

MUNYON'S WORK TALK OF CITY

Big Success Shown by Numbers
of Callers at Philadelphia
Headquarters.

LOCAL MAN TELLS OF
REMARKABLE RELIEF
FROM RHEUMATISM
IN YEAR'S TIME.

The apparent success with which Professor James M. Munyon, the world-famous health authority, has been meeting has started much discussion. Every street car brings dozens of callers to his Laboratories at 533 and Jefferson Streets, Philadelphia, Pa., and every mail brings thousands of letters from people inquiring about Munyon's Famous Health Cure. Professor Munyon's corps of expert physicians is kept busy seeing callers and answering the mail. Peculiar to say, these physicians prescribe no medicine at all for 50 per cent of the callers and all inquiries; health hints, health advice and rules for right living are given absolutely free. Medical advice and consultation absolutely free.

Munyon's followers seem to be enormous. Those who believe in his theories seem to think he possesses the most marvelous powers for the healing of all sorts of diseases. Munyon, himself, laughs at this. He says: "The hundreds of cures which you are hearing about every day in Philadelphia are not in any way due to my personal skill. It is my remedies, which represent the combined brains of the greatest medical specialists science has ever known, that are doing the work. I have paid thousands of dollars for a single formula and the exclusive right to manufacture it. I have paid tens of thousands of dollars for others of my various forms of treatment. This is why I get such remarkable results. I have simply bought the best products of the best brains in the world and placed this knowledge within the reach of the general public."

Among Munyon's callers yesterday were many who were enthusiastic in their praise of the man. One of these said: "For six years I suffered with rheumatism. My arms and legs were afflicted so badly that I could hardly walk and I could not raise my arms to my head. The pain was most severe in the back, however, and I was in perfect torture. I tried in many ways to get cured, or even to secure temporary relief, but nothing seemed to help me until I was persuaded by a friend to try Dr. Munyon's Uric Acid Cure. It was the most marvellously acting remedy I ever saw. Within a week the pain had most gone and inside of a month I considered myself entirely cured. I can go out in the worst weather—cold, wet or anything else, and I have not felt any suspicion of a return of the disease. I think that every person who has rheumatism and does not take the Uric Acid Cure is making a great mistake."

The continuous stream of callers and mail that comes to Professor James M. Munyon at his Laboratories at 533 and Jefferson Streets, Philadelphia, Pa., keeps Dr. Munyon and his enormous corps of expert physicians busy.

Write today to Professor James M. Munyon personally, Munyon's Laboratories, 533 and Jefferson Streets, Philadelphia, Pa. Give full particulars in reference to your case. Your inquiry will be held strictly confidential and answered in a plain envelope. You will be given the best medical advice, and asked more questions. Remember there is no charge of any kind for consultation, or medical advice. The only charge Munyon makes is when his physicians prescribe his remedies you pay the retail price. It is immaterial whether you buy from him or from the nearest druggist.

Cautious Supervision.
"I'm afraid my work is going to be complicated," said the new teacher.

"In what way?"
"Mrs. Cumrox was looking through the text book on arithmetic and it occurred to her to suggest that I refrain from teaching her daughter any examples in improper fractions."

Important to Mothers
Examine carefully every bottle of CASTORIA, a safe and sure remedy for infants and children, and see that it bears the *Castor* Signature of *Dr. J. C. Fitcher* In Use For Over 30 Years.
Children Cry for Fletcher's Castoria

His Inspiration.
Wagner told where he got his inspiration.
"It was from the garbage cans being emptied at night," he confessed.

For HEADACHE—Hicks' CAPSIDINE
Whether from Cold, Head, Stomach or Nervous Troubles, Capsidine will relieve you. It's liquid-pleasant to take—acts immediately. Try it. 10c, 25c, and 50 cents at drug stores.

The only way in which a man can have the last word with a woman is to say it over the phone, and then hang up.

The next time you feel that swallowing sensation gargle Hamlin's Wizard Oil immediately with three parts water. It will save you days and perhaps weeks of misery from sore throat.

Many a man doesn't realize that he married an angel until she begins to do the harp act.

Particularly the Ladies.

Not only pleasant and refreshing to the taste, but gently cleansing and sweetening to the system, Syrup of Figs and Elixir of Senna is particularly adapted to ladies and children, and beneficial in all cases in which a wholesome, strengthening and effective laxative should be used. It is perfectly safe at all times and dispels colds, headaches and the pains caused by indigestion and constipation so promptly and effectively that it is the one perfect family laxative which gives satisfaction to all and is recommended by millions of families who have used it and who have personal knowledge of its excellence.

Its wonderful popularity, however, has led unscrupulous dealers to offer imitations which act unsatisfactorily. Therefore, when buying, to get its beneficial effects, always note the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package of the genuine Syrup of Figs and Elixir of Senna.

For sale by all leading druggists. Price 50 cents per bottle.

THE NEWS OF PENNSYLVANIA

Hazleton.—H. M. Heller and Miss Grace Sickles, of Fern Glen, enjoyed the distinction of having been married before the largest crowd ever assembled in Luzerne county for the purpose of witnessing a nuptial ceremony. Fifteen thousand persons paid admission to the Board of Trade building to witness it. The bridegroom is twenty-six years of age, and a miner, while the bride, a miner's daughter, is 22 years old. Rev. S. E. Stofflet, pastor of Emmanuel's Reformed Church, performed the ceremony, while Judges George R. Ferris and Benjamin Jones, of Luzerne county, and a score of aspirants for judgeships and offices of the coming primaries, stood in the vast audience. Hundreds of dollars' worth of presents were showered upon the couple.

Tamaqua.—The annual convention of Sub-District No. 1, of District 7, United Mine Workers of America, was held at Lansford, the body going on record as being opposed to a renewal of the present agreement unless the officers of the union have the right to defend the men and take up grievances with the operators direct. Other resolutions adopted were: Checkoff system, eight-hour work day; increase of wages—30 per cent for out side and 20 per cent for inside men. The officers elected are as follows: President, C. C. Bonner, Tamaqua; vice-president, Mike Sedilk, Lansford; secretary-treasurer, Ned Evans, of Lansford. This district is one of the best organized in the hard coal fields.

Allentown.—Joseph R. Kistler, of Allentown, a sink digging contractor, sixty-six years of age, was killed at Emaus. With his helper, Francis Kromer, he was digging a sink. They had gone down thirty-five feet and started walling up. As Kromer was about to let down the bucket of bricks the rope broke and the heavy bucket fell on Kistler's head, instantly crushing out his life. M. P. Reinhard was lowered by means of the windless and tied a rope around the body to bring it to the top. Kromer three weeks ago told Kistler the rope had a weak spot, but after examining it Kistler said it would be serviceable for some time.

Pittsburg.—Friends of R. M. Gulick, owner of the Lyceum Theater here, have taken steps to have his body exhumed, in order that they may know the cause of his death. Gulick, who was one of the most prominent theatrical managers in country, died here August 13 and was buried in Greenwood Cemetery, Brooklyn, N. Y. It was announced that death was caused by Bright's disease. It has been discovered that Gulick left a will other than the one in which he gave his son, James Gulick, \$100, and the remainder of his \$200,000 estate to his housekeeper, Mrs. Flo Housewright.

Erie.—Five highwaymen, at least two of whom are believed to be members of the gang which held up the Philadelphia and Erie express at Five Mile Curve, near Erie, the night of June 30, robbed H. L. Steadman, of Buffalo; Charles Shriver, of Cleveland, and Ben Gottlieb and Joseph Malthawk, of this city, in the yards of the Lake Shore and Michigan Southern Railroad here. Steadman attempted to escape and was seriously wounded. The highwaymen, after taking all the money their victims had, compelled them to exchange clothes with them.

South Bethlehem.—Miss May Brennan, a member of Allentown's younger society set, and Roque G. Munoz, of Tegucigalpa, Honduras, a graduate of Lehigh University, were married in the church of the Holy Infancy here, by Rev. J. C. Phelan. After a wedding trip to Southern points, the couple will leave for Mr. Munoz's home, where he will follow his calling of civil engineer.

Reading.—At a missionary service in the followers of Christ Church, Rev. M. R. Lengel scored hobble skirts and merry widow hats. He said: "I am not a preacher to stand here and criticize your clothing for I don't care what you wear. If you feel disposed to wear hobble skirts and merry widow hats, that is your business, but I am afraid that those of you who wear them are not very churchly."

Reading.—One person was killed and another injured in a grade crossing accident on the Reading road at Douglass while a milk team, occupied by Davis Fetzer and his ten-year-old son, Lester, was driving over the railroad, an engine ran into the team. The boy was killed and his father hurled some distance and badly hurt.

Reading.—Mrs. Ralph M. Mancus, aged 22 years, died from burns received in attempting to build a fire in the kitchen range and to accelerate the burning she poured on a quantity of kerosene. In a moment the flames dashed up, setting her clothing ablaze. Help did not arrive until all of her clothing was burned from her body.

Waynesburg.—George M. Stoops, who for the last eighteen years had written a letter every Friday to his aged parents, at Kirby, this county, is dead here.

FROM THE STATE CAPITAL

Information and Gossip at
Harrisburg.

Grand Jury Inquiry.
The Attorney General's Department has suggested to the county authorities now engaged in the inquiry into the lynching of Zack Walker at Coatesville on August 13, that the Chester County Grand Jury be instructed to make the investigation. Messages to this effect are understood to have been sent from the Capitol to the officials engaged in the investigation, and they will likely take up the matter with the Judges of Chester County. The Judges have authority to order the Grand Jury to make a presentment of the case, and to do so that body may summon all of the citizens of the town before it. This method of getting information is considered by some State officials as a better means than the wholesale arresting of people because they were in the mob, with the hope of obtaining the names of ringleaders from them. The District Attorney would thus have opportunity to examine people under oath and could call upon the Attorney General to assist in the examination if he desired.

Convention in Sign Language.
A convention which in its proceedings surpassed any gathering held in this city in decades, was held here by the Pennsylvania Society for the Advancement of the Deaf. About fifty delegates, most of whom are graduates of the State and other deaf and mute institutions, were in attendance. All the addresses, discussions, prayers and reports were offered in the sign language. A. U. Downing, of the Western Pennsylvania Deaf and Mute Institute faculty, acted as interpreter for the reporters. The principal address of the convention was delivered by the president, James S. Reider, Philadelphia; C. O. Dentzer, pastor of All Souls Church, Philadelphia; Rev. B. R. Ailbaugh, Wilkinsburg, and Rev. F. C. Smiley, of Williamsport. During the convention subscriptions to the society's home at Doylestown were raised and an effort made to establish a \$50,000 endowment fund.

Permit to Build New Bridges.
The State Water Supply Commission announced that it had approved the application of the Pennsylvania Railroad Company for the construction of two bridges and for extension of banks along four streams in the State, the operations covering the largest submitted to the commission by any one company in many months. The bridges will span the Susquehanna River near Montgomery, Lycoming County, where a sixteen-span bridge will be built, and the Schuylkill near Douglassville. The extensions will be along the Allegheny in Warren County and along the Kiskiminetas in Westmoreland County. The company's application to construct a new bridge over the Schuylkill at Royersford was held under advisement as were the Clarion River Water Company charters.

Women For School Directors.
Names of the two women whose nomination and election as school directors will be urged by the Civic Club of Harrisburg were announced, after an extended session of the club behind closed doors. The names will be sent to the chairmen of the various city committees, who will be asked to work for their election regardless of politics. The selections are Mrs. Thomas M. Jones, who has been active in educational and literary work, and Mrs. Frederick L. Morgenthaler, who has been prominent in movements for school improvement.

To Build State Road.
Thirteen firms bid for the construction of the first section of a main highway to be built under the Spruhl highway law when Highway Commissioner E. M. Bigelow opened bids for the building of eleven miles of road through the Lewistown "narrows" between Lewistown and Mifflin. The contract will be awarded Wednesday. The road will be paid for entirely by the State.

Blight in Three More Counties.
Reports received by the Chestnut Tree Blight Commission indicate that the tree pest has made its appearance in three more counties this month, having been found in South Center, Adams and Snyder Counties. These counties will be included in the campaign to exterminate the pest which will be directed from Philadelphia.

Water Charters Approved.
The State Water Supply Commission has approved charters for the Lenni Heights Water Company, Middletown Township, Delaware County, and Hop Bottom Water Company, Hop Bottom, Susquehanna County.

Trolley Charter Granted.
A charter was granted to the Lebanon & Cambelltown Street Railway Company to construct a ten-mile trolley line in Lebanon County. The capital is \$60,000 and M. S. Hershey is president.

COMMERCIAL

Weekly Review of Trade and
Market Reports.

Bradstreet's says:
"The improvement which is generally conceded to have occurred in the later planted Western crops and particularly corn, since the first of the month, the advance of the season of fall jobbing activity and the consequent presence in the leading markets of fall buyers is all reflected in a further slight improvement in the wholesale trade this week. The gains made are moderate, however, and the tendency to operate cautiously pending clearer views of crop output and of possible tariff revision is as marked as heretofore. In the case of the wool tariff revision, the disapproval by the Executive of the measure has apparently brought out more confident buying of goods and of raw material with some hardening of values."

"Business failures in the United States for the week ending August 17 were 215, against 208 last week, 222 in the like week of 1910, 183 in 1909, 236 in 1908 and 155 in 1907."
"Wheat, including flour, exports from the United States and Canada for the week aggregate 3,507,365 bushels, against 2,560,967 last week and 1,497,514 this week last year. Corn exports for the week are 298,531 bushels, against 635,781 last week and 48,537 in 1910."

Wholesale Markets

NEW YORK.—Wheat—Spot firm; No. 2 red, new, 93½¢ elevator, and 94¢ f. o. b. afloat; No. 1 Northern Duluth, new, 110½¢ f. o. b. afloat.

WORLD FAMOUS SCIENTIST PRAISES DOAN'S KIDNEY PILLS.

Guido Blenio, who was awarded a gold medal at the International Exposition, Turin, Italy, in 1909, in competition with 142 chemical experts from all over the world was cured by Doan's Kidney Pills and strongly recommends them. When visited by our representative at his New York office, Mr. Blenio said: "I did not realize what a hold

Kidney trouble had on me until I applied for life insurance. The doctor refused to pass me and advised me to take treatment at once. I had heard of Doan's Kidney Pills and began using them. I improved rapidly and in a short time had no symptom of kidney disease remaining. I again applied for insurance and this time was promptly accepted."
(Signed) GUIDO BLENIO,
645 West 22nd St.,
New York City.

Remember the name—Doan's.
For sale by druggists and general storekeepers everywhere. Price 50c. Foster-Milburn Co., Buffalo, N. Y.

Good Guess.
Mosquito—I say, you are keeping on that piece of paper as if you liked it.
Fly—Well, to tell the truth, I am stuck on it.

TO DRIVE OUT MALARIA AND BUILD UP THE SYSTEM
Take the Old Standard GILVER'S TARTARIC CHILL TONIC. You know what you are taking. The formula is plainly printed on every bottle, showing it is simply Quinine and Iron in a soluble form, and the most effective form. For grown people and children, 8 cents.

If a man tells a woman she has a musical laugh she will fall for any old joke he may get off.

For COLDS and GRIP
Hicks' CAPSIDINE is the best remedy—relieves the aching and feverishness—cures the cold and restores normal conditions. Its liquid—effects immediately. 10c, 25c, and 50c. At drug stores.

Man might live by bread alone, but woman must have some ice cream.

Cement Talk No. 3

Concrete is the hardened rock-like product made by using some brand of Portland cement with sand, gravel or broken stone and water. The cement is the material which binds the sand, gravel or broken stone together; this binding action is produced by water. The terms "Cement" and "Concrete" thus have different meanings, although they are frequently used interchangeably. While cement is only one of the materials in concrete, it is perhaps the most important. To insure the best results in concrete work, the highest grade of Portland cement should be used. The concrete worker may rest assured that he has the best cement if he will make certain that the word UNIVERSAL is printed on each sack of cement that he buys. Representative dealers everywhere handle UNIVERSAL.

Strong Healthy Women

If a woman is strong and healthy in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organism and are unfitted for motherhood. This can be remedied.

Dr. Pierce's Favorite Prescription

Cures the weaknesses and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making them healthy, strong, vigorous, virile and elastic.

"Favorite Prescription" banishes the indispositions of the period of expectancy and makes baby's advent easy and almost painless. It quickens and vitalizes the feminine system, and insures a healthy and robust baby. Thousands of women have testified to its marvellous merits.

It Makes Weak Women Strong. It Makes Sick Women Well.
Honest druggists do not offer substitutes, and urge them upon you as "just as good." Accept no secret nostrum in place of this *non-secret* remedy. It contains not a drop of alcohol and not a grain of habit-forming or injurious drug. Is a pure glyceric extract of healing, native American roots.

W. L. DOUGLAS
