

WOMAN ESCAPES OPERATION

Was Cured by Lydia E. Pinkham's Vegetable Compound

Elwood, Ind.—"Your remedies cured me and I have only taken six bottles of Lydia E. Pinkham's Vegetable Compound. I was sick three months and could not walk. I suffered all the time. The doctors said I could not get well without an operation, for I could hardly stand the pains in my sides, especially my right one, and down my right leg. I began to feel better when I had taken only one bottle of Compound, but kept on as I was afraid to stop too soon."—Mrs. SADDIE MULLEN, 2728 N. B. St., Elwood, Ind.

Why will women take chances with an operation or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, indigestion, and nervous prostration.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Mrs. Pinkham at Lynn, Mass., for advice. Your letter will be absolutely confidential, and the advice free.

Reckless.
"Pipps doesn't care what he buys on credit."
"No. You would think that every day he lives is his last day on earth."
The Reason.
"I know a woman who never gossips about her neighbors."
"Get up. You don't."
"Yes, I do. She's dumb."

Bold Scribble.
"Ho, hum!" ejaculated honest Farmer Hornbeak, who had encountered in the village newspaper an example of the perversity which the linotype sometimes displays. "The editor of the Plaindealer ain't afraid to speak his mind. He comes right out and says: 'In our opinion the Hon. Thomas Rott has yiddaankzounstottttttt pn mnwww trahahaha hawz zens kibby.' And, by jolly! he says it as if he meant it, too!"—Pack.

Railroading and Dancing.
Stuart C. Leake, who has a lot to do with managing a big railroad in Richmond, Va., is noted as one of the best dancers in the south.
"Where in thunder was Leake?" asked the president of the road next morning.
"Leading a german," said the general manager.
"Which," commented the president, "was a dirty Irish trick."—Popular Magazine.

A FOOD STORY
Makes a Woman of 70 "One in 10,000."

The widow of one of Ohio's most distinguished newspaper editors and a famous leader in politics in his day, says she is 70 years old and a "stronger woman than you will find in ten thousand," and she credits her fine physical condition to the use of Grape-Nuts.

"Many years ago I had a terrible fall which permanently injured my stomach. For years I lived on a preparation of corn starch and milk, but it grew so repugnant to me that I had to give it up. Then I tried, one after another, a dozen different kinds of cereals, but the process of digestion gave me great pain.

"It was not until I began to use Grape-Nuts food three years ago that I found relief. It has proved, with the dear Lord's blessing, a great boon to me. It brought me health and vigor such as I never expected to again enjoy, and in gratitude I never fail to sound its praises." Name given by Postum Co., Battle Creek, Mich.

"There's a Reason."
Look for it in the little book, "The Road to Wellville," to be found in pkgs. Never read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

SPORT ASSOCIATION IS PLAN

Prominent Horsemen After Dinner at New York Recently Want an International Body.

The horsemen's dinner held in New York recently, at which August Belmont announced his intention of giving several valuable stallions to the United States government, probably will lead to the starting of an association of horsemen, binding together more closely such organizations as the Jockey club, the Polo association, the various hunt clubs and the steeplechase committees. As suggested by Harry W. Smith of Worcester, who arranged for the dinner, the organization will be broad, open to all sports of turf and field.

"We plan," he says, "to make it open to sportsmen in the broadest sense of the word, including members both here and abroad. From every foreign country, almost weekly, come gentlemen who are fond of country life and have made a life study of horses, hounds and other animals.

"The provision of entry should be only that the prospective member be a sportsman and a gentleman in his home town. There is no reason for restricting the membership to certain cities, for why should one wait till he takes up a residence in some center of population before he is allowed to mingle with the sportsmen of America? The main thing is to restrict it to sportsmen, for we are really an exclusive class and the true sportsman has a language of his own and a meaning to his words which others can never understand."

LIGHT SULKY FOR TROTTING

Vehicle Invented for Racing Purposes That Takes All of Driver's Weight Off Shafts.

In order to make a sulky that will be very light, and one in which the weight of the driver will be entirely removed from the shafts, an inventor has adopted a bicycle design. The two wheels of the sulky are mounted in tandem, and are supported in a

Bicycle Trotting Sulky.

frame of the bicycle type, which is not only very light, but is also very strong. The shafts of the sulky are connected to the steering post of the front wheel of the bicycle, so that the wheel will follow the horse around curves and sharp turns. The tractive effort required with a vehicle of this sort will be practically negligible.

GOSSIP OF SPORTDOM

Manager Duffy of the White Sox says he believes the "can't come back" theory is all nonsense.

The season of consistency! Doc Roller says the too hold should be barred, but keeps right on using it.

Addie Jones' arm is in a plaster cast again. Cleveland baseball stock for 1911 has slumped 30 per cent.

Thirty-three "John Smiths" were arrested at a cock fight in Pittsburg. Maybe they will "get together" after this.

Kid McCoy punched Jack O'Brien in the nose and also in the eye in a private workout, and now there is a big ado about it in Philadelphia.

"Knockout" Brown of New York has had 80 battles in the ring and lost only one. He has scored 24 knockouts.

Jack Curley says he has lost all hope of matching "Hack" and Gutch. Both grapplers are training to be in shape if anything "drops," just the same.

Tommy Ryan, too, wants to take a punch at that old fallacy so often heard that a fellow can't come back. Maybe Tommy never "went back" at that.

Harry Lord of the White Sox has paid a glowing tribute to Hal Chase as a prospective manager. It is now up to Hal to tell what a good third sacker Harry is.

Those western college golf players, who kindly formed a western organization, might stage a match between Chick Evans and Paul Hunter, and save a lot of expense on preliminaries.

Mathewson and Chief Myers are battling about 128 on the road, but their average is expected to pick up about April 12, when they start doing a little "playing" for the entertainment of the New York baseball fans.

Hal Chase will give Birdie Cree a chance on his infield this coming season. Cree was a wonder in the outfield last season, and Chase wants to keep him in the game for his hitting and base running again this year.

Davy Jones is the greatest comeback in the American league. The Chicago Nationals passed him up several years ago and sent him to the minors. Detroit then took him up and Davy was a member of three championship teams and is still a star base runner.

President Murphy does not stand alone in his belief that the coacher at third base should be compelled to remain in the box and refrain from assisting the base runners who overrun the bag. Clark Griffith of the Reds entertains the same notion and wants Murphy to make a fight to have his suggestion incorporated in the rules.

Richards Badger Coach?
It was rumored around the campus Saturday night that one of the men that is being considered for football coach for 1911 is John Richards, the former Badger track and football star of the '90s.

Richards has had considerable success with his teams in the west and is at the present time principal of the Butte, Mont., high school.

HAS MADE TOWN OF SAPULPA FAMOUS

Carl Morris, Heavyweight Fighter.

There is an old saying to the effect that "Every cock fights best in his own back yard," which appears to carry considerable weight with one Carl Morris, the Oklahoma "hope," who has been giving spectacular exhibitions of pugilistic pyrotechnics around his native state. In other words, Morris has deftly avoided the lure of every promoter of fist events who has tried to sign him up for fights outside of his own ballfield, says the Kansas City Star. Carl's manager announces that the state in question where Morris has won all his battles up to date will continue to be the sphere of the big chap's scrapping activities for some time to come. Sapulpa people are proud of Morris, and well they may be, for since the new "hope" appeared on the scene persons who were never aware of the existence of such a burg on the map now speak of it in familiar accents. Morris probably knows his own business best and his assertion that he can get as high as \$12,000 for a purse in the native diggings whenever he wants to fight is a reasonably good argument why he should remain at home and force challengers to come to him.

NEWPORT TENNIS DATES SET

All-Comers' Championship to Begin There on August 21—Players to Be Sent to Australia.

Monday, August 21, is the date selected for all-comers' championship tennis tournament opening at Newport. Though the 1911 contest will be played on the Casino courts, as it has been for the last forty years, another movement is on foot to take the annual event to Philadelphia next year. Newport won only after a bitter struggle and the opposition to the fashionable watering place will be united next year under Karl Behr and Lyle E. Mahan.

In the National Lawn Tennis association meeting Dr. Phillip B. Hawk carried a motion that the three best players available be sent to Australia in quest of the Davis International challenge cup. The details were left to a committee to be appointed. The proposed dual matches with England were turned over to the executive committee.

The delegates also decided to place a penalty on any prearrangement of the draw:

"Infraction of the rule requiring a random draw renders a club or other organization liable to loss of their tournament the following years, except that in competitions between nations, states, cities, clubs and similar bodies, where the competition is between such bodies and not between players as individuals, players may be placed in such manner as may be agreed upon by the management of the competitions."

Madden Backs Soprano.
Proposing a big sweepstakes race, which will bring together some of the best trotters in training next season, John E. Madden the other day threw down the gauntlet in behalf of Soprano (2:07 1/4) by posting his check for \$500 to bind a race for \$1,000 a corner, open to all trotters, except Uhlman (1:58 1/2) and The Harvester (2:01).

The race is to be trotted over the track that will add most money to the stakes. Mr. Madden's stipulation is for mile heats, best three in five.

Horsemen regard the deft as being aimed especially at Joan (2:04 1/4), holder of the world's record for four-year-olds.

Yield to English Polo Players.
W. A. Hazard, secretary of the National Polo association, has cabled to the Hurlingham club of England accepting the conditions of that club that if an international match was desired this year it should be played prior to June 10. Mr. Hazard suggested May 31 and June 3 and 7 as the dates for the games. It is believed this removes the last obstacle in the arrangement of the international match.

Manager McGraw of New York Giants Tells Pitcher Marquard to Give Pittsburger "Anything."

"The giants have signals of their own, and not a team has ever even come near to getting onto them," said "Rube" Marquard, Giant pitcher. "We tell what's coming off in so many words, too.

"The old style of lifting caps, tugging at belts, standing on one foot, and then the other, and gripping the bat is obsolete with us. We use the mute language which Dummy Taylor taught us when he was with the team.

Manager McGraw has shortened the sign talk to letters for quick work. When he wants the hit-and-run played he flashes H-R from the coaching line. L means delayed steal, and so on. The other teams know what we use, but the Giants are so speedy no other players can catch on.

"I was up against it the first time I faced Hans Wagner. I looked at McGraw on the bench. He flashed back A. Hans hit a high fly, which I thought was lucky for me, because I didn't know what ball bothered him. I asked McGraw what a stood for.

"Anything," he replied. "That Dutchman has hit every kind of a ball a mile. Just give him anything and trust to luck and the fielders."

GRAND VOYAGE TO THE POLE.

EYES WOULD BURN AND STING

"It is just a year ago that my sister came over here to us. She had been here only a few weeks when her eyes began to be red, and to burn and sting as if she had sand in them. Then we used all of the home remedies. She washed her eyes with salt water, used hot tea to bathe them with, and banded them over night with tea leaves, but all to no purpose. She went to the drug store and got some salve, but she grew constantly worse. She was scarcely able to look in the light. At last she decided to go to a doctor, because she could hardly work any more. The doctor said it was a very severe disease, and if she did not follow his orders closely she might lose her eyesight. He made her eyes burn and applied electricity to them, and gave her various ointments. In the two and a half or three months that she went to the doctor, we could see very little improvement.

"Then we had read so much how people had been helped by Cuticura that we thought we would try it, and we cannot be thankful enough that we used it. My sister used the Cuticura Pills for purifying the blood, bathed only with Cuticura Soap, and at night after washing, she anointed her eyes very gently on the outside with the Cuticura Ointment. In one week, the swelling was entirely gone from the eyes, and after a month there was no longer any mucus or watering of the eyes. She could already see better, and in six weeks she was cured." (Signed) Mrs. Julia Cseploska, 2005 Utah St., St. Louis, Mo., Aug. 25, 1910.

A Good Samaritan.
"Once, when I was ill, he gave me a punch in the stomach."

"I don't see why you should be grateful for that."

"It was a milk punch. They strengthen, you know."
