EXCUSE FOR HIS BLUNDERING

Ideal Waiter, True to the End, Had Been Working Under Pretty Heavy Handicap.

He was an immaculate servant. To watch him serve a salad was to watch an artist at work. To hear his subdued accents was a lesson in the art of voice-production. He never slipped, he never smacked, and his mutton-chop whiskers marked him as one of the old and faithful stock. But one evening, to the surprise of his master, he showed unaccountable signs of nervousness. When the chicken came on, he confused it with the pheasant. He served everything in the wrong order, made blunder after blunder, and put a final touch to his shame by upsetting the salt over the only superstitious member of the party. Then, at last, when the ladies had retired to the drawing room, he touched his master on the shoulder. "I beg your pardon, sir," he said in a respectful undertone, "but could you manage to spare me now? My house is on fire."

STONE IN BLADDER REMOVED IN REMARKABLE WAY

A year and a half ago I was taken with a severe attack of kidney trouble that proved to be such an extent that morphine had to be given me. Was attended by a doctor who pronounced it as stone in the bladder and prescribed Lithia Water. I took Lithia Water and tablets for some time and received no relief from them. I stopped taking medicines for some time and having some Dr. Kilmer's Swamp-Root in the house, I decided to try it and felt much relieved; while taking the second bottle commenced to pass gravel in urine until I had passed in all at least a half a dozen or more and have not suffered the slightest since and in all have taken one bottle and a half and feel very grateful to Dr. Kilmer's Swamp-Root. Yours very truly, H. W. SPINKS, Camp Hill, Ala.

Personally appeared before me this 16th of August, 1909, H. W. Spinks, who subscribed the above statement and made oath that same is true in substance and in fact.

A. B. LEE, Notary Public.

His Instinct.

"I see the family dog slinking out of the room. What's the matter with him?"

"Presence. Presently there will be a tremendous family row on."

"But how did the dog know that?"

"Well, so to speak, his nose is something of a storm scenter."

ALL OVER THE STATE TOLD IN SHORT ORDER

Pottsville.—A swarm of big rats made their appearance in one of the primary school rooms here and created terror, children and teachers jumping on desks and then being obliged to fight off some of the hungry rodents. Several children were slightly bitten before nearby residents were made aware of the unusual disturbance and they came to the rescue with a rat terrier, which spread death among the unwelcome visitors before they could make their escape. Twelve large rats were picked up dead from the floor. The school was dismissed for the day and an investigation is being made of the premises. No trouble with rats had ever been experienced at the school prior to this.

Reading.—Directors of the Poor of Berks county, awarded the contract for furnishing 12 steers, weighing an average of 1,200 pounds each, for consumption by the inmates of the Berks Almshouse to Heber Y. Yost, manager of the farm of George F. Baer, president of the Reading Railroad. The cattle are among the finest stock in the county. The contract price is \$5.50 per 100 pounds. The bid of Mr. Yost was the lowest of half a dozen estimates.

Lewistown.—Wednesday was an important day in the life history of John Hackenbarger and his wife, Sadie. It marked the passage of the seventieth mile stone in both their lives and the retirement of Mr. Hackenbarger, after half a century of active service, under the pension system of the Pennsylvania Railroad Company. He is known as "Uncle Johnny" by railroad men of the Middle Division.

Pittsburg.—Uriah E. Lippincott, former tax collector of Sherraden Borough, before it became a part of this city, was arrested, charged with having embezzled \$6,334.36 during the four years prior to June 8, 1911, and prior to the annexation of the borough. Bail was fixed in the sum of \$7,000 by an alderman. The information was made by Robert G. Robinson, special agent of the city law department.

Easton.—The Easton Transit Company announced an increase of one cent an hour to all motormen and conductors. Fiscal year men get 21 cents; second year, 22 cents; third, 23 cents, and fourth, 24 cents. The entire system is to be equipped with pay-as-you-enter cars. The Northampton Traction Company announced a similar increase in wages.

Mauch Chunk.—Miss Myrtle Manning Monday left her home as usual for the Mauch Chunk Steam Laundry, but failed to return since. She didn't report for work. The mother's heart-broken over the disappearance of her daughter.

Reading.—Mahlon E. Roth, a carpenter, aged 37 years, fell with another workman a distance of 20 feet from a farmhouse at Muhlenberg. Both died and his companion was seriously injured.

Reading.—The body of an unidentified man, about 30 years of age, clothed in a suit of underwear, was found in the Wyomissing Creek, near Shillington. The face was badly discolored. The body was removed to the city morgue.

Robesonia.—Willis Moser, John Mentzer, Jr., and Carl Smith were given a hearing for a hold-up May 2, when they relieved Frank Neff, a teamster of \$146, and were held for court. The three made a confession.

Lewistown.—Edwin Cross, 14 years old, was killed by a slide of sand in a quarry near here. The boy was buried under ten feet of sand and smothered before he could be dug out.

Reading.—Ross Fanus, a Reading Railway brakeman, was killed here. He was caught between two cars and so badly squeezed that his death followed an hour later.

Fire Escape Law.

In an opinion given to Chief Factory Inspector John C. Delaney, William W. Hargest, Deputy Attorney General, decides that the chief should proceed with enforcement of the act of May 3, 1909, regulating fire escapes and other precautions to buildings outside of cities of the first and second classes. This act was upheld by the Supreme Court.

A trial package of Munyon's Paw Paw Pills will be sent free to anyone on request. Address Professor Munyon, 534 & Jefferson Sts., Philadelphia, Pa. If you are in need of medical advice, do not fail to write Professor Munyon. Your communication will be treated in strict confidence, and your case will be diagnosed as carefully as though you had a personal interview.

Munyon's Paw Paw Pills are unlike all other laxatives or cathartics. They coax the liver into activity by gentle methods. They do not scour, they do not grip, they do not weaken, but they do start all the secretions of the liver and stomach in a way that soon puts these organs in a healthy condition and corrects constipation. In my opinion constipation is responsible for most ailments. There are 26 feet of human bowels, which is really a sewer pipe. When this pipe becomes clogged the whole system becomes poisoned, causing biliousness, indigestion and impure blood, which often produce rheumatism and kidney ailments. No woman who suffers with constipation or any liver ailment can expect to have a clear complexion or enjoy good health. If I had my way I would prohibit the sale of nine-tenths of the cathartics that are now being sold for the reason that they soon destroy the lining of the stomach, setting up serious forms of indigestion, and so paralyze the bowels that they refuse to act unless forced by strong purgatives.

Munyon's Paw Paw Pills are a tonic to the stomach, liver and nerves. They invigorate instead of weaken; they enrich the blood instead of impoverish it; they enable the stomach to get all the nourishment from food that is put into it.

These pills contain no calomel, no dope; they are soothing, healing and stimulating. They school the bowels to act without physic.

Regular size bottle, containing 45 pills, 25 cents. Munyon's Laboratory, 534 & Jefferson Sts., Philadelphia.

AN OUTSIDER.

Gwendolyn—She is not going to stop at that resort any longer.

COMES A TIME

When Coffee Shows What It Has Been Doing.

"Of late years coffee has disagreed with me," writes a matron from Rome, N. Y.

"Its lightest punishment being to make me 'loggy' and dizzy, and it seemed to thicken up my blood.

"The heaviest was when it upset my stomach completely, destroying my appetite and making me nervous and irritable, and sent me to my bed. After one of these attacks, in which I nearly lost my life, I concluded to quit the coffee and try Postum.

"It went right to the spot! I found it not only a most palatable and refreshing beverage, but a food as well. "All my ailments, the 'foginess' and dizziness, the unsatisfactory condition of my blood, my nervousness and irritability disappeared in short order and my sorely afflicted stomach began quickly to recover. I began to rebuild and have steadily continued until now. Have a good appetite and am rejoicing in sound health which I owe to the use of Postum." Name given by Postum Co., Battle Creek, Mich.

COMMERCIAL

Weekly Review of Trade and Market Reports.

R. G. Dun & Co.'s weekly review of trade says: "Continued conservatism, combined with growing confidence, appears in trade reports. The fact that one after another of perplexing uncertainties is passing and that crop prospects are increasingly favorable, creates the distinctly better business sentiment prevailing, although curtailment, readjustment of prices and moderate purchases in satisfaction of immediate wants still characterize the actual trade movement. The most active trade movement is at present in exportation to foreign lands, and this constitutes a strong situation. The fact that in Canada business is moving briskly is also a good augury.

"Significant developments in iron and steel are still confined to the matter of prices, and recent events in this respect have tended to accentuate the feeling of uncertainty."

Kissing Breach of Peace.

The better half of a respected citizen of New Jersey recently had the temerity to hale her lord and master before the court on a charge of having kissed her against her will. For this heinous offense this shameless Jersey benedict was bonded over in \$100 bail to keep the peace, and, moreover, was warned by the judge never again to kiss his wife without first obtaining her consent in due form. If he is any kind of a man, probably he will never want to kiss her again.—Washington Herald.
