

**PHYSICAL WRECK RESTORED TO HEALTH BY GREAT KIDNEY REMEDY**

Some time ago I began the use of Dr. Kilmer's Swamp-Root with the most remarkable results. For years I was almost a wreck and was a great sufferer. The doctors who treated me made me believe that my great sufferings were due to female trouble. I was so bad at times I would faint away and had sinking spells. Finally a new doctor was called in and he said that I had kidney trouble and gave me medicine, of which I took several bottles. I obtained some relief from this but I was getting weaker all the time. I could not sleep and suffered so much pain that my husband and children had to lift me in and out of bed. After this time two friends sent me word to try Dr. Kilmer's Swamp-Root, which I did, and I am glad to state that the first dose gave me great relief. After taking the third dose I was helped into bed and slept half of the night.

I took several bottles of Swamp-Root and I feel that I owe my life to this wonderful remedy. The two family doctors said that I could not live three months; my urine was in a terrible condition—thick and slimy—and I would have to be helped in and out of bed ten to twenty times every night. After taking Dr. Kilmer's Swamp-Root for two days I was entirely free from getting up and could sleep soundly.

**LOOK OUT FOR SWEDEN'S TEAM**

Everett C. Brown.

"Watch out for Sweden in the Olympic games at Stockholm next year," said Everett Brown, president of the Amateur Athletic Union of America, just before he left Chicago the other day for New York to attend a meeting of some of the United States representatives to the Olympics. "The 'native sons' have gone out for the world's athletic championship with 'blood in their eyes,' and with the training they will have, added to the natural ability they displayed in London in 1908, they are going to cut considerable figure at Stockholm." "I don't want to be accused of lack of patriotism or anything like that because of my statement," continued the president. "My aim is to warn the athletes of this country that they will have to be up and doing every minute of the time if they want to figure at the top in the final count, for Sweden is going to leave nothing undone to turn the trick." "As a starter, the government is back of the movement by which Ernie Hjertberg, former coach of the New York Irish-American Athletic club, has been secured to train the Swedish athletes, and he has been given free rein in his work. At present he is engaged in scouring the entire country for athletes from all stages of life, and every time he lands a man who looks like a 'comer' he puts that individual to work with a promise of a place on the Olympic team if he shows enough class."

**THOMPSON GETS BIG BOOST**

"Cyclone Johnny" Thompson. Athletes representing various colleges soon may battle for honors in the ring as well as on the diamond, gridiron and tennis court. Plans for a boxing league, long in contemplation, were aided when William J. Crombie, physical instructor in the University of Pennsylvania, sent letters to Yale, Princeton, Harvard, Cornell and Columbia suggesting the formation of an intercollegiate boxing association. Pennsylvania has already given attention to boxing. Bouts at the various weights form a big feature of the May Day sports. The bouts are conducted under the amateur rules and never have been marked by one serious accident. Such clever men as Danny Hutchinson, Larry Miller, James Skinner, Livingston Sullivan, T. D. Barclay and E. D. Roseberry competed in the bouts.

**WOULD LIE AWAKE ALL NIGHT WITH ITCHING ECZEMA**

"Ever since I can remember I was a terrible sufferer of eczema and other irritating skin diseases. I would lie awake all night, and my suffering was intolerable. A scaly humor settled on my back, and being but a child, I naturally scratched it. It was a burning, itching sensation, and utterly intolerable, in fact, it was so that I could not possibly forget about it. It did not take long before it spread to my shoulders and arms, and I was almost covered with a mass of raw flesh on account of my scratching it. I was in such a condition that my hands were tied." "A number of physicians were called, but it seemed beyond their medical power and knowledge to cure me. Having tried numerous treatments without deriving any benefit from them, I had given myself up to the mercy of my dreadful malady, but I thought I would take the Cuticura treatment as a last resort. Words cannot express my gratitude to the one who created 'The Cuticura Miracles,' as I have named them, for now I feel as if I never suffered from even a pimple. My disease was routed by Cuticura Soap and Ointment, and I shall never cease praising the wonderful merits they contain. I will never be without them, in fact, I can almost dare any skin diseases to attack me so long as I have Cuticura Remedies in the house. I hope that this letter will give other sufferers an idea of how I suffered, and also hope that they will not pass the 'Cuticura Life Saving Station.'" (Signed) C. Louis Green, 929 Chestnut St., Philadelphia, Pa., Aug. 29, 1910.

Went Swimming at 92. "The Grand Old Man of Highgate Ponds," William McKenzie, long known as "grandfather" by his fellow members of the Highgate Lifebuoys Club, has passed away at his North London home. He was in his ninety-third year.

Up to six weeks ago Mr. McKenzie was bathing in Highgate Ponds, where he had bathed for many years. His unflinching regularity at the age of 92 probably constitutes a record in natation. Until three years ago he joined in the winter lifebuoy bathing sports. His practice was to walk over the two miles from Highbury and back for his swim.—London Chronicle.
