SPINSTER LOSES HER TEETH

Go Astray in Mails and Lady Puts it
Up to the Postmaster
General.

A Jersey spinster entrusted her
false teeth to the mails, and they went
astray. Postmaster General Hitchcock
received the following appeal from her:

"Dear Sir—I suppose you have re-
ceived a note from the Camden post-
master that the upper plates of my
teeth have been lost in the mails. They
were mailed at Camden on January 1.
I should like very much to hear from
you. If you are unfortunate enough to
have lost them, you know how incon-
venient it is to have to do without
them, and I have not had them even
yet. I paid \$35 for them, and I cannot
afford to get any more just now. So
will you kindly do what you can for
me, and as quickly as possible?"

Somewhat Satirical.

A whist enthusiast wrote and pub-
lished a book on the game and sent a
copy to a famous player for his opinion
of it. In about a week the book was
returned to him, with the following
letter:

"My Dear Sir:—Your favor of the
10th instant, accompanied by your
book, was duly received. I have read
it very carefully. It seems to be a
very good game, but I don't think it
is as good a game as whist!"

Severe Critic.

Allice—I like Tom immensely and
he's very much the gentleman; but
he does like to talk about himself!
Grace—Yes, dear, your knight hath

COFFEE HEART

Very Plain In Some People.

A great many people go on suffering
from annoying ailments for a long
time before they can get their own
consent to give up the indulgence
from which their troubles arise.

A gentleman in Brooklyn describes
his experience, as follows:
"I became satisfied some months
ago that I owed the palpitation of the
heart from which I suffered almost
daily, to the use of coffee, (I had been
a coffee drinker for 30 years) but I
found it very hard to give up the be-
verage.

"One day I ran across a very sen-
sible and straightforward presenta-
tion of the claims of Postum, and
was so impressed thereby that I con-
cluded to give it a trial.

"My experience with it was un-
satisfactory till I learned how it ought
to be prepared—by thorough boiling
for not less than 15 or 20 minutes.
After I learned that lesson there was
no trouble.

"Postum proved to be a most palat-
able and satisfactory hot beverage,
and I have used it ever since.

"The effect on my health has been
most salutary. The heart palpitation
from which I used to suffer so much,
particularly after breakfast, has dis-
appeared and I never have a return of
it except when I dine or lunch away
from home and drink the old kind of
coffee because Postum is not served.
I find that Postum cheers and invig-
orates while it produces no harmful
stimulation." Name given by Postum
Co., Battle Creek, Mich.

Ten days' trial proves an eye opener
to many.
Read the little book, "The Road to
Wellville," in pkgs. "There's a Rea-
son."

Ever read the above letter? A new
one appears from time to time. They

interest.

FROM THE STATE CAPITAL

Information and Gossip at
Harrisburg.

DOINGS OF THE LEGISLATURE.

Brief Mention of Matters as They
Occur at the State Capital
Official and Other-
wise.

Approves Prison Removal.

Governor Tener signed the Alter-
bill for the removal of the Western
Penitentiary to a new site.

The bill provides that a new loca-
tion containing 1,500 acres in the
western part of the State shall be
purchased, the site to be well adapted
for farming and to be approved by
the governor and attorney general.
The plans for the new institution are
to be prepared by the inspectors of
the penitentiary and approved by the
governor.

The bill places a limit of \$1,250,-
000 on the cost of site and buildings
and an appropriation of \$300,000 is
made available to buy land and pre-
pare plans.

The following bills were also
signed:
Authorizing Valley Forge Park
Commission to administer trust funds
and regulate trolley and other traffic
in its park.

Adding to State Board of Agricul-
ture representatives of State Poultry
Association and State Bee Keepers'
Association.

Fixing annual salary of court
clerks at \$1,200 and stipends at
\$1,000 in counties having between
250,000 and 1,000,000 population.

Providing that counties shall pay
\$1.50 per day to witnesses held in
default of bail.

Authorizing counties containing
between 800,000 and 1,400,000 popu-
lation to investigate flood conditions
Permitting either individual part-
nerships or corporations to be certi-
fied as licensed insurance agents.

Bills Passed in Senate.

These bills finally passed the Sen-
ate:

Authorizing the holding of primary
elections in September in municipal
election years.

House bill authorizing the erection
of work houses jointly by two or
more counties.

Permitting receivers to dispose of
real estate at private sale if the court
is convinced that a better price can
be obtained at private sale than at a
public sale.

Making it unlawful for any person
to employ an apprentice without the
consent of a parent or guardian, pro-
viding that an apprentice shall serve
not less than three nor more than
five years and making it compulsory
for an employer to provide a way for
an apprentice to receive an educa-
tion.

Providing for an appeal from the
judgment of aldermen and justices
of the peace regardless of the amount
in controversy.

House bill preventing the obstruc-
tion of inlet, drains or sewers by
butchers' offal, garbage, dead ani-
mals, lime, cement or other things
that tend to obstruct.

No School to Rule.

The State Board medical bill, pre-
pared by Senator Tustin and intro-
duced in the Senate by Senator Ger-
berich, and said to have the support
of the State Medical Associations, has
been withdrawn and a new measure
suggested by Governor Tener will be
substituted. Senators Gerberich and
Tustin in conference with Governor
Tener agreed upon the provisions of
the new bill. A board of seven mem-
bers to be appointed by the governor
will be composed of the Commis-
sioner of Health, State Superinten-
dent of Public Instruction and five
physicians. One of the latter five
must be named from the allopathic,
homeopathic and eclectic schools and
the remaining two shall not be from
the same school. The language of
the bill applies strictly to the practice
of medicine and surgery and is not
to apply to methods in which drugs
or surgical operations are not em-
ployed. The osteopaths are set forth
in the measure as being without the
jurisdiction and are permitted to
practice under a separate act.

Primary Bill Passed.

The Senate passed finally and sent
to the House the bill providing that
the primary elections in municipal
years shall be held on the last Sat-
urday of September. The vote was
35 to 3. The negative votes were
cast by Heacock, of Montgomery;
Judson, of Washington, and Nulty,
of Philadelphia. There was no discus-
sion.

Against Insurance Pool.

A bill to prevent fire insurance
companies from entering into agree-
ments to regulate rates was intro-
duced in the House by Mr. Sherwood,
Philadelphia. The bill requires an
inquiry to be made annually by the
Insurance Commissioner of com-
panies asking whether they are in
any pools. The penalty for violation
by any official of a company is a
year in prison or fine of from \$500 to
\$1,000.

COMMERCIAL

Weekly Review of Trade and
Market Reports.

Bradstreet's says:

Trade reports do not differ mate-
rially from last week and while in-
dividual lines show some variations,
business as a whole is quiet. For this
the long present caution in buying,
irregular weather conditions, the late
Easter season and the increasing ac-
tivity of the farmers in crop work
are all held responsible. The vol-
ume of house-buying is smaller at
most cities and the returns from trav-
elers on the road are now the chief
source of new business at wholesale.
Jobbers report demand as for some-
time past to be for small lots for
quick shipments. Retail trade for
spring has not yet opened up ac-
tively, owing partly to cool weather.
At some cities price reductions are
still in evidence to move heavy goods.
Clothing is quiet and the shoe trade
could be more active. On the other
hand, the seasonal period helps
building somewhat. Reports from
the leading industries are not ma-
terially changed. The soft coal trade
is dull, reflecting past and present
industrial quiet. Iron and steel show
no progressive gain in activity. Fu-
ture buying is restricted. Railroad
operations are below a year ago,
there are four times as many idle
cars and retrenchment is visible in
reports from repair shops of some
leading lines.

Has Cardinal Gibbons' Approval.
Cardinal Gibbons, the highest au-
thority of the Roman Catholic church
in America, has expressed his ap-
proval of Tuberculosis day, which is
to be observed by the churches of
the United States on or about April
30, and of the general organized an-
tibacterial campaign, according to a
report of an interview made public
by the National Association for the
Study and Prevention of Tubercu-
losis.

The interview was granted by his
eminence to H. Wirt Steele, executive
secretary of the Maryland Associa-
tion for the Prevention and Relief of
Tuberculosis, and Dr. Charles O'Don-
ovan, one of the leading physicians of
Baltimore. The cardinal expressed
his entire sympathy with the plan of
the Tuberculosis day movement and
indorsed the program both of the
Maryland association and of the na-
tional association.

**BETTER TEETH
FEWER DENTIST'S BILLS**

Your teeth decay because particles
of food get into crevices between and
around the teeth and create germs
of decay. Ordinary tooth powders
and washes are entirely inadequate
to prevent it.

Try Paxtine Toilet Antiseptic, a deli-
cious, harmless germicide. Just a
little in a glass of water, and rinse the
mouth and brush the teeth thoroughly.
It will whiten the teeth, prevent
and remove tartar, destroy all germs
of decay and save you dentist's bills.

Paxtine thoroughly cleanses, de-
odorizes and keeps pure and odorless
false teeth and bridgework. Paxtine
is far superior to liquid antiseptics
and peroxide for all toilet and hy-
gienic uses. At Druggists 25 and 50c,
or sent postpaid upon receipt of price
by The Paxton Toilet Co., Boston,
Mass. Send for a free sample.

Comparison.
"What do you think of the idea of
an extra session of congress?"
"Well," replied Farmer Cornstossel,
"some extra sessions is like some ex-
try newspapers. They ain't enough in

Gentle Hint.
He (after silence)—I'll soon have to
