

Many Here Afflicted With Odd Ailment, Says Prof.

Munyon.

## **GREWSOME CREATURES** VERY COMMON. FINDS EXPERT.

Many people in the United States are afflicted with a queer disease, according to a statement yesterday by Professor James M. Munyon. He made the follow-ing remarkable and rather grewsome statement:

"Many persons who come and write to my headquarters at 53d and Jefferson Sts. Philadelphia, Pa., think they are suffering from a simple stomach trouble, when in reality they are the victims of an entirely different disease—that of tape worm. These tape worms are huge internal parasites, which locate in the upper bowel and consume a large per-centage of the nutriment in undigested food. They sometimes grow to a length of forty to sixty feet. One may have a tape worm for years and never know the cause of his or her ill health. "Persons who are suffering from one

"Persons who are suffering from one of these creatures become nervous, weak and irritable, and tire at the least exertion. The tape worms rob one of am-bition and vitality and strength, but they are rarely fatal.

are rarely fatal. "The victim of this disease is apt to believe that he is suffering from chronic stomach trouble, and doctors for years without relief. This is not the fault of the physicians he consults, for there is no absolute diagnosis that will tell posi-tively that one is not a victim of tape

tively that one is not a victim of tape worm. "The most common symptom of this trouble is an abnormal appetite. At times the person is ravenously hungry and cannot get enough to eat. At other times the very sight of food is loathsome. There is a gnawing, faint sensation at the pit of the stomach, and the victim has headaches, fits of dizziness and nau-sea. He cannot sleep at night and often thinks he is suffering from nervous pros-tration. tration.

"I have a treatment which has had wonderful success in eliminating these great creatures from the system. In the course of its regular action in alding digestion, and ridding the blood, kidneys and liver of impurities it has proven fatal to these great worms. If one has a tape worm, this treatment will, in nine cases out of ten, stupefy and pass it away, but if not, the treatment will rebuild the run-down person, who is probably suffer-ing from stomach trouble and a general anaemic condition. My doctors report marvelous success here with this treat-ment. Fully a dozen persons have passed these worms, but they are naturally reti-cent about discussing them, and of course we cannot violate their confidence by giv-ing their names to the public." "I have a treatment which has had ing their names to the public

Letters addressed to Professor James Munyon, 53d and Jefferson Streets, Philadelpha, Pa., will receive as careful attention as though the patient called in person. Medical advice and consultation absolutely free. Not a penny to pay.

POWER OF HUMAN EYE COMMERCIAL MAY EE GREAT AS COMPOUND LENSES OF THE FLY. Weekly Review of Trade and Market Reports.

Each of the Latter fteflects but a

Small Part of the Image

Looked At.

With the aid of the microscope the

human eye can discern objects whose

diameter is only about one one-hun-

dred-and-eight-thousandth of an inch.

It has been said that the eye of a fly

can distinguish an object one five-

What we designate as the eye of a

fly is really a compound eye made up

of numerous lenses. Of these the com-

mon house fly has something like four

thousand in the two eyes. The struc-

tures of these lenses are well known.

the optical part of each consisting of

two lenses, which combined, form a

That each lens acts as a separate

eye can be easily proved by detaching

the whole of the front of the compound eye, and by manipulation with

a microscope it is not difficult to ex-

amine a photograph of other object

through it. When this is done a dis-

Carpenter has shown that each lens

reflects but a small portion of the

image looked at and that it requires

the combined action of the 4,000

lenses of the fly to produce the same

effect as that seen by the one human

eye. The human eye is therefore a

more perfect optical instrument than

Scientists who have given consider-

able attention to the investigation of

compound eyes have formed no opin-

ion that would lead to the conclusion

that their power of vision with re-

spect to small objects exceeds that of

the simple eyes of the higher animals.

The images of objects formed in the

separate lenses composing the com-

pound eye are proportionately small,

and the question whether insects can

Reason Enough. "What's the matter, old man?" asked the sympathetic friend. "Well," answered the judge, "you see, my wife and I have never been able to get along very well. The relationship has become so unbearable that we both want a divorce."

"I see," answered the friend. "Then why don't you get one?" "Because," answered the judge, sadly, "I have sent all the bogus divorce lawyers to the penitentiary."

ITCHING AND BURNING SKIN

"About three years ago I was attacked with a very severe itching and burning all over my body and finally my skin broke until my body looked like a piece of raw meat. I did believe that I could not stand the torture any longer, while all the time I was using the salve and the wash ordered by my physician without relief. When I was advised to go to a skin specialist I went with no better results. My body was covered with large white scales, with scales on my hands, arms and lower limbs. In about one week my scalp was covered with scales which looked like dandruff but became worse each day until at the end of another week the scales were as large as on a fish. The itch in my head was unbearable. My hair was coming out in combfuls until it looked so bad I was

ashamed to go on the street. "I used tar soap for a shampoo, but it took no effect. At the end of three weeks the back of my head was completely bald. I was a sight when I decided to try the Cuticura Ointment for the hair, and when I saw the wonderful results I decided to try the Classifying Member of Inferior Sex. Cuticura Soap and Ointment on my bcdy. After taking six baths in hot water with plenty of Cuticura Soap, and using three boxes of Cuticura Ointment and one bottle of Cuticura Pills, I was cured. My hair has grown more than an inch in length.

"Before using the Cuticura Soap and Ointment I lost all of my finger nails and my hands were so sore 1 could not put them in water. If I had tried them sooner I would have saved a few hundred dollars." (Signed) Mrs. K. Detlefson, 651 Knickerbocker Ave., Brooklyn, N. Y., Jan. 24, 1911.

Although Cuticura Soap and Ointment are sold everywhere, a sample of each, with 32-page book, will be mailed free on application to "Cuticura," Dept. 16 K. Boston.

# A TERRIBLE EXPERIENCE.

So Weak From Kidney Trouble She Could Not Arise in Bed.

Mrs. H. W. Bowles, 14 Ellis St., Augusta, Ga., says: "Kidney trouble came on me with terrible, burning pains through my back that so weak-

ened me I could scarcely walk. Kidney secretions were filled with sediment, sluggish and very unnatural. I became so helpless I was compelled to take to my bed and could not arise without assist-

ance. I was in de-11, spair as neither doctors nor the various remedies I used helped me in the least. Doan's Kidney Pills helped me immediately and made me a strong, healthy

woman. I have been well ever since." Remember the name-Doan's. For sale by druggists and general storekeepers everywhere. Price 50c. Foster-Milburn Co., Buffalo, N. Y.

#### A Complication.

Bessie found getting well much more tiresome than being sick. She was becoming very impatient about staying indoors and eating soups.

When her aunt asked her how she felt she replied that she was much worse: that the doctor had found something else the matter with her. "Why, what is it?" asked her aunt. "I think the doctor said 'convalesence.''

# **Cement Talk No. 1**

Buyers of Portland cement should remember that there are various brands of Portland etc. cement on the market and that all Portland cement is not the same. Every manufacturer prints on the sacks the name of the brand and the trade mark. If you find the trade mark printed above and the name Universal on the cement sacks, you may know it is the best Portland cement possible to make. Good concrete depends on good workmanship and good materials. Care and experience make for good workmanship. Good sand and gravel or crushed stone are obtainable quite cheaply. With these you may feel absolutely safe, if you use Universal Portland Cement. It is always uniform, of good color, great strength and works easily. If you need cement, use Universal. Most dealers handle Universal. If yours does not, write us.

matter of mere conjecture --- Harper's Weekly.

Decline of the Dachshund.

Many of the species of hounds so popular today are survivors of the time most hunting dogs were taught to "hound" game. Then dogs select ed by reason of their superior speed and powers of endurance were chosen to accompany the hunting parties. Hounds were divided into two classes -those qualified to follow the game by scent and those capable of sighting the quarry a long distance away. All, however, were expected to unite in the running down of the quarry. And so it happens that, in the Teutonic languages, the name of "hound," or "hund," as the Germans have it, was originally used to designate all species of dogs, but came in time to

be applied to hunting dogs only. In later times there came a differentiation with respect to grayhounds, rabbit hounds, bloodhounds, deerhounds,

An interesting case in point is that of the German dachshund, which means "badger hound." The first dogs of this species were employed in the drawing of badgers.

The breed is now too degenerate for tracking such game .-- Harper's Weekly.

### Reputation That Sticks.

Even the leopard stands more chance of being cleansed of his spots than the negro of his reputation in regard to chickens. A philanthropist found for a colored protege a job as driver for a West street merchant, says the New York Times. The negro worked one day, then reported that he had been discharged. The philanthropist telephoned to the merchant.

"Why did Jim Rose lose his job?" he asked. "Wasn't he a good man?"

"So far as I know," said the merchant, "but, you see, you didn't tell me beforehand he was colored, and it happened that the only job I could give him was driving a poultry wagon. I didn't dare trust him with that."

"But, good heavens, man, you didn't suppose he would steal chickens out of a wagon in broad daylight?"

"I'm not supposing anything," said the merchant. "I wasn't going to put him in the way of temptation. What's more, you won't find a man in New York who will allow a chicken wagon to be driven by a negro."

### Lesson on Smiles.

"Pa, who's that man that looks so blue?" "That's the coalman, son."

"And who's the fellow who looks so darned happy?" "You ought to know him-that's the

iceman. "Ain't there nobody that's happy all

the year round?" "Heavens! Haven't you met the gasman yet?"

WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience —a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally need-less, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examina-tion. No alcohol and no habit-forming drugs are found in it. Some unscrup-ulous medicine dealers may offer you a substitute. Don't take it. Don't triffe with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y., --take the advice received and be well.
