

THE AARONSBURG REFORMED S. S.

Beautifies Its Room and Holds Fitting Celebration.

The Aaronsburg Reformed Sunday-school very fittingly celebrated the beautifying of their Sunday-school room on last Sunday by appropriate exercises. All the teachers were present. Mrs. W. H. Phillips, superintendent of the Primary department and chairman of the committee in charge of the work, was the first speaker introduced by the superintendent, Mr. W. F. Ziegler. In a very happy mood Mrs. Phillips expressed her delight at the completion of the work, which, she said, was a long felt need, and she paid proper recognition to those who had taken the initiative in the movement. Mrs. Ralph Stover, a past superintendent and an earnest worker and teacher in the school, spoke in a similar spirit. The pastor, the Rev. M. Donat, was then called upon and emphasized the great need of properly adorning the house of the Lord in which reverence for all that is pure and holy should be enshrined. The home, he said, needs more, God, the painter of the landscape and all the panorama of nature which artists imitate, and the nearer the scene as produced in nature the artist can approach, the greater an artist is he, is honored by the adorning of his house, as was the temple of Solomon, which, for its size, was the most costly building ever erected. God himself designed it and no imperfection was allowed therein.

The superintendent followed with a few timely remarks. "A thing of beauty is a joy forever." The Sunday-school room in which the child is trained for service in the church and where lasting impressions are made, requires special attention in material design and adornment as well as in the moral, educational and spiritual equipment of the officers and teachers. The beautiful, the good and the true are inseparable links; what a man is, is written on his countenance. Impressions made upon the child often make or mar a life. The church should foster and reverence all that is beautiful in art and this should be used as a means to teach and inspire perfect ideals of beauty and truth. This is the teaching of scripture. The child learns by seeing and hearing.

The papering was done by A. S. Stover. The entire cost as given by the chairman was somewhat less than \$45.00. The paper is of beautiful design with a bottom section of dark red, the middle section being a dark green followed by a border suggestive of field and stream and blending into lighter shades to the dome.

Festival at Boalsburg.

There will be a festival held in the town Hall, at Boalsburg, Saturday evening, July 15th, for the benefit of the Reformed church. Ice cream, cake and other delicacies will be served. All are invited to come and have a good time.

LOCALS.

W. H. Baird, of Earlstown, is nursing a yearling colt that has symptoms of lockjaw.

Mrs. Alvin S. Meier, accompanied by her children, is a guest at the home of Mr. and Mrs. William McClenahan, in Centre Hall.

A valuable colt belonging to Jonathan Tressler, near Linden Hall, became overcome with heat while in pasture with the dam, and death followed.

Earl M. Grove, who for some years has been connected with the United States Weather Bureau at points in the far west, has been transferred to Chicago. His last point was at Lander, Wyoming.

Mr. and Mrs. Isaac Egloff, of Altoona, are hotel guests. They are accompanied by their twins—boys—two years old and a baby. The boys are attracting considerable attention, being exceptionally lovable youngsters. Mr. Egloff is a salesman for a large notion house in one of the eastern cities.

Mrs. Emanuel Stover, of Berrien Springs, Michigan, is in the east, and last week was the guest of her sister-in-law. Mr. and Mrs. Stover have lived in Michigan for many years. Before her marriage Mrs. Stover was Carolina Crouse, and for some years was a member of the family of John W. Conley. She is now in lower Penna Valley, the former home of her husband.

Rev. W. H. Schuyler left for Auburn, New Jersey, last Monday morning. He expects to attend a summer school of theology held there July 10 to 22. At its close he will go to Clinton and Binghamton, New York, for his vacation. His daughter, M. Eloise started with him, but will go direct to Binghamton and then to Clinton, returning to Centre Hall with her father before resuming her work at Cape May in September.

Miss Joice K. Bible, of Phoenixville, is the guest of Miss Reesie Breen, in Centre Hall, she is daughter of J. R. Bible and a school teacher by profession. For two winters she taught a school at her home, near Phoenixville, with such success that the Phoenixville school board in June elected her to teach the fifth grade in that borough. The primary pupils all fell in love with her, and this no doubt would be the case (with some) were she to teach in the high-school.

Messrs. Weber Brothers this week came to the reader with an advertisement showing the merits of the Syracuse riding plow, the New Idea manure spreader, and the Olds gasoline engine, all perfect machines. The Webers also carry a full line of farming implements and tools used on the farm. If you are in need of wagons, buggies, plows, harrows, etc. go to their warehouse and look their stock over. There is some advantage in being able to see and handle the implements you buy.

The twenty-sixth annual reunion of Lutherans of Central Pennsylvania will be held at Lakemont park, near Altoona, on the 27th inst. The principal speaker will be Dr. W. A. Grandville, the newly elected president of Pennsylvania College, at Gettysburg. Dr. D. H. Bauslin, president of Wilkesburg Theological Seminary at Springfield, Ohio; and Rev. J. J. McDowell, a middle-west missionary secretary, will speak. A chorus of one hundred and fifty girls, now in training, will furnish most of the music.

LOCALS.

Mrs. Irvin Burris and Miss Tillie Keller attended the Assembly of Rebeckahs at Sunbury, on Tuesday.

The Reporter is overcrowded this week. Much local matter already in type must be held over for the next issue.

The early buckberries are quite plentiful. The "House of Lords" on Nittany Mountain is the center of a vast field of bushes loaded with berries.

Mr. and Mrs. G. W. Bradford and Mr. and Mrs. George Potter, of Old Fort, attended the funeral of George Garbrick, at Bellwood, last week.

Sprains require careful treatment. Keep quiet and apply Chamberlain's Lotion freely. It will remove the soreness and quickly restore the parts to a healthy condition. For sale by all dealers.

George Garbrick died at his home at Bellwood, Sunday morning a week, on his eighty-third birthday. He was the father of Mrs. George Potter, near Old Fort, and an uncle of Mrs. George W. Bradford, and also a relative of A. P. Luse. He was a frequent visitor to Centre Hall.

William G. Fisher and family, of Sunbury, visited the old home at Boalsburg last week, making the trip in an auto. At Centre Hall the machine became unruly, and it took all the words in the several languages together with three hours' work to induce the machine to move on.

Mrs. Myra Kerr and son William B. Kerr, of Omaha, Nebraska, started east last week. On their arrival in Chicago they found Mrs. Kerr's daughter, Mrs. Elmer L. Williams, ill with typhoid fever. The mother remained there and is assisting to care for her, and Mr. Kerr came on to Centre Hall, arriving on Monday.

Travelers complain about the roughness of the disputed portion of the pike at the foot of Nittany Mountain. Some definite conclusion should be reached, and the road repaired. The road could be repaired by the borough, and if it could be shown in the future that it is outside the borough limits, the money expended could be recovered. Every effort should be made to avoid both litigation and a suit for damages.

There is no end to the good use cement can be put to on the farm, one of them being the building of watering troughs. The first farmer in this section to construct a watering trough from this material is Frank Gferer, who lives immediately west of Centre Hall. A stone foundation was built and upon this the trough was constructed by H. D. Shlegal, of Spring Mills. The cost was little more than an iron trough of the same dimensions and its usefulness, no doubt, will be much larger.

Never leave home on a journey without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed and can not be obtained when on board the cars or steamships. For sale by all dealers.

CITY POPULATION INCORPORATED.

46.3 Per Cent. of United States Population is Now Living in Town.

The people of the United States are steadily deserting the country and the farm for the turmoil and delights of city and town, according to statistics made public today by the census bureau.

During the last ten years the percentage of people living in cities or other incorporated places of more than 2500 inhabitants increased from 40.5 to 46.3 of the total.

Twenty years ago only 36.1 per cent. of the total population lived in such incorporated places.

In classifying the 1910 census returns the bureau calls that portion of the population in incorporated cities or towns of 2500 or more inhabitants urban, and the remainder rural.

On this basis, in 1910, 42,623,383, or 46.3 per cent. of the total, lived in urban territory, and 49,348,883, or 53.7 per cent. in rural territory.

For summer diarrhoeas in children always give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, and a speedy cure is certain. For sale by all dealers.

DWELLING HOUSE FOR SALE—The undersigned offers for sale the dwelling house adjoining the Penna Valley Banking Company property, on Church street, the property known as Spicher home. The house is in good repair, large and commodious, and well located. For further particulars apply to W. B. MINGLE, Centre Hall, Pa. Jun. 22.14.

WANTED—Local and traveling salesman representing our reliable goods. Any man of good appearance who is not afraid of work can make this a satisfactory and permanent business. Write at once for terms. Outfit free. Territory unlimited. Big money can be made. Apply quick. ALLEN NURSERY CO., Rochester, N. Y. Aug. 20.

A. Kessler's
Annual Mid-summer Sale
Starts Saturday, July 15
Just to get the money quick
10 Days of Wonderful Bargains

There is no need for us to offer lengthy words of praise for our merchandise, for its merits are too well known. We do not need to say that you can save many dollars by taking advantage of this sale. Everybody knows that we do exactly as we advertise.

It's simply a case of too many goods on hand and not enough cash. We must get the cash and get it quickly, so we make it a big object to you to bring us cash.

Buy now when you can save from one-fifth to one-third on all your wearing apparel. Come right away; cut down the high cost of living.

SALE ENDS SATURDAY, JULY 25TH.

A. KESSLER
Department Store
Millheim, Pa.

THERE IS NO PLOW SUPERIOR TO THE SYRACUSE RIDING PLOW

It plows the same depth the whole day long; sticks to the ground in stormy soil; can be handled on rocky hillsides. It leaves no dead furrows to wash; will throw the soil up hill better than any other plow made; it is strong enough to do its work, yet not clumsy. It is made for two or three horses.

NEW IDEA MANURE SPREADER Does its Work To Perfection

There are many of them in use, and every machine is giving satisfaction. The draft is light, yet no other spreader will do the work as well. The wear and tear has been reduced to the minimum in the New Idea.

THE "OLDS" GASOLINE ENGINES

have many superior qualities. The cut here represents the 4-A Hopper Jacket Engine. From the material that enters into it to the smallest detail, the engine is superior in quality. The Olds engines are built in all sizes. Ask for a descriptive catalog.

There is no FARM MACHINE OR IMPLEMENT that we do not handle
