Madison

Subscribed and sworn to before me this 13th day of July, 1909.

P. C. STOVALL,
Notary Public

Letter to
Dr. Kilmer & Co.,
Binghamton, N. Y.

Prove What Swamp-Root Will Do For You

Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention this paper. For sale at all drug stores. Price fifty-cent and one-dollar.

The brotherhood of man does mean better wages, but it also means better work.

Drink Garfield Tea at night! It insures normal action of liver, kidneys and bowels.

HER TROUBLE.

She—How's your wife?
He—Her head troubles her a good deal.
She—Neuralgia?
He—No; she wants a new hat.

Always Worrying.

The late John H. Barker of Michigan City, who left a fortune of over \$30,000,000 to his 14-year-old daughter, was strongly opposed to speculation.

"Do not speculate," Mr. Barker once said in an address to young men. "Speculators stand on shaky ground. They know no peace."

Mr. Barker smiled.
"In fact," he said, "a speculator is always worrying about the money market, while his wife is always worrying about the market money."

No Need to Be Good.

A little Shaker Heights girl surprised her parents last week by refusing to be scared into being good. "It's no use telling me Santa Claus won't come, or that the angels will write it down in their book if I'm naughty, mamma," she said. "I might as well tell you that they think up in heaven that I'm dead."

"But why should they think that, dear?"
"Because, I haven't said my prayers for two weeks."—Cleveland Plain Dealer.

TO DRIVE OUT MALARIA AND BUILD UP THE SYSTEM

Take the OLD STANDARD GROSS'S FEVER-FIGHTING CHILL TONIC. You know what you are taking. The formula is plainly printed on every bottle, showing it is simply Quinine and Iron in a tasteless form. The Quinine drives out the malaria and the Iron builds up the system. Sold by all dealers for 25 cents.

Had His Uses.

"You don't make very good music with that instrument," said the innocent bystander to the man behind the bass drum as the band ceased to play.

"No," admitted the drum-pounder; "but I drown a heap of bad."

Mrs. Winslow's Soothing Syrup for Children teething, softens the gums, reduces inflammation, allays pain, cures wind colic, 25c a bottle.

All the world's a stage, and life is the greatest on earth.

ONLY ONE "BROMO QUININE."
That is LAXATIVE BROMO QUININE. Look for the signature of E. W. GROVE. Used the World over to cure a Cold in one day.

Every hear of a pearl being found in a church fair oyster?

The very best advice: take Garfield Tea whenever a laxative is needed.

It sometimes happens that the black sheep of a family is a blonde.

Roots Barks Herbs

That have great medicinal power, are raised to their highest efficiency, for purifying and enriching the blood, as they are combined in Hood's Sarsaparilla.

40-36 testimonials received by actual count in two years. Be sure to take Hood's Sarsaparilla.

Get it today in usual liquid form or chocolate tablets called Sarsatabs.

TRIFLES OF THE WARDROBE

MODES FOR CHILDREN

SPRING GARMENTS FOR YOUNG GIRLS ALREADY SHOWN.

Tendency is Toward Full Ungored Skirts, and Collarless Neck Still Rules—Pretty Little Frock of Gingham or Finer Material.

"Dear me, how soon spring comes!" the shopper thinks as she goes down the street these last days, for there already are the signs in the windows—yards and yards of dainty wash fabrics, with all their various trimmings, in enchanting spring colors. How the window dressers get the un-cut fabrics to look so beautiful—to look so much like flowers and little children—is a mystery to the passer-by. But there is everything folded over and puffed out and twisted this way and that in just the right manner. And when you inquire about prices the obliging shopman tells you, and truthfully, that everything will be dearer by and by, and that many of the lovely patterns now seen will not be reproduced.

Really tiny children are in clover, for their frocks are the simplest, long-bodied affairs, or else Mother Hubbard slips that hang from the shoulders, and at most a pretty yoke or skirt trim these, and as quantity in wash things is now much more considered than quality the very modesty of the baby girl clothes makes it possible to have a greater number of things.

The illustration shows a smart little frock that might be developed from two kinds of gingham or be a much finer affair in a little silk and wool. In the present instance the frock is of a figured challie trimmed with plain silk, and the way the bands are buttoned down over the trimming is a new and smart idea.

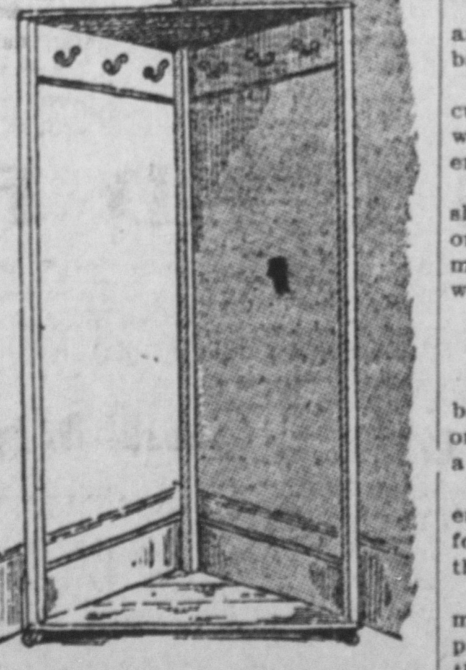

In the way of color combinations for wash materials the main part of this dress might be made of a blue or pink chambray and the trimming part of black and white. Or one part of the dress could be in a plain cotton and the trimming of a figured or striped cotton in the same color. Again, the model is admirably suited to a pretty childish silk, and with this velvet ribbon could be used for the three bands back and front, and chiffon for the skirt border, bust band, sleeve edge and circular collar band. In fact, there are any number of ways of varying the design, the only restriction being that any figured goods must show a small and childish pattern. For a practical dress, too, the belt

MOVEABLE CORNER CUPBOARD

It Has Framework of Wood on Castors So It Can Be Wheeled About for Cleaning.

There are many ways of arranging a cupboard for clothes in the corner of a room, and perhaps the most simple way is to hang a curtain across the corner and cover in the top and then nail boards, furnished with sets of pegs, to the wall on either side.

In our sketch we show a great improvement on this plan, in the shape of a framework of wood, made to fit the corner, and with castors screwed on underneath so that the whole cupboard

board and contents can be easily moved for cleaning and other purposes.

The sketch very clearly illustrates the construction of the woodwork, and any amateur carpenter should be able, without much difficulty, to put it together, or a local carpenter would construct it for very little.

At the top, on either side, sets of pegs are arranged, and it is an easy matter to fasten a brass rail for a curtain to hang in front and entirely inclose the contents.

On the floor of the cupboard there is a nice space for storing boots, shoes, etc., and the roof of the cupboard can also be utilized.

In selecting the material for the curtain, the color should be chosen to match or harmonize with the color of the wall paper.

would be of the goods and the undersleeves of plain lawn or a thin silk. In the way of coats, I would advise the mother who likes the doll quality for her baby daughter's dress to get a pale blue or pink linen or pique for her baby's summer coat and trim it with a coarse white lace. These delicately-tinted wraps, made in the usual sack shape, though with shawl revers that come to the waist, will be very smart, and for the hat the coat material may be used with the head-

piece made after the style of the usual little wash hats with puffed crowns buttoned on to a plain brim.

Spring millinery is shown at this time for children, but the weather is far too unsettled for it to be advisable, unless the hat is of silk and very nearly as warm as the winter one. Many silk hats in the basket and bow shapes liked for young fry are made of a dark silk or satin, with a wide band, finished at the side with a square bow, of a light embroidery.

Mary Dean

HINTS FOR BABY'S BATH

Pine Kitchen Table With Sawed-Off Legs Makes Very Convenient Platform for the Tub.

Buy just an ordinary pine kitchen table fitted with substantial legs and a spacious drawer. The second size should be chosen for our purpose.

A carpenter will readily saw off the legs to a height of 12 inches, for the table is to serve as a platform to elevate the bathtub, when placed upon its top, to just an easy, comfortable height for the mother, when seated in a chair, to manipulate the baby without stooping, lifting or a strain.

In the drawer should be a center place for washings, while the side spaces may be subdivided into several compartments.

These may contain powder boxes and bags, and any other things in baby's toilet.

These spaces provided and the table cut down to the proper height, the whole is in readiness to receive the embellishment of paint.

A coat of ordinary white paint should be applied first, followed with one of enamel. This last will bear many washings off and much wear without showing defacement.

Pretty Opera Bag.

About the simplest possible opera bag is made of a piece of satin, linen or moire, sixteen by seven inches, with a lining of china silk the same size.

Sew bag material and lining together and stitch up the sides. Make slots for the drawstrings, thread silk cord through them, and there you are!

Of course, if you wish to be a little more elaborate, embroidery and hand-painting are in order, and then there are the little pockets inside for powder puffs, mirror, theater tickets, etc. But the bag is certainly most easily made, and a very pretty and dainty one it is.

Nail Varnish.

Take a few lumps of gum benzoin, place in a bottle and cover with alcohol, 95 per cent, cork tightly and let stand for two weeks and shake it well twice daily. Filter through absorbent cotton, color with liquid carmine. Use sufficient alcohol to form a thin liquid. To make liquid carmine, take a half-dram carmine, well powdered in a mortar, add three-quarters dram strong ammonia, work until all is dissolved, then add ten ounces of distilled water. Use enough of this liquid to make the varnish the desired shade. Apply to the finger nails with a small brush.

Alter Bill Passes House.

The House passed by a vote of 144 to 18 the Alter bill extending terms of office of all public officers affected by the constitutional amendments. The bill now goes to the Senate and it is the program to pass it and have the courts pass upon it.

Among the bills reported from committee were those regulating sales and stock; authorizing counties to spend money in cleansing and controlling streams; repealing the act placing care of condemned or abandoned turnpikes on townships so that costs will hereafter fall on counties and creating office of second assistant Attorney General at \$2500 a year.

Senate Passes Bills.

The Senate passed the following bills:
Repealing the act of 1864 increasing the pay of jurors and witnesses in Lancaster county.
Giving the Federal Government jurisdiction over the Hanover public road in Adams county leading to the scene of the cavalry fight in the Civil War.
Repealing the act of 1867 fixing the compensation of commissioners in Bucks county.
Allowing pensions for disabled or incapacitated Judges.
Providing that the death penalty in capital cases shall be inflicted in the two State penitentiaries only.

These bills were reported favorably to the Senate:
House bill fixing the terms of Judges whose terms expire in odd-numbered years.
The McNichol bill prohibiting objectionable plays or moving pictures.
Consolidating the courts of Allegheny county.
Authorizing Supreme Court to make rules of practice for all the courts of record of one kind.
Requiring the counties to pay \$1.50 per day for witnesses committed and held in default of bail by the Commonwealth.
Validating service and return of subpoenas in divorce heretofore made in certain proceedings.
Creating a Board of Trustees for the insane for Schuylkill county.
Repealing act of 1864 relative to pay of jurors in Lancaster county.

Other bills passed were:
Mr. Hoover, Clearfield—Requiring railroads to equip all grade crossings with safety gates, gongs and other safety devices and making failure to do so a misdemeanor, punishable by \$500 fine.
Mr. Rider, Lycoming—Providing for associations of commissioners and supervisors.

To Wipe Out Holiday.

The bill abolishing the former February election day as a legal holiday and making Columbus Day a legal holiday will be signed by Governor Tener as soon as it is returned from the Senate. Some changes in construction of the bill will be necessary, but they will not alter the intent of the measure and it will be signed by the Governor as soon as the changes are made.

Editorial Association Officers.

The State Editorial Association at its final session here elected these officers: President, O. D. Schock, Hamburg; first vice-president, Crombie Allen, Greensburg; second vice-president, George W. Wagenseller, Middleburg; third vice-president, W. P. Hastings, Milton; secretary-treasurer, R. P. Hangood, Bradford City.

The telegraph line from Petropavlovsk via Tsigil and Voroskala to Krugorsk in Kamchatka will be opened shortly.

Fitchville, Ohio.—Mrs. C. Cole.
Philadelphia, Pa.—Mrs. Frank Clark, 2416 E. Chestnut Ave.

These women are only a few of thousands of living witnesses of the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases. Not one of these women ever received compensation in any form for the use of their names in this advertisement—but are willing that we should refer to them because of the good they have done other suffering women to prove that Lydia E. Pinkham's Vegetable Compound is a reliable and honest medicine, and that the statements made in our advertisements regarding its merit are the truth and nothing but the truth.

Some tombstone inscriptions are too good to be true.

Constipation is an avoidable misery—take Garfield Tea, Nature's Herb Laxative.

Revealed.
Knicker—Why do you think the burglar was a married man?
Bocker—Because when I asked him the time of night he said 12 instead of 2.

Cause Enough.
"What's the bearded lady so mad about?" inquired the armless wonder.
"Somebody sent her a catalogue of a safety razor factory," said the living skeleton.—Chicago Tribune.

Taylor's Cherokee Remedy of Sweet Gum and Mullen is Nature's great remedy—Cures Coughs, Colds, Croup and Whooping Cough and all throat and lung troubles. At drug stores, 25c, 50c and \$1.00 per bottle.

In the fulfillment of duty we have a sense of blessedness, even in hours of weariness and simple endurance.—Taylor.

Many people have receding gums. Rub Hamlin's Wizard Oil on gums and stop the decay; chase the disease germs with a mouth wash of a few drops to a spoonful of water.

Reforms come slowly because we all would rather wield the ax than bear the knife.

FOR HEADACHE—MICK'S CAPIDINE
Whether from Colds, Heat, Stomach or Nervous Troubles, Capidine will relieve you. It's most pleasant to take—acts immediately. Try it! 10c, 25c, and 50 cents at drug stores.

Let us make the best of our friends while we have them, for how long we shall keep them is uncertain.—Seneca.

PILES CURED IN 6 TO 14 DAYS
Your druggist will refund money if PAIN-RELEASING Ointment fails to cure any case of itching, burning, bleeding or protruding Piles in 6 to 14 days. 50c.

Too often sermons have too much length and too little depth.—Judge.

Garfield Tea has brought good health to thousands! Unequaled for constipation.

Many men enjoy a dry smoke. Why not a dry drink?

WELCOME WORDS TO WOMEN
Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.—take the advice received and be well.

2 AROUND THE WORLD
TWO GRAND CRUISES of about three and one-half months' duration each. The first to leave New York Nov. 1, 1911, and the second from San Francisco, Feb. 17, 1912, by the large transatlantic steamer "Cleveland" Rates from \$650 Up including All Expenses Aboard and Ashore. Write for Illustrated Booklet HAMBURG-AMERICAN LINE, 41-45 Broadway, New York. P. O. Box 1767.

MOTHER GRAY'S SWEET POWDERS FOR CHILDREN
Relieve Feverishness, Constipation, Colds and correct disorders of the stomach and bowels. Used by Mothers for 25 years. At all Drug stores 25c. Sample mailed FREE. Address A. S. Ormsted, Le Roy, N. Y.

TAKE A DOSE OF PISO'S
THE BEST MEDICINE FOR COUGHS & COLDS

PATENTS Watson E. Coleman, Washington, D.C. books free. High class references. Free results.
