ANY GOOD LIFE INSURANCE company is a safe custodian for your money. But the same discrimination should be used in this as in any other business deal. The question reduces itself to just this: Are you willing to trust to chance in buying life insurance, or will you assure yourself of getting the best to be had. The 20 per cent. Allotment policy of the Royal Union gives more value for the money than any policy you can buy. It is not only the best policy at the price, but the best at any price.
