

DEATHS.

Thomas E. Royer, died at his home in Rebersburg, Wednesday of last week. Interment was made at Rebersburg, the funeral having been attended by a very large number of people. The services were conducted by Rev. N. A. Whitman, pastor of the Lutheran church, with which denomination the deceased had been connected since 1870.

Mr. Royer was born in Miles township in 1840, and was aged seventy-one years, four months, and twenty days. Except the time he served in the civil war he was a resident of Miles township during his entire life, and engaged in farming and as a merchant. He married Emma J. Haines in 1867. Two children—Mrs. John W. Long, of Red Oak, Iowa, and Harry H., of Rebersburg—were born to them.

Mr. Royer was a member of Company A, 148th Regiment, which company was recruited almost wholly in Brush Valley. He enlisted in Rebersburg, August 22, 1865, and served in Company A until he was wounded at Spotsylvania, May 12, 1864; February 9, 1865, he was transferred to the Veteran Reserve Corps, and discharged August 24, 1865. He became a corporal, November 16, 1863. He was in every battle, up to the time he was wounded, in which the famous 148th Regiment engaged.

John Keller From, born in Potter township, January 4, 1842, died at his home in State College Friday. Interment was made at Boalsburg near which town he lived for many years. He was a farmer by occupation, and for some years lived on the farm owned by the late Rev. Groh, near Boalsburg. The funeral services were conducted on Tuesday by his pastor, Rev. C. S. Stover, pastor of the Boalsburg Reformed church, assisted by Rev. Riley, of the State College Methodist church.

Mr. From was married to Miss Mary Peters, November 16th, 1865, by Rev. W. H. Groh, who also baptized all his children. There survive besides Mrs. From, these children: Charles A., Miss Viola Genzeli, Julian; Mrs. Elizabeth Bailey, Pine Grove Mills; Mrs. Paul Bailey, Clarence, Altoona; and Miss Mable, at home. Mrs. Solomon Lingle, of Spring Mills, is a sister and William From, of Millersburg, is a brother.

Mrs. Susan Kern, widow of John Kern, died at her home in Millheim, on Tuesday, at the advanced age of eighty years. Interment will be made at Millheim, but the time at this writing has not been set. She was a member of the Lutheran church, and the funeral will be conducted by Rev. D. M. Geesey. There survive her these children: William, Minnesota; Jeremiah and Mrs. Walter Kerlin, of Cincinnati; Frank and Milton, Bellefonte; Lizzie, at home.

William Fryer, aged about seven years, son of Mr. and Mrs. Robert Fryer, of Pottery Mills, died on Saturday while his parents were attending the funeral of Mr. Fryer's sister, Mrs. William Auman, at Green Brier. Typhoid fever was the disease that snatched the life from the child. Interment was made on Tuesday, at the Mountain church, in Decker Valley.

Noah Brungart a Forger. It developed last week that Noah Brungart, who left his home at Rebersburg and has not since been heard of, forged the name of James P. Grove, of Spring Mills, who is his father-in-law, to several papers, the sum involved being \$1000 or more. The Guyser threshing machine company hold the greater part of the forged papers, but it is said one or two of them are in local hands at Rebersburg or Millheim.

Brungart's liabilities are estimated at five or six thousand dollars, and his assets probably one-half of that. Levies had been made on his property by Sheriff Lee, and sale was advertised for Friday, but later involuntary bankruptcy proceedings were instituted, and the sale notices were removed.

The figures above are indefinite, because of the fact that those who have forged papers prefer not to make the matter public, and the claims have not been filed, yet some reliance may be placed on the estimates.

Reserved Seat Tickets for Concert. Persons wishing to secure reserved seat tickets for the concert on Tuesday evening, March 5, can do so after the Dr. McGurk lecture. The chart will be at the hall.

An effort is being made to change the route of the State Highway between Millstown and Lewistown, now being built. If the change is made the road will be built along the river instead of over Shade Mountain. Lewistown business men are interesting themselves, and will raise the funds to pay the right-of-way around the mountain.

Sucrose Dairy Feed has proven to be an all round economical, practical feed, and one that brings satisfactory results—R. D. Foreman, Centre Hall.

LOCALS.

Ilgem Mueser and Frederick Catherman, both aged citizens of Millheim, are in quite delicate health.

Congratulations are due Mr. and Mrs. George H. McCormick, of Pottery Mills, a son having been born to them on Friday.

Fox hunting on Nittany Mountain has given sport to a number of hunters in Centre Hall. James From was successful in killing one of the wily animals.

Messrs. H. F. Mueser and George Earhart, two of the Potter township board of auditors, were callers at this office on Tuesday. The auditors' report will show the township finances in good condition.

The Reporter is glad to state that Edward Allison, of Pottery Mills, who had been quite ill, has so far recovered that he is able to be out of bed and about in the house, and hopes soon to venture out into the open.

There is pretty good foundation for the rumor that William A. Odenkirk will become the successor of Register J. Frank Smith as merchant in Centre Hall. Mr. Odenkirk is dickering for both the store building and the goods.

John E. Heckman, of Lock Haven, who is employed in the milk condensing plant at Mill Hall, was taken suddenly ill on Monday. Mr. Heckman formerly lived near Lamar and has relatives and acquaintances in Penns Valley.

Mrs. Guy Springer, of Millheim, a bride of less than two months, came to Centre Hall on Tuesday and has been at the home of Mrs. Susanna Spangler, where she lived for several years. Her husband is expected here to-day (Thursday).

The agents on the Williamsport and Susquehanna divisions of the Pennsylvania railroad system, which includes the local branch, will go to Williamsport to-day (Thursday) for instruction, and discussion of long hauls over the lines.

The Sandy Ridge fire brick plant, an important institution in that section, was destroyed by fire on Saturday. The machinery was also destroyed and several thousand dollars worth of brick made unsalable. The loss is about \$40,000 with little insurance.

R. D. Mueser, of Spring Mills, who announced sale for the 23rd of March has withdrawn the same, having already sold a number of his cattle at private sale, but has yet on hand several young Holstein bulls to sell, which are being fully advertised in another column.

The Bell telephone company officials announce the appropriation of \$12,000 for additional toll lines between Bellefonte, State College, Centre Hall, Spring Mills and Millheim, making 137 miles of wire circuit. This is necessary to make efficient the service at these points.

A telegram from Mrs. Walter M. Kerlin, in Cincinnati, Ohio, to friends here says that she will be unable to attend the funeral of her mother, Mrs. Susan Kern, at Millheim, owing to the fact that neither she nor her youngest child are in physical condition to make the journey.

Messrs. Samuel Meyer, of Campbelltown; Jacob Meyer, of Boalsburg, and Prof. P. H. Meyer, of Centre Hall, were callers at this office on Wednesday. The former is a practical farmer and engages in diversified farming and cattle feeding. He is contented on the farm and makes his acres yield a good profit.

Mr. and Mrs. Adam Neese, of near Spring Mills, were in Centre Hall on Tuesday, and called on the Reporter to transact a bit of business. They have set on March 15th as the day on which they will move to their new home, a farm near Hartleton. Mr. Neese has already taken all his farming implements to Union county.

Up to Wednesday mercury dropped to and below zero five times, during the month of February, the coldest point having been reached Friday night when it was twelve below. On the night of the third it was zero, on night of fourth three below, on night of ninth twelve below, on night of tenth ten below, and on night of twelfth six below.

On Tuesday John A. Strunk, at Yates Center, Kansas, made sale of his farm stock, implements, etc., and by the end of this month he and his family will be located near Warriors Mark, where he leased a farm. Mr. Strunk met with financial success in Kansas, having cleared a considerable sum in the sale of one or more farms he purchased since leaving Centre county, but with all that the old Keystone State had superior attractions for him.

Only Eminent Rascals Find a Place Among Its Pages.

The "Who's Who" of America's criminals is a handsome volume, bound in limp leather, a limited edition of which is issued every year or so. Only members of "the four hundred" of the criminal world find representation in this register, and an entire page is devoted to each individual mentioned. Officially the volume is known as the Identification Album of the National Bureau of Criminal Identification, an institution having headquarters at Washington. Data for the album, which is literally a blue book, are supplied by the police departments of over a hundred cities throughout the country, and it is to these departments that the volumes are distributed.

Each branch of criminal endeavor has a separate chapter in the book, one telling of pickpockets, another of forgers, and so on. At the top of each page are reproduced two photographs of a distinguished criminal—a profile and full face. Below come name, aliases, age, height, weight, general appearance and marks and scars. Bertillon measurements and criminal record fill out the page.

Filed in the bureau are about 75,000 identification cards dealing with criminals not sufficiently famous to deserve place in the "Who's Who." Each of these cards is similar to a page from the book. About one-tenth of the total number of cards are for women. About one-fourth are for negroes.—Green Bag.

Cathedral a War Chest.

St. Petersburg as well as Moscow has some cathedrals which are marvels of ecclesiastical architecture. St. Isaac's cathedral, for instance, in the center of the city, cost 24,000,000 rubles, or \$12,000,000. Scores and scores of immense marble pillars adorn its four equal sides, while several of the beautiful green malachite columns within are worth a king's ransom. It is said that in the golden domes of St. Isaac's and the jewels within Russia has a "war chest" that would defend her from her enemies for many a month if she should need the gold.—Christian Herald.

Kept Him Modest.

Lord Herschel, having delivered an address before a large audience, was afterward waited on by the local reporter, who requested a digest of the deliverance. "How is it you were not present to hear it for yourself?" inquired the noble peer. "Oh," said the reporter, "I had something more important to attend to—a big boxing match." Lord Herschel admitted that this kept him modest.—London Opinion.

DEALING IN STOCKS.

Know What You Are Buying Before Investing Your Money.

We hear of fortunes quickly made in Wall street, of miners who have accumulated enormous wealth by a lucky strike, of inventors that have made inventors rich. But how many of these instances are there? Just a few, while countless thousands and hundreds of thousands have lost everything in unsuccessful ventures.

The prosperous, successful man or woman is the one who buys with knowledge of what he or she is buying, whether it be a piece of beef, a dozen of eggs, a horse, a house or stocks and bonds.

Money has been made in Wall street and will continue to be made. Those who buy stocks when they sell low and sell them when they advance must make money. The operation is no different from buying a house or a farm at a bargain and selling it at a profit. But one should exercise just as much care in one transaction as in the other.

Have nothing to do with those who offer glittering opportunities to get rich quickly. This will save your money. It may sound very nice to say that one owns a thousand shares of a gold, silver or copper mine with a par value of \$10,000 and that cost the holder only \$50 or \$100. But what use is such a certificate unless it has real value? Better put the \$50 or \$100 in one share of a dividend paying stock and be satisfied with moderate returns and a moderate profit on any advance the stock may enjoy.—Leslie's.

EAGLES IN COMBAT.

Fury of the Belligerent Birds in Their Duel in the Air.

An old time observer in Maryland says that the Eastern Shore eagles can fly faster, remain in their lofty flight longer and descend from it to the earth with more velocity than any other created thing with wings. He also says that the fierceness of the eagles and the tenacity and power of clutch they can put into their immense talons are beyond belief, and he cites as an instance of it a fight between two of the big birds that he once saw.

Just what incited the two eagles to the combat this spectator of the fight did not know, but they came together high in the air. A long time the two fierce birds fought with beak and talon and wing, rushing upon one another, delivering their blows and retreating for advantage in a new attack. Then at last they clinched and fought at close quarters.

In that position they came plunging to the earth, but neither made any effort to stay the fall, so desperately intent was each on the savage battle. They struck together in the freshly turned furrow of a plowed field, and the impact failed to separate them or to cause an instant's delay in the fight, and the coming of the scene of a man with a club, with which he at once took part in the battle, did not distract their attention from one another, and the man killed them both. Their talons were buried so deeply in each other's flesh that to separate the two belligerent eagles it was necessary to cut off their legs.—New York Sun.

Married Young to Beat Smallpox.

When I was a lad the number of people whose faces were pitted with smallpox was legion. "Blind from smallpox" was on the card worn by most of the unfortunate street beggars who had lost their sight.

The anxiety of parents to have their daughters married at an age which would now be considered almost scandalously immature was one by-result of the frequency and severity of smallpox. If a girl's face were marred her prospects of matrimony were, of course, impaired, and the ambition of mothers—so common was smallpox—was to see their daughters safely married before they caught the disease.—From Walter Gilbey's "Recollections of Seventy Years" in Nineteenth Century.

What Life is.

Nothing is of real value in the world except people. Never hurt a person by a wrong thought or by word or by act. Never hurt each other. Then go on a big discovering expedition and find each other. Never say, "That person has nothing in him," for that only means that you haven't found it yet. Then, last of all, never think you are the only person. You are just a part of "each other." You are not somebody and the rest of us everybody else. We are each other. Life is each-ness, not everybody-ness.—St. Nicholas.

The Hornbill.

The hornbill, a bird which is widely distributed in India, the Malay archipelago and Africa, has a very loud note. Its call has been described as between the shriek of a locomotive and the bray of a donkey and can be heard a distance of about a couple of miles.

Twisted.

Hicks—I hear that Brown's speech at the club dinner last night was quite funny. Wicks—The opening sentence was—very! He rose and said, "While I was sitting on my thought a chair struck me." Everybody roared.—Boston Transcript.

Company.

A crowd is not company. Faces are but a gallery of pictures where there is no love, and talk but a tinkling cymbal.—Francis Bacon.

When men are pure, laws are useless; when men are corrupt, laws are broken.—Dissraeli.
