

**THE CENTRE REPORTER.**

THURSDAY, JULY 20, 1911.

**LOCALS**

James From sports a new rubber-tired buggy.

S. P. Hennigh, of Georges Valley, advertises for sale a lot of brood sows and young pigs.

The steam thrasher is on the road. The quality of the wheat being threshed is much below the average.

Messrs. George J. Colledge and Kenneth Kennedy, of Milton, came to Centre Hall Tuesday of last week and for several days were guests of their friend, LeRoy Puff.

While on an outing at Mt. Penn, near Reading, a severe thunderstorm came up, and a son of Dr. Robinson was burned on the spine and arms. The entire party was felled to the floor, but not severely injured. The lightning first struck a tree.

Monday morning, between three and four o'clock, a rain set in and by morning the fall was ninety-five one hundredths of an inch. It was the first rain in three weeks. Corn, potatoes, pastures, etc., have since been smiling.

Mrs. Black, of Derry, stopped with Miss Sara McClenahan, in Centre Hall, for a few days. She is on her way to Mercersburg, her former home. Mrs. Black is the wife of Rev. A. A. Black, formerly pastor of the Boalsburg Reformed church, and of course, visited in that locality.

Miss Anna Stover was at the home of her sister, Mrs. William McClenahan, in Centre Hall, for a week or more, and beginning of this week returned to Altoona where she has been staying for several years. She has been elected to teach one of the Altoona schools at \$56.00 per month.

Farm wagons of every description will be found in our ware houses. Come and look them over. They are made of the best material obtainable, are neatly built and ironed; well painted, and run like a top not like a log—J. H. and S. E. Weber, Centre Hall and Oak Hall Station.

John Foreman, of Altoona was at the home of his parents, Mr. and Mrs. F. A. Foreman, near Centre Hall, the latter part of last week. He is engaged with Sullyman & Co., civil and mining engineers, with headquarters in Altoona, but, of course, much of the time he is in other sections doing work.

The excessive hot and dry weather during the latter part of June and first half of July was the cause of much loss to the apple crop which promised to be a large one. Many apples fell from the trees during the time mentioned, and those remaining are more or less stunted in growth.

Mrs. Mary Noll, of Hammond, Louisiana, and her daughter, Mrs. Benjamin June, of Amite, Louisiana, are north and will remain until October. The former is the sister of Jacob Sprow, west of Centre Hall, who she and her daughter are visiting. On Sunday they were guests of Mrs. McClenahan, in Centre Hall.

The farm house of William Miller, about a mile east of Julian, was totally destroyed by fire. Only Mrs. Miller and her daughter were at home when the fire occurred and they were unable to save any of the contents. Mr. Miller had five hundred dollars insurance on the house and one hundred on the furniture, but this is not half the amount of the loss.

If plowing makes you tired, Mr. Farmer, try a Syracuse riding plow. It will do the work while you rest and you will be ready to do other farm work after the plowing is done. The Syracuse plows better than any other riding or hand plow made. You will believe this after you give the Syracuse a fair trial.—J. H. and S. E. Weber, Centre Hall and Oak Hall Station.

In speaking of Democratic presidential possibilities, Col. William J. Bryan mentions ex-Governor Robert B. Glenn, of North Carolina. Governor Glenn is one of the lecturers who will appear during the coming season in Centre Hall. This is evidence of the high quality of entertainers and lecturers who make up the course managed by the Centre Hall lecture course committee.

Rev. I. Sturges Shultz, who for several years filled appointments in the United Evangelical church, is now a student in Grove City College, in the Pittsburg district, and after he finishes his studies there expects to enter Princeton College, with the view of entering the Presbyterian ministry. He is a son of Rev. J. S. Shultz, who served as pastor on the Centre Hall United Evangelical charge some years ago.

Messrs. Ralph H. and Gross Shook, sons of E. H. Shook, are doing farming in Gregg township that attracts attention. They devote much of their time to breeding Guernsey cattle, and have on their farm registered sires and dams that are a credit to any stock breeder. These young men see enough in the "old farm" to give it their best attention, and are being rewarded financially. In the elaborate book on farming being compiled by the Pennsylvania Railroad Company, will be a number of pictures of cattle and fields on the Shook farm.

**LOCALS.**

J. S. Reish and Mrs. John Lucas, of Centre Hall, went to Philadelphia the latter part of last week to attend the funeral of William J. Eccles, a brother-in-law, on account of whose sad ending appears elsewhere in this issue.

Since the eighteenth of February, fifteen hundred persons were served with meals at the Old Fort hotel by Landlord Edward Royer. Last year 5526 meals were served, but the record made since February indicates an increase of patronage.

Mrs. Shaw, of State College, is spending the time in Centre Hall, while her husband, Prof. C. F. Shaw is overseeing work for the National Agriculture Department, Bureau of Soils, in the northern section of Pennsylvania, and just at this time is in Wayne county.

F. M. Ackerman, of near Spring Mills, a crack grainer and painter, has about completed the interior decorations of the residence of Mrs. Lucy Henney, and is now doing work for H. G. Strohmeier, mention of whose improvements to his dwelling house was made last week.

Dr. George P. Bible, of Philadelphia, has been putting to good use his vacation days from the lecturing platform, and has been assisting Aaron Thomas, the carpenter, in building an addition to dwelling house owned and occupied by his cousin, Miss Annie Bible, on East Church street.

Mr. and Mrs. J. C. Harper, of Bellefonte and their son Clarence Harper, of Lynn, Massachusetts, accompanied by his wife and two children; also Miss Harper and Mrs. Theodore Gordon, were guests of Mr. and Mrs. George H. Emerick, in Centre Hall. The latter Mr. Harper is a graduate from Pennsylvania State College, and is connected with an electrical company at the place named above.

**TOWNSHIP ROAD LAW.**

Several Important Changes Made in the Law Governing Townships.

The new road law applying only to township roads makes some important changes. At the election this fall one supervisor will be elected for four years, his term commencing in December, and at the next election for township officers two supervisors will be elected for four years and so alternately thereafter. The boards organize on the first Monday in December, instead of the first Monday in March, as heretofore, and the law goes into effect in December of this year. The auditors will meet at that time. The provisions as to officers of the board and roadmasters is the same as the present law and their compensation is the same. The township is supposed to receive fifty per cent. of its cash road tax from the state, provided it is not over twenty dollars a mile, but the legislature has again cut the appropriation so that it cannot pay over five dollars a mile. But all of this money must be spent in what is called permanent improvements, according to the directions of the highway department, and does not include ordinary repairs. The taxes are collected by the township collector as at present. The collector receives two per cent. up to June 1st and five per cent. thereafter, same as the present law.

**Pupils Must be Enumerated.**

By the provisions of the school code, school boards of each county shall, between April and September of each year, cause to be made by the attendance officer, teachers or other persons, an enumeration of the school children between six and sixteen years of age. As part of the time allotted to this work has elapsed before the code was signed, and as the enumeration was probably made by the assessors, the state superintendent directs that school directors may, if they desire to avoid the expense of another enumeration and are satisfied with the enumeration already made by the assessors, use the same enrollment instead of making a new one. In case school boards desire to make an enumeration Dr. Schaeffer suggests that the county superintendent be informed as soon as convenient so that the necessary enrollment books may be ordered from the department for each district. Each book has a blank space for three hundred names. If a special enumeration is to be made, secretaries, when informing the county superintendent, should state the number of books needed.

**Happiest Girl in Lincoln.**

A Lincoln, Neb., girl writes: "I had been ailing for some time with chronic constipation, and stomach trouble. I began taking Chamberlain's Stomach and Liver Tablets and in three days I was able to be up and got better right along. I am the proudest girl in Lincoln to find such a good medicine." For sale by all dealers.

For summer diarrhoea in children always give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, and a speedy cure is certain. For sale by all dealers.

**LETTERS FROM SUBSCRIBERS.**

Dear Mr. Smith: Please send my paper, the Reporter, to Crystal City, Missouri, in care of Pittsburg Plate Glass Company.

I am here in charge of this company's lands, consisting of the town of Crystal City and farms of over five hundred acres, the whole belongings being over seven hundred acres. Got my hands full; am busy, but like both the place and the business. It is a fine position.

Yours respectfully,  
J. K. HOSTERMAN.

The weather here has been very dry, and very warm. The thermometer has been as high as 103. I have felt the heat considerably, because during the past three weeks I have been sitting around nursing a sprained ankle. Find enclosed one dollar which will advance my subscription to July, 1912.

MRS. MARY A. NEFF,  
Bethany, Illinois.

**DEATHS.**

Rev. J. J. Jackson, a member of the East Ohio Methodist Conference, died at the home of his son, Homer Jackson, at State College, aged almost eighty-five years. Interment was made at Cambridge, Ohio.

George H. Bower was the second victim of fever in the family of Joseph Bower, near Beech Creek. He was aged twenty-eight years, and was a member of the lodge of Odd Fellows and Red Men.

David Hendershot died at his home at Nittany Furnace, Spring township, aged fifty-one years.
