Dixon Calls Halt On Spitting.

Dr. Samuel Dixon, head of the state health department, requests the authorities in the cities and towns of the state to enforce the anti-spitting law. This law prohibits spitting in public places and has been enforced in a number of towns and cities with excellent results. Spitting in public is responsible for the spread of certain diseases, therefore the health authorities are desirous of putting a stop to the filthy habit.

Prime timothy hay is ready sale in the local market at \$20.00 per ton.

S. S. WORK.

Centre County Should be Listed a Front Line County at the State Convention.

Executive committee of the County Sabbath-school Association is making an effort to have Centre county listed as a "Front Line" county at the State convention to be held at New Castle, October 11, 12 and 13. To accomplish this there must be:

Cradle Rolls in at least fifty per cent of the schools;
Home Departments in at least thirty per cent of the schools; and
Teacher Training Classes, that have taken at least one examination during the year, in at least twenty per cent of the schools.

There are one hundred and seventy schools in the county, which means that to be a Front Line county, Centre must have reported by October 1st:

Eighty-five Cradle Rolls, fifty-four are now reported;
Fifty-one Home Departments, eighty-two reported;
Thirty-four Teacher Training classes, nine reported.

If your Sunday-school has any of these departments and is not reported, you are requested to do so to the proper superintendent, whose name and address is given below:

Cradle Roll Superintendent, Mrs. L. W. Nutall, Philipsburg.
Home Department Superintendent, Rev. I. S. Sessaman, State College.
Teacher Training Class Superintendent, Rev. S. H. Engler, Pleasant Gap.

LOCALS.

Misses Jennie and Ruth Thomas now occupy rooms in the Bank building, and are centrally located.

L. R. Lingle, at Earlstown, very much improved the appearance of his home by adding a large porch.

Judge Harry Alvin Hall, it is presumed, will preside at the special term of court scheduled to open October 30.

A number of members of the local W. C. T. U. attended the county convention of their organization at Bellefonte on Wednesday.

The quarantine for diphtheria has been removed from the home of Rev. J. M. Rearick, at Martinsburg. Paul, the eldest son, is the only member of the family that was afflicted.

Mrs. M. J. Barger and little son Harry, of Tiffin, Ohio, were among relatives in the east, and in company with her sister, Mrs. Edward Lingle, of near Spring Mills, called on the Reporter.

A call has been extended Rev. F. W. Barry, of Bellefonte, to become pastor of the Centre Hall Lutheran charge. The call was the united action of every member of the joint council of the charge. Rev. Barry has several calls in hand at this time and it is not known whether or not he will accept.

Mr. and Mrs. James H. Lohr and daughters, Misses Nellie and Mabel, of Rutledge, came to Centre Hall last week, and were guests of the former's sister, Mrs. Joseph Lutz. Mr. Lohr returned home, but the remainder of the family are visiting in Bellefonte and vicinity.

Dr. George F. Norton and family, who have been in Centre Hall for several months, on Wednesday went to Montgomery, and Saturday will go to Lakemont, on Seven Lakes, New York, where the daughters will attend the Palmer Institute. Mrs. Norton will remain there and board with the children.

Miss Margaret H. Mills, a teacher of Art, and Miss M. D. Toerner, a teacher of History in New York City schools, and her niece Klity Toerner, and Mrs. Chas. A. Hoag and daughter Diantha, were at the Centre Hall hotel. Mrs. Hoag, who when living in Centre Hall, was known as Miss Maggie Doyle, is the wife of architect Charles A. Hoag, who has charge of the interior decorations of the new Grand Central Station in New York City. Misses Mills and Toerner say that Centre Hall is the loveliest summer resort they have ever found and promise to return next summer.

The personal success of those employed by the state as lecturers at Farmers Institutes and orchard demonstrators, etc, is oftentimes questioned, and, sometimes, when definite information is obtained their home surroundings and success as agriculturists, orchardists, or as the case may be, is not at all flattering, which condition tends to detract from the effectiveness of the department under which they serve. From the standard of "from your fruits ye shall be judged," T. C. Foster, the orchard demonstrator for this district, is a credit to the division of Zoology of which Dr. H. A. Surface is the head. Mr. Foster is proprietor of the Ridge Crest Fruit Farm at Winfield Union county. The only peaches to come to the Centre Hall station up to this date this year, came from the fruit farm named. The quality was first class—every peach perfect, and the packages were the latest approved type. Peaches in such packages could be shipped great distances without in the least bruising them. Mr. Foster takes pride in having packages contain just what they are labeled, and his shipping tag informs the consignee that "quality and grade of all products guaranteed."

FARMERS! I do chopping at all times at FOUR CENTS a Bushel—and do it good!

Progressive Farmers

in nearly all localities

are building their farm improvements of cement

They are investing their money in permanent buildings instead of spending it in repairs. Concrete is the ideal building material on the farm as well as in the towns. Concrete sidewalks, troughs, fences, foundations, floors, porches, steps, stable floors, pig pens, chicken houses and corn cribs are rapidly displacing those made of other materials.

Standard grades of PORTLAND CEMENT and lime stone screenings always in stock.
