

INFLAMMATION AND PAIN

Cured by Lydia E. Pinkham's Vegetable Compound.

Creston, Iowa.—"I was troubled for a long time with inflammation, pains in my side, sick headaches and nervousness. I had taken so many medicines that I was discouraged and thought I would never get well. A friend told me of Lydia E. Pinkham's Vegetable Compound and it restored me to health. I have no more pain, my nerves are stronger and I can do my own work. Lydia E. Pinkham's Vegetable Compound cured me after everything else had failed, and I recommend it to other suffering women."
—Mrs. W.M. SEALS 605 W. Howard St., Creston, Iowa.

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound, which is made exclusively from roots and herbs.

Women who suffer from those distressing ills should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Mrs. Pinkham, at Lynn, Mass. She will treat your letter as strictly confidential. For 20 years she has been helping sick women in this way, free of charge. Don't hesitate—write at once.

WAS IT ABSENT-MINDEDNESS?

Mrs. Nelson—My husband is awfully absent-minded.
Mrs. Bilson—In what way?
Mrs. Nelson—He went fishing yesterday. When he had finished he threw away the fish and brought home the bait.

Avoid Disputation.

The disputatious person never makes a good friend. In friendship, men look for peace and concord and some measure of content. There are enough battles to fight outside, enough jarring and jostling in the street, enough disputing in the market place, enough discord in the workaday world, without having to look for contention in the realm of the inner life also. There, if anywhere, we ask for an end of strife. Friendship is the sanctuary of the heart, and the peace of the sanctuary should brood over it. Its chiefest glory is that the dust and noise of contest are excluded.—Hugh Black.

The Real Thing.

"Say, mister, if you throw three cents up in the air I kin ketch 'em all before they come down every time."
"Humph! That is nothing but a catch-penny scheme."

After a girl has bumped up against a case of unrequited love she begins to dream of a career.

A Large Package Of Enjoyment—Post Toasties

Served with cream, milk or fruit—fresh or cooked.

Crisp, golden-brown bits of white corn—delicious and wholesome—

A flavour that appeals to young and old.

"The Memory Lingers"

Sold by Grocers

Postum Cereal Company, Ltd. Battle Creek, Mich.

LIVE NEWS OF THE STATE

Allentown.—At a meeting here, attended by Robert B. Keller, of Stroudsburg; W. W. Wunder, of Reading; Chief Thomas Rickert, of Easton; James E. Gallagher, of Allentown, acting for George Wehr, of Pittsburgh, and City Treasurer A. L. Reichenbach, the accounts of the State's Firemen's Association were audited. The annual statement of Mr. Reichenbach, who is treasurer of the association, showed that the finances of the State firemen are in excellent condition, with a balance at this time of \$15,205.66, of which \$14,000 is invested in interest-bearing securities. Secretary Wunder reported that to date 1,666 members had paid their dues for this year's State firemen's convention, which is to be held at York, September 5th and 6th.

Pottsville.—While removing the charge from the chaser mill connecting with the Cressona Powder Company, at Cressona, Herbert Schappell, of Cressona, and William Wenrich, of Germantown, nearby, were killed when an explosion occurred in some unaccountable manner. Both bodies were blown from the building and that of Wenrich landed in a mill race, which had to be emptied of its water before it could be recovered. The bodies were badly mangled and burned black. About thirty kegs of powder exploded. Both men were about 30 years of age and men of families. While none of the other buildings connected with the plant was damaged, windows in residences for a mile distant were broken.

Scranton.—Three persons were shot by stray bullets fired by four men in a street duel on Cooney street, Dunmore. The battle was caused by friction between two of the men in the duel over the attention of each other to Angeline Mecca. Angeline was one of the parties injured. She was running to see what was wrong when she was shot in the left leg. The others injured are James Walker, a hotel man, of 524 Cooney street, and Charles Mecca, aged eleven, brother of the girl. Walker was seriously wounded. The men who did the firing are Peter and Joseph Madore, brothers, on one side, and Peter Brash and Raphael Valore on the other. All are young and none of the quartet was injured.

Reading.—Three suits of five thousand dollars each, for personal injuries sustained in the collapse of a grandstand at Lauer's baseball park, the home of the Reading Tri-State team, on July 4, were filed here against Frank P. Lauer, owner of the grounds. A suit for two thousand five hundred dollars was also instituted against Mr. Lauer. The above are said to be the beginning of a series of suits. H. J. Dunn, attorney for Bernard Aal, George S. Welnorth and Miss Anna F. Kane, began suits for them today. William B. Carlton, seeks to recover two thousand five hundred dollars damages.

York.—Cattle are being brought into this State without inspection as required by law, according to a statement made by Dr. W. T. Edwards, of the State Live Stock Sanitary Board. He stated that the regulations for cattle are being constantly violated both in York county and in Maryland, despite the careful watch. Some of the violators from this section are under surveillance, and it is expected that they will shortly be arrested. Diseased cattle are being brought over the Maryland line in York county. Placards have been put up stating requirements of the State law.

Lock Haven.—Between five hundred and six hundred acres of the finest tobacco ever grown in Clinton is now standing in the fields and if no unforeseen thing occurs the growers this year will harvest one of the largest, cleanest and most satisfactory crops ever grown in the county. In taking a tour of the tobacco growing district an expert said that he could not find a single field but what showed the most promising prospects. The leaves are large and the plants sturdy and healthy and the acreage is about equally divided between Havana seed and Connecticut broad leaf.

Wilkes-Barre.—Rolling over in his sleep on his four weeks' old babe, Lester Weaver, of Ferville, was the innocent cause of the infant's death. The child had been placed in bed with its parents when the latter retired and it was not until 11.15 o'clock, when the father awoke, that he discovered that he had rolled over on the babe. A doctor was summoned but it was too late.

Reading.—John Albert, of New York, and Harry Smith, Philadelphia, were arrested here as bogus solicitors. It is alleged that the pair duped hundreds of Reading women by canvassing subscriptions for a dictionary, history and several pictures.

Hollidaysburg.—Mrs. Harry Hyle, wife of a prominent Pennsylvania Railroad telegrapher, made a second and successful attempt at taking her life by inhaling gas. No cause is assigned for the suicide.

LAUGHTER PLEASING TO GOD

Nowhere in Biblical Lore Can There Be Found Intimation of Any Other Idea.

We misjudge and distort the normally human nature of the Saviour when we picture him going through life, as Dante did after he had written his "Inferno," with the shadows of perdition on his brow. We may gravely question when it was that the cross began to darken our Lord's pathway; there is no hint of such a foreboding until we reach the middle of his ministry. From that on there are occasional tokens that he saw Calvary ahead of him, and was at times pressed down with a dreadful sense of the inevitable agony which awaited him at the end. But all this is very far from affording any reasonable ground for the conclusion that he smiled sometimes, but never laughed.

If God did not intend us to laugh, on occasion, why did he endow us with the capacity to laugh, with a sense of the humorous, with the faculty to see and enjoy wit, fun and the absurd side of life; and, furthermore, why did he produce so many things and people to laugh at?—Zion's Herald.

PAINFUL FINGER NAILS CURED

"I have suffered from the same trouble (painful finger nails) at different periods of my life. The first time of its occurrence, perhaps twenty-five years ago, after trying home remedies without getting helped, I asked my doctor to prescribe for me, but it was not for a year or more that my nails and fingers were well. The inflammation and suppuration began at the base of the finger nail. Sometimes it was so painful that I had to use a poultice to induce suppuration. After the pus was discharged the swelling would go down until the next period of inflammation, possibly not more than a week or two afterwards. These frequent inflammations resulted in the loss of the nail.

"Perhaps ten years later, I began again to suffer from the same trouble. Again I tried various remedies, among them a prescription from a doctor of a friend of mine, who had suffered from a like trouble. This seemed to help somewhat for a time, but it was not a permanent cure; next, tried a prescription from my own doctor, but this was so irritating to the sensitive, diseased skin that I could not use it. I began to use Cuticura Soap and Ointment. I had used the Cuticura Ointment previously on my children's scalps with good effect. I did not use the Soap exclusively, but I rubbed the Cuticura Ointment into the base of the nail every night thoroughly, and as often beside as I could. I had not used it but a few weeks before my nails were better, and in a short time they were apparently well. There was no more suppuration, nor inflammation, the nails grew out clean again. One box of Cuticura Ointment was all that I used in effecting a cure. (Signed) Mrs. J. J. Horton, Katonah, N. Y., Apr. 13, 1910. On Sept. 21, Mrs. Horton wrote: "I have had no further return of the trouble with my finger nails." Although Cuticura Soap and Ointment are sold everywhere, a sample of each, with 32-page book, will be mailed free on application to "Cuticura," Dept. 15, L. Boston.

Tuberculosis Patients Neglected.
Out of more than 225 public hospitals for the insane, with a population of fully 150,000, only 70, or less than one-third, make any provision for their tuberculous inmates, and this, too, in spite of the fact that the percentage of deaths from this disease is very high among this class of people. Such is the substance of a statement made recently by the National Association for the Study and Prevention of Tuberculosis. Seventy hospitals in 25 states, providing all told about 3,350 beds for tuberculous insane patients, sums up the provision made for this class of sufferers, although the percentage of deaths from tuberculosis among the insane ranges from 50 to 200 per cent. higher than among the general population.

Why, Willie!

Sunday School Teacher—Yes, Willie, the Lord loves every living creature.
Willie—I'll bet he was never stung by a wasp!—Puck.

SHAKE INTO YOUR SHOES

Allen's Foot-Ease, the antiseptic powder, is the greatest comfort discovery of the age. Allen's Foot-Ease makes tight or new shoes feel easy. It is a certain relief for sweating, callous, swollen, tired, aching feet. Always use it to break in new shoes. Try it today. Sold everywhere, 25 cents. Don't accept any substitute. For FREE trial package, address Allen S. Olmsted, Le Roy, N. Y.

Prepared.

"Gracious, what is all that crepe for?"
"I had a chance to get it at a bargain, and, you know, my husband goes in for flying!"

TO DRIVE OUT MALARIA

AND BUILD UP THE SYSTEM
Take the Old Standard GUYON'S EASTLISH'S CHILL TONIC. You know what you are taking. The formula is plainly printed on every bottle. Shows—It is simply Quinine and Iron in a tasteless form. The Quinine drives out the malaria and the Iron builds up the system. Sold by all dealers for 25 years. Price 10 cents.

An Experiment.

Nurse—What is the matter?
Johnny—The baby is a fake; I threw him on the floor, and he didn't bounce a bit.

FOR COLDS AND GRIP

Hicks' Cough Cure—the best remedy—relieves the aching and feverishness—cures the Colds and restores normal conditions. It's a liquid—effects immediately. 10c, 25c, and 50c. At drug stores.

Many a man who claims to be self-made has a wife who superintended the job.

COMMERCIAL

Weekly Review of Trade and Market Reports.

Bradstreet's says: "Orders for future delivery indicate further moderate improvement in the trade situation, house as well as road sales expanding in fair degree. Many visiting buyers are in the country's leading markets, and those hailing from the cotton-growing sections of the South and Southwest are disposed to purchase quite freely. Talk from buyers in general is optimistic enough, but with purchases on the whole showing that considerable caution prevails.

"Wheat, including flour, exports from the United States and Canada for the week aggregate 2,560,997 bushels, against 3,321,308 last week and 1,226,214 this week last year. Corn exports for the week were 635,781 bushels, against 322,751 last week and 190,671 in 1910."

R. G. Dun & Co.'s weekly review of trade says: "There is further evidence of a feeling of confidence that the autumn will bring a broadening in trade activity, while business now continues to expand moderately. The expansion in the demand for steel products continues very gradual. Strong competition is noted in finished lines wherever important business is in prospect and concessions in prices are reported. Railroad buying is restricted, but conditions in the structural division are more promising, contracts for 16,000 tons of steel for local subway extension having been closed. Pig iron production during July fell below the output for June. An advance of 25 cents has been made in some markets at the South on deliveries extending through the year.
