United Evangelical—Tusseyville, morning; Egg Hill, afternoon; Centre Hall, no service.
Reformed—Harvest Home services, Spring Mills, morning; Tusseyville, afternoon; Centre Hall, evening. Dr. Louis Bobb will officiate.

POLITICAL ANNOUNCEMENTS

RECORDER.

We are authorized to announce that W. Francis Speer, of Bellefonte, is a candidate for the nomination for Recorder by the Democratic party; subject to the primaries on September 30th.

LOCALS

W. H. F. Roseman and Miss Clara Condo, of Spring Mills, spent Monday evening with Mrs. H. W. Kreamer.

Miss Mary L. Campbell, of Linden Hall, September 1st will again go to Annville, Lebanon county, where she will attend high school, this being her third year.

Mrs. Kate R. Marshall and daughter Miss May of Kansas City, Missouri; and Ralph Musser, of Milesburg, were entertained by Mr. and Mrs. D. M. Campbell, at Linden Hall.

During a heavy rain Wednesday afternoon of last week lightning struck the dwelling house occupied by Mr. and Mrs. John Kreamer. It was a light stroke and did little harm.

Last week Mrs. Laura Lee went to Altoona to visit her sister, Mrs. James Herring. If present plans are consummated Mrs. Lee will go on to Pittsburg and there will be joined with another sister, Mrs. John F. Mullen, and the two will go to Kansas to visit Mrs. C. E. Peck, at Sylvan Grove, who is also a sister.

James Decker, of Pine Grove Mills, has again secured the privilege to conduct the boarding house on Grange Park, during the Encampment and Fair. Mr. Decker has been very successful in the business in the past, and no doubt will take the best of care of his patrons during the gathering in September.

J. Emory Hoy is taking a two-weeks' vacation from banking business in Philadelphia, and is spending a portion of the time in Centre Hall, and the remainder at State College, his former home. Mr. Hoy is a cashier at the Belmont Savings and Trust Company, and like all office men enjoys the vacation period to its fullest extent.

A year or more ago J. O. Stover sold A. P. Luse & Son a tract of timber land in the Seven Mountains, and agreed to stock the mill and haul the lumber to Centre Hall. The work of stocking and sawing is now almost completed, and after sixty more thousand feet of timber are delivered here, Mr. Stover thinks his contract will be finished.

William Reijer, the south-side apiarist, was in Centre Hall on Tuesday, having come here to ship a hundred and fifty pounds of honey to distant customers. This is but a part of his crop of the sweets. The bees did not come out of winter quarters in the best of condition, and consequently were not able to do their best when the honey-gathering season came on.

It has often been remarked that the Lock Haven State Normal School has the most attractive location of any other Normal School in the state. It has a fine climate, splendid drainage, and absolutely pure water. Epidemics are practically unknown. Its students come from every section of Pennsylvania and the spirit of the school is progressive and elevating. The fall term begins September 11th. Write for its illustrated catalog.

A little son of Mr. and Mrs. P. H. Luse, of near Centre Hall, had two similar accidents that might have resulted more disastrously. When taking the binder to the field to cut oats, George, who is not three years old, unobserved by those about the machine got his hand in the guards when the knife was being inserted, cutting one of his fingers. When the machine was brought from the field the boy again watched the process of working the knives, and when they were removed one of his tiny fingers was almost severed.

Among the Reporter's callers on Tuesday was Capt. William E. Snyder, who next month will become seventy-eight years of age. He is a veteran of the civil war, having been a member of Company D, 208th Regiment, P. V. I. He thinks he is not quite as nimble as he used to be in 1861, at about which time he came to Centre Hall regularly every morning to help in the building of the house in which W. B. Mingle, Esq., now lives. The house was erected by Rev. Lewis Shaffer, a Dunkard minister. Captain Snyder, however, makes the three miles to his home, on foot, in remarkably good time, considering that he is bordering on eighty.

Encampment an Advertising Medium.

The Reporter has repeatedly called the attention of the local dealers in implements and wares of all kinds of the great benefit offered by the Grange Encampment and Fair as an advertising medium. The De Laval Monthly in its August issue in a number of articles appeals to the agents to take advantage of the gatherings of this character.

Following is one of the arguments put forth by the monthly named:

We fear that many of our agents in the past have not appreciated the importance of making an attractive exhibit at the local fair, nor the advantage of such fairs as business getting and advertising mediums, and we believe that proper representation of all our agents at their local county fairs will greatly advance the interests of both ourselves and our agents. Nobody in this enlightened age questions the value and need of good advertising and there is no other time or event throughout the year that offers the local agents so many opportunities of getting himself and the goods he has to sell so prominently before the majority of the purchasing public.

De Laval agents will do well to remember the good adage:

"He who whispers down a Well,
About the goods he has to sell,
Will never reap the golden dollars,
Like he who climbs a tree and hollers."

Educating the Farmers.

It is a pity that the special appropriation for field work by the State Department of Agriculture, failed of passage during the last days of the session of 1911, while much vicious legislation was being rushed through House and Senate.

But in spite of that failure there are to be during the current fiscal year, six weeks of Movable Farm Schools and four hundred days of Farmers' Institutes in the various agricultural counties of the State.

In the past these Farm schools and Farmers' Institutes have been of great benefit to the farmers, although the Legislature has made no adequate provision for them.

Their success has been largely due to the intelligent and enthusiastic efforts of Deputy Secretary of Agriculture A. L. Martin. Institutes will be held in this county at Centre Hall, Stormstown, and Port Matilda.

In this educational work Mr. Martin has earned the high appreciation of the farmers of the State, and more generous treatment by the Legislature than he has received.

Linden Hall.

Mrs. William McClintic visited friends in Millheim last week.

J. L. Tressler is having concrete walks put down around his farm house.

Don't forget the festival which will be held by the mission band on Saturday evening. All are invited.

The school board had a new porch built to the front of the Rock Hill school house. The contractor was John Gangerich.

Mr. and Mrs. J. M. Ross and Mrs. Bliss Meyer and little daughter Elizabeth are away on a trip to Petersburg, Alexandria and Huntingdon.

Mr. and Mrs. Frank McFarlane entertained Rev. and Mrs. Thompson, of Reedsville, and Rev. Harnish, of Lemont, at dinner last Thursday.

A. P. Wieland, on his way home from a three months' business trip which extended through the Dakotas, Wisconsin, Minnesota and Canada, stopped over night with his brothers before returning to his home in Harrisburg. He was accompanied by his brother, Scott Wieland, of Williamsport.

Sunday morning three automobiles started from this place for Huntingdon. In the first auto were Mr. and Mrs. Robert McClellan, of Linden Hall; Mr. and Mrs. Harry McClellan, of Tusseyville, and Charles McClellan, of Millheim. In the second were Mrs. J. W. Keller and sons Harry and Ned, and Mrs. James Swabb. In the third were Mr. and Mrs. Frank E. Wieland and daughter Edwina, and Miss Maud Miller. The party reached Huntingdon at ten o'clock, and were entertained at the beautiful home of Mr. and Mrs. George Hall, where they were joined by Rev. and Mrs. A. A. Black and Mrs. Peter Weber and daughter Alice. After having partaken of the excellent dinner served by Mrs. Hall, the party drove through the town, taking in the various places of interest. On their return they brought with them Mildred, the little daughter of Mr. and Mrs. F. E. Wieland, who had been spending the week with her cousin, Virginia Hall.

With the exception of a puncture, the trip was made without an accident, although the roads in some places were very much washed by the recent rains. The party arrived home about seven o'clock.

An ordinary case of diarrhoea can, as a rule, be cured by a single dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. This remedy has no superior for bowel complaints. For sale by all dealers.

The regular meeting of the L. T. L. will not be held Saturday evening. The next meeting will be on the evening of the 19th inst.

DWELLING HOUSE FOR SALE—The undersigned offers for sale the dwelling house adjoining the Penna Valley Banking Company property, on Church street, the property known as Spicher home. The house is in good repair, large and commodious, and well located. For further particulars apply to
W. B. MINGLE,
Centre Hall, Pa.
(Jan. 22.11.)

NOTICE—The trustees of Sinking Creek Presbyterian church ask for sealed bids for repairing the wall of the cemetery at Centre Hill, and a covering of concrete slabs to be laid in cement. Wall contains about 825 linear feet. All bids to be in by 10th of August. The right to reject any or all bids is reserved. For further particulars see trustees.
C. M. ARNEY, President
G. O. BENNEK, Secretary

FARM FOR SALE—The undersigned offers at private sale their farm, three-fourths mile north of Tusseyville, containing fifty-six acres, forty-nine of which are clear and under cultivation, the remainder is timbered. A good dwelling house, and out building are on the premises; also good cisterns, and plenty of fruit of all kinds. The property is for sale until September 1st, after which offer to sell is withdrawn.
The reason for selling is on account of the advanced age of the owners. For further particulars apply to the undersigned.

Progressive Farmers
in nearly all localities
are building their farm improvements of cement
They are investing their money in permanent buildings instead of spending it in repairs. Concrete is the ideal building material on the farm as well as in the towns. Concrete sidewalks, troughs, fences, foundations, floors, porches, steps, stable floors, pig pens, chicken houses and corn cribs are rapidly displacing those made of other materials.
Standard grades of PORTLAND CEMENT and lime stone screenings always in stock.

THE WELD THAT HELD
and why

THERE ARE MANY REASONS WHY YOU SHOULD USE THE ONLY ELECTRICALLY WELDED FENCE MADE.

"Pittsburgh Perfect" Fence
FOR FIELD, FARM, RANCH, LAWN and POULTRY PURPOSES

Scientifically constructed and unlike any other; no wraps, clamps, ties or twists. All wires electrically welded makes our fence as strong at the joint as at any other point, which adds years of life to the fence and it makes it superior to any other. Stay same gauge as intermediate line wires, the point that counts for lasting strength and service.

Made of OPEN HEARTH WIRE, near like old time iron wire, conceded far superior to Bessemer Steel, and galvanized by our own improved process.

The Very Best

FRIEND FARMER: If you are in need of a good farm tool, either tillage implement or haying or harvesting machines, it will pay you to look my lines over. I can sell you an implement of first quality for the same price you would pay elsewhere for one of ordinary quality. I don't boost car lots, but I boost QUALITY and can furnish the goods.

BUCHER & GIBBS IMPERIAL PLOWS make friends everywhere used because they are built right from handle to clevis; so also are their spring tooth and spike harrows and land rollers.

THE CAMBRIDGE REVERSIBLE PLOW combines more features of practical utility than any other plow on the market.

THE KRAUS PIVOT-AXLE CULTIVATOR is the I X I of them all. This was the first cultivator making possible simultaneous sidewise movement of the gangs and wheels.

I also handle the **AMERICAN SEEDING MACHINE CO'S SUPERIOR PRODUCT GRAIN DRILLS AND CORN PLANTERS** (the name tells a true story), and the **EVANS POTATO PLANTER**.

THE SUPERIOR CORN PLANTER is stripped of all check-rowing technicalities and is as simple and strong as it is possible to make them. Superior Corn Planters are furnished with both flat and edge drop plates, and both are yours for the one cost. Superior Automatic Marker Lift, either Disc or Runner Furrow Opener.

If you are in need of any implements, step in and let me show you this splendid line.

R. D. FOREMAN, Centre Hall, Pa.
