> THE TEA PENALTY. 'A Strong Man's Experience.

Writing from a busy railroad town

the wife of an employe of one of the great roads says: "My husband is a railroad man who has been so much benefited by the use of Postum that he wishes me to ex-

press his thanks to you for the good it has done him. His waking hours are taken up with his work, and he has no time to write himself.

"He has been a great tea drinker all his life and has always liked it strong.

"Tea has, of late years, acted on him like morphine does upon most people. At first it soothed him, but only for an hour or so, then it began to affect his nerves to such an extent that he could not sleep at night, and he would go to his work in the morning wretched and miserable from the loss of rest. This condition grew constantly worse, until his friends persuaded him, some four months ago, to quit tea and use Postum.

"At first he used Postum only for breakfast, but as he liked the taste of it, and it somehow seemed to do him good, he added it to his evening meal. Then, as he grew better, he began to drink it for his noon meal, and now he will drink nothing else at table.

"His condition is so wonderfully improved that he could not be hired to give up Postum and go back to tea. His nerves have become steady and reliable once more, and his sleep is easy, natural and refreshing.

He owes all this to Postum, for he has taken no medicine and made no other change in his diet.

"His brother, who was very nervous from coffee-drinking, was persuaded by us to give up the coffee and use Postum and he also has recovered his health and strength." Name given by Postum Co., Battle Creek, Mich.

Richeson Prosecution Announces Evidence is Complete.

MEETING WITH GIRL SETTLED

Evidence Cannot Be Used At Trial, However-Defense Calls the Paste Episode Absurd-Connects Principals.

the chain of evidence against Rev. Clarence V. T. Reicheson, charged with the murder of Miss Avis Linnell, has been found was declared by

All that remained for the authorities, they had steadfastly maintained, to prove their contention that the girl met her end by cyanide of potassium given her by the Baptist minister was the finding of some one who could positively testify to there having taken place the meeting with the girl shortly before her death.

That witness has been found and is a woman. Her identity, however, the authorities refuse to reveal.

According to her story, she was told by Avis Linnell that Richeson and Avis were strolling together on the Fenway, a part of the Boston parkway system in the Back Bay district on the afternoon of the fatal Satur-

tragic death of the girl. It has been established that Riche son left Cambridge on a Boston car at 12.30 o'clock Saturday afternoon and that he was at the Edmunds home in Brookline about 4 P. M.

His time meanwhile has not been accounted for except by the witness found today. It has also been established that Avis Linnell left the Young Woman's

Christian Association about 2 P. M. and returned a little after 4 P. M., at which time she told several girls that | she had been with Richeson. The defense, as indicated in dis-

## BABY'S TERRIBLE CONDITION

"When my baby boy was six months old, his body was completely covered The eruption began in pimples which would open and run, making large sores. His hair came out and finger nails fell off, and the sores were over the entire body, causing little or no sleep for baby or myself. Great scabs would come off when I removed his shirt.

"We tried a great many remedies, friend induced me to try the Cuticura Soap and Ointment. I used the Cuticura Soap and Ointment but a short time before I could see that he was improving, and in six weeks' time he was entirely cured. He had suffered about six weeks before we tried the Cuticura Soap and Ointment although we had tried several other things, and doctors too. I think the Cuticura Remedies will do all that is claimed for them, and a great deal more." (Signed) Mrs. Noble Tubman, Dodson, nearby hennery white, fancy large, Mont., Jan. 28, 1911. Ruskin Pitied Americans. It is not only the half million bricks of Tattershall that have been numbered for trans-shipment across the Atlantic. Ruskin, when he was a boy, pitled the Americans for being so unhappy as to live in a country that has no castles. They will have a castle now, and no nation likes to be pitied. But the other importation, made by Mrs. Gardner as an addition to her Italian villa near Boston, was that of an entire chapel as it stands, with all its interior furnishings, even to the half-burned candles in the altar. The monks who served the chapel had been scattered by the strong hand of the law, and the building was to be devoted to the pick ax. The courageous American lady had it packed up in a Venetian bill country, where it stood, and carried down piecemeal and embarked .-London Chronicle.

Literary Criticism.

They were discussing a certain authoress at dinner, and a well-known critic raised a laugh by remarking: Well, her hair's red, even if her books are not."

The mild young man in the corner hade a mental note of the sally for future use, and at another party shortly afterward he carefully guided the conversation into literary channels, Tit-Bits informs its readers. Fortunately, some one mentioned the desired name, and he triumphantly cried out: "Well, she's got red hair, even if her books baven't!"

Toasting the Teachers.

There was a meeting of the new teachers and the old. It was a sort of love feast, reception or whatever you call it. Anyhow, all the teachers got together and pretended they didn't have a care in the world. After the eats were et the symposiarch proposed a toast:

"Long Live Our Teachers!" It was drank enthusiastically. One of the new teachers was called on to respond. He modestly accepted. His answer was: "What on?"

Many people suffer from weak hearts. They may experience shortness of breath on exertion, pain over the heart, or dizzy feelings, oppressed breathing after meals or their eyes become blurred, their heart is not sufficiently strong to pump blood to the extremities, and they have cold hands and feet, or poor appetite because of weakened blood supply to the stomach. A heart tonic and alterative should be taken which has no bad after-effect. Such is Dr. Pierce's Golden Medical Discovery, which contains no dangerous narcotice

nor alcohol. The ingredients, as attested under outh, are Stone root (Collinsonia Canadensia), Bloodroot (Sanguinaria Canadensia), Golden Seal root (Hydrastis Canadensia), Queen's root (Stillingia Sylvatica), Black Cherrybark (Prunus Virginiana), Mandrake root (Podopaiylum Pelistum), with triple retined glycerine, prepared in a scientific laboratory in a way that no druggist could imitate.

This tonic contains no alcohol to shrink up the red blood corpuscles; but, on the other hand, it increases their number and they become round and healthy. It helps the human system in the constant manufacture of rich, red blood. It helps the stomach to assimilate or take up the proper elements from the food. thereby helping digestion and curing dyspepsia, heart-burn and many uncomfor the run-down, ensemic, thin-blooded people, the "Discovery" is refreshing and vitalizing. Stick to this safe and sane remedy, and refuse all "just as good" medicines offered by the druggist who is looking for a larger profit. Nothing but Dr. Pierce's Golden Medica! Discovery will do you half as much good.
