

YOUTHS LEAVE ORPHANAGE.

Four Boys Run Away from Odd Fellows Home At Sunbury.

Ruse Williams, aged twelve years, Richard Jones, aged fifteen years, David Watkins, aged twelve years, and Dewey Mateer, aged twelve years, ran away from the Odd Fellows' Orphanage, at Sunbury, on Tuesday of last week.

At the annual meeting of the directors in July, Mrs. Foote, of Warrior Run, the mother of Williams, asked for the release of her two sons, Russel, aged twelve, and Arthur, aged ten. In the opinion of the lodge from which they came, it was deemed, for the best of the boys that they remain at the Home. David Mateer was admitted from Port Royal lodge and is an inoffensive boy, easily led by his companions. David Watkins has a bad record, having twice before left the Home.

Want S. S. Reports.

At a meeting of the executive committee, held in Bellefonte, Tuesday, Sept. 19, for the purpose of gathering statistics to place Centre county in the "Front Line" list, it was found that it lacked twenty Cradle Rolls and fifteen Home Departments. The county has qualified in the number of Teachers' Training Classes, but needs a record of the additional Cradle Rolls and Home Departments. The establishment of these departments is urged upon superintendents. A report of these together with those already established and not yet reported is greatly desired before the state convention at New Castle, October 11, 12, and 13. Centre County deserves to be a "Front Line" county in Sabbath School work and will be so if all these departments are reported. Please send such reports to Mrs. L. W. Nuttall, Phillipsburg.

Mrs. Aaron Harter, of Harrisburg, was in town for several days last week and greeted her many acquaintances and former neighbors. She was agreeably surprised to see how many homes in Centre Hall had been remodelled and improved in various ways since her last visit here.

Mr. and Mrs. Walter Gondor and their three interesting children, of Wall, are visiting at the home of the former's mother, Mrs. William Colyer, and a brother, William Colyer, Jr. Mr. Gondor is employed by the Pennsylvania Railroad Company as an engineer.

From Larned, Kansas, comes Mrs. A. E. Grove to tell the glories of the but one state to her west of the Alleghanies. Before marriage she was Miss Sallie Wiser, a native of Millheim, but has been in Kansas many years, raised a family there and is now conducting a half-section (320 acres) farm with the assistance of two sons and a daughter. During her absence in the east, the boys are putting to wheat two hundred and fifty acres, and of course will have a few chores to do besides. Mrs. Grove thinks there is something in Kansas air that develops the desire to talk—especially to tell about Kansas, and those who come in contact with her will agree that she has been exposed to this Kansas air very much.

The interests of the party, qualifications and temperament of the aspirants, and the chances of your nominee being successful at the election should be well considered when you vote on September 30th. If you believe that J. Kennedy Johnston, for district attorney, best meets these requirements, he will appreciate your vote.

Mrs. Tillie Close, and sister, Miss Flora Alexander, of Nagney, last week, were guests of Mr. and Mrs. J. T. Potter, in Centre Hall. Mrs. Close, since the death of her husband several years ago, is conducting the farm, and as a manager is proving very successful. Miss Edna Hayes, of Watsonstown, was also a guest at the Potter home.

David Kuhn, of Beloit, Wisconsin, is in the east and is spending the time with his brothers. He is a native of Boalsburg, and a miller by trade, but long ago gave up that business. Last spring he became an octogenarian, yet he is exceedingly active, with a mind as clear as ever, as erect as when a boy, and moves as quickly as many at half his age. The trip east was made alone, and he is traveling over the county with almost the same ease he did forty years ago. He is a remarkable man, indeed, for one of his age.

Monday night an auto conveying students from Scranton to Pennsylvania State College became balky on reaching Spring Mills, and Windom Gramley was induced to trail the car with his Ford. The trip was uneventful until the dam at Linden Hall was reached. The cars were descending a steep grade, when the rope got under one of the wheels and broke. The rear car, freed, made a dash over the embankment into the dam, but kept right side up. The students were much frightened, but neither they nor the car were injured. With the assistance of R. G. McClellan the car was dragged from the water, and the journey continued.

Wolf, of Ardmore, arrived in Centre Hall the week before the Grange Encampment and Fair, and were here for a few days among friends, spending most of the time with Mrs. Wolf's sister, Miss Emma McCoy. Mr. Hoffer is a merchant tailor, and is doing an extensive business with the fashionable young men at his Chestnut Street establishment. Mr. Wolf is connected with an industrial insurance company, and also writes general life insurance. Mr. Wolf and family are now comfortably located in their own home in Ardmore. The trip to Centre Hall was made in Mr. Hoffer's touring car, the route being via Reading, Shamokin and Northumberland.

Mr. and Mrs. H. E. Shadle, of Charleston, West Virginia, were arrivals in Centre Hall ten days ago, and are the guests of Mr. and Mrs. W. Frank Bradford. Mrs. Shadle, before marriage, was Miss Sadie Bitner, and is well known here, this being her old home. Mr. Shadle is a native of Williamsport, but some years ago engaged in the lumber business, and now is extensively interested in that line. He is the head of a company conducting operations on a large scale near his West Virginia home, and also owns a large block of stock in the corporation doing business at Lombardy, Kentucky, in which corporation W. O. Rearick, the McNitt-Huyett Lumber Co., and other local parties in Centre and Mifflin counties are interested. Mr. Shadle has been very successful in a business way, and, the Reporter is pleased to say, although the information if not from him, has amassed a fortune.

THERE IS NO PLOW SUPERIOR TO THE SYRACUSE RIDING PLOW

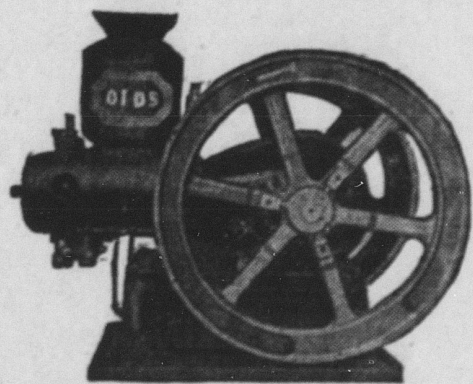

It plows the same depth the whole day long; sticks to the ground in stormy soil; can be well handled on rocky hillsides. It leaves no dead furrows to wash; will throw the soil up hill better than any other plow made; it is strong enough to do its work, yet not clumsy. It is made for two or three horses.
