I. O. O. F., No. 567, Will Celebrate Anniversary July 4th by Holding Picnic.

DEATHS.

On Saturday Alfred Porter Hosterman died at his home at Centre Hill after a brief illness of pneumonia. He would have been seventy years old had he lived until the sixth of July. Interment was made at Centre Hall, Rev. B. F. Bieber pastor of the Lutheran charge officiating.
 Mr. Hosterman was born at Fiedler, and was the son of Judge John Hosterman. He followed farming as an occupation, and about forty-five years ago moved into the tenement house on the David Hennigh farm, at Indian Lane. Later he and Mrs. Hosterman began farming for themselves, living in various parts of Potter township, finally locating on the farm where he died. Mr. Hosterman was a thorough christian gentleman. He lived his christian professions. He was kind-hearted, and never missed an opportunity to do a Samaritan deed. He was a firm believer in the doctrine as taught in the Lutheran church, and when it was possible for him to do so, he attended the services of that church.
 Mrs. Hosterman, nee Susanna Kremer, died in 1904, but there survive these children: Mrs. J. Frank Smith, Centre Hall; Dr. James Hosterman, Ford City; Thomas Hosterman, from whose home on the Hosterman farm the funeral was held. One daughter, Ella, is deceased. Three brothers, namely, Adam, of Boalsburg; Frank, of Penn Hall, Newton, of Edwardsburg, Michigan, and one sister Mrs. Amanda Haines, of Woodward, also survive.
 Horace D. Crawford, one of Millinburg's best citizens, died at his home on Thompson street, Wednesday morning, June 7, after an illness of several months, aged about sixty-seven years. He was a good christian and a member of the United Evangelical church. His wife and the following children survive: Frank, of Bellefonte; Arthur and Victor, of Philadelphia; Carl, of Nevada; Mrs. Charles Showalter, of Phillipsburg; Mrs. J. T. Strickler, Miss Ruth and Raymond, of Millinburg.

THE HAYING SEASON IS COMING ON

and we present to you a few hay tools and assure you that it will be well worth your while to investigate the merits of them. Special attention is called to the

"GEARLESS" HAY LOADER

Its name describes it—it is gearless, and has no gears to break, clog up, chains and sprockets to break, run off and cause no end of trouble. The long easy stroke delivers the hay whether heavy or light, on the wagon in better condition without chewing it up, without tearing off the leaves, or without threshing out the seed as other loaders do.

The GEARLESS Hay Loader is not the cheapest hay loader you can buy, but it is the best one. They are worth more than is asked for them.

The GEARLESS does its own loading; it pushes the hay well up onto the wagon; it does not need a watchman to keep it from clogging. The Gearless is sold on its merits, because it never fails to perform the work it is sold to do. The Gearless will pick up and load windrows and hay cocks which other machines cannot handle.

The "Lancaster" Side Delivery Hay Rake

In the Lancaster Side Delivery Hay Rake are combined all the good points and avoided all the faults of those that have gone before. It is simple, durable, well made, easily operated.

The Lancaster rake gathers up the hay into a continuous, loose and fluffy windrow, through which the air freely passes.

The Lancaster rake is driven from the main axle; the power is all utilized in the working of the rake, nothing is lost in complicated machinery.

By the use of three sets of raking bars there is obtained slow speed, which is especially desirable in raking clover. The machine will rake clean the shortest blue grass as well as the heaviest timothy and clover.

A Full Line of "Johnston" Haying Machinery

The Johnston Machines are superior to all other haying machines; their strong points are light draft and durability. They have strength where strength is required, but not overweighted.

There is nothing the farmer needs, from a hay rake to a hay loader, from a child's wagon to a heavy farm wagon, from a cart to a carriage, from a fork to a manure spreader, from a hand plow to a reversible Syracuse plow, from an iron rake to the most improved 60-tooth spring harrow, from a step ladder to a 30-foot ladder, everything needed on the farm, you will find at our ware house.

There is some advantage in seeing and handling the tool or implement before you buy.

Difference in favor of 6 per cent. on \$1 per year, \$8.02.

If you are investing \$100 per year, the difference in favor of western securities would be \$802. It is no wonder that the best returns are secured in the
