W. N. U., BALTIMORE, NO. 20-1912.

The dyspeptic should choose carefully what he chews carefully.

Unusually eruptions disappear after a course of Garfield Tea.

A friend in word is not always a friend in deed.

Occasionally we meet a man who would rather work for a living than get into politics.

Over That Now. "Is their honeymoon over?" "I guess so. She's stopped sitting up for him when he's out late nights."

Boston Pun. "Let me see, was Rome founded by Romeo?" "No, it was Juliet who was found dead by Romeo."

Time. "How long have you been a widow, Mrs. Weed?" "It will be a year the 4th of next month."

"Dear me! Is it as long as that? How time flies!" "Oh, do you think so? Well, if you ever have to wait a year to look pleasant when men offer you attentions you'll give up the idea that time is much of a flyer."

They Saved His Life. Does it pay to stop your motor car after an accident and go back to see what has happened? Two young motorists on the south side believe it does.

With a green chauffeur these two boys were trying out a new model touring car. They were sitting in the back seat when the greenhorn at the steering wheel gave it a twist and came within an ace of hitting an old man at a crossing. The victim was so shocked that he fell to the pavement, and a crowd gathered in an instant.

Looking back, the motorists decided that things looked bad, but that they had better go back and see whether the old party was killed. Finding him all right, but winded, they took him for a nice ride around the park. So pleasant did they make it for him that when they took him home to his wife he introduced them as "The two young men who saved my life."

They are now thinking of applying for Carnegie medals.

KNOWS NOW Doctor Was Fooled by His Own Case For a Time.

It's easy to understand how ordinary people get fooled by coffee when doctors themselves sometimes forget the facts.

A physician speaks of his own experience:

"I had used coffee for years and really did not exactly believe it was injuring me although I had palpitation of the heart every day. (Tea contains caffeine—the same drug found in coffee—and is just as harmful as coffee.)"

"Finally one day a severe and almost fatal attack of heart trouble frightened me and I gave up both tea and coffee, using Postum instead, and since that time I have had absolutely no heart palpitation except on one or two occasions when I tried a small quantity of coffee, which caused severe irritation and proved to me I must let it alone."

"When we began using Postum it seemed weak—that was because we did not make it according to directions—but now we put a little bit of butter in the pot when boiling and allow the Postum to boil full 15 minutes which gives it the proper rich flavor and the deep brown color."

"I have advised a great many of my friends and patients to leave off coffee and drink Postum, in fact I daily give this advice." Name given by Postum Co., Battle Creek, Mich.

Many thousands of physicians use Postum in place of tea and coffee in their own homes and prescribe it to patients.

"There's a reason," and it is explained in the little book, "The Road to Wellville," in pkgs. Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

STATE CAPITAL NEWS

Late Happenings of Interest at Harrisburg.

State Will Buy Normal Schools.

The first steps toward the State's taking over the thirteen normal schools within its borders were taken by the State Board of Education at its session here, and a committee will make an inquiry into the costs and prepare legislation. The Board is authorized to take over the schools, in which the Commonwealth already has a considerable equity and on whose trustees it has representation. The schools are understood to have a realty and building value of about \$5,000,000, and the State can secure them by paying \$400,000 for the stock outstanding and \$325,000 for mortgages, and assuming floating indebtedness of about \$395,000. The committee in charge is composed of John S. Rilling, Erie; William Lauder, Riddelsburg, and Superintendent J. M. Coughlin, Wilkes-Barre. The supervision of the board over plans for schools is working out very successfully, many being now on file and twelve having been approved lately. Those approved represent a value of \$285,000 in round numbers. An important action taken was the direction to the secretary, Prof. J. G. Becht, to secure complete information from every county, city and borough superintendent, regarding what is considered a proper playground. This information will be collected for the use of the public and made public with the proposed uniform system of bookkeeping for the fourth class districts, drawn up by Mr. Lauder. Dr. Becht was also directed to continue his inspection of institutions receiving State aid. The members of the board were much gratified at the decision of the Supreme Court sustaining the constitutionality of the school code. The members said that they would use best efforts to work out the law for the best interests of the State.

Several Justices Named.

The following appointments of Justices of the Peace were announced: Warren S. Sharpless, Millin township, Columbia county, vice J. E. Snyder, resigned. John Bogert, New Columbus, Luzerne county, vice I. J. Jamieson, resigned. Ralph E. McCoy, Grandville township, Millin county, to fill vacancy. John Kelly, Nelson borough, Tioga county, vice William Pepper, resigned. Andrew L. Warner, Delano township, Schuylkill county, vice H. E. Stafer, resigned. Osborne F. Young, Upper Hanover township, Montgomery county, vice Horace M. Buck, removed from district.

Chinese Aid Missionaries At Work.

Dr. S. S. Hough, of the Board of Directors of the Foreign Missionary Organization of the United Brethren Church, informed the members of the board that the formation of the Chinese Republic opened up a large field for missionary work, as the new leaders were inclined to aid foreign work. He also declared that the Philippines afford a splendid field for such activities on the part of the Church.

To Pass On "Full Crew" Act.

The Supreme Court will pass upon the "full crew" act before the close of the year and the appeal of the Pennsylvania Railroad Company from the decision of the Dauphin County Court, upholding the constitutionality of the act, will be heard at the sitting of the court to be held in this city in the week of May 20.

Dairymen and Officials Confer.

State officials and representatives of associations interested in dairy products conferred at the Capitol on a method of obtaining data from various parts of the State as to the restrictions required to prevent infection of cattle and for a uniform milk standard.

Foust May Not Use Fines.

Attorney General Bell has given an opinion to Dairy and Food Commissioner James Foust, which holds that because of the specific appropriations act of 1909, he can not have the use of fines and costs paid into the State Treasury by his department, but must depend upon his appropriation alone.

Democrats To Meet in September.

The Executive Committee of the State Federation of Democratic Clubs has selected September 11 as the time for the annual meeting, which will be held at Williamsport. Several Congressmen will be invited to address the convention.

Gets 13 Properties For Park.

The Capitol Park Extension Commission has made its largest acquisition of properties for the extension of the park, securing thirteen properties at one time from the Miller estate.

Gives Banking Opinion.

A decision has been given to Banking Commissioner William H. Smith by W. N. Trinkle, Deputy Attorney General, in which he holds that certificates of full paid stock of a banking corporation, forming part of an authorized increase of the capital stock of such corporation, may be lawfully issued when a portion only of the total amount of the increase has been paid in one year in advance from the certification of authority to make the increase.

COMMERCIAL

Weekly Review of Trade and Market Reports.

Bradstreet's says:

"Though activity in some wholesale lines is not so marked as heretofore, dry goods, for instance, trade in general is of fairly steady proportions, and what is probably most significant, current business is being done on a basis that allows room for profits. Optimism is apparent in some sections of the country; there is more or less doing on fall account; political conditions are practically disregarded; outdoor work is more active; employment is absorbing surplus labor; the iron and steel industry is operating more freely, and actual strikes are relatively unimportant."

R. G. Dun & Co.'s Weekly Review of Trade says:

"While the advance in industrial and trade activity is still gradual, evidences of improvement continue to multiply. The agreement to arbitrate the differences between the railroads and the engineers is a distinct help to the situation. The expansion in bank credits, especially in the West, the large output of new securities in April and the number of new incorporations—both greatly in excess of last year—the notable demand for steel products and cotton and woolen goods and the statistics of traffic and clearings all reflect a growth in business."

Wholesale Markets

NEW YORK—Wheat—Spot firm; No. 2 red, 120 1/2 elevator, export basis, to arrive, and 123 1/2 f. o. b. afloat; No. 1 Northern Duluth 125 1/2 f. o. b. afloat, opening navigation.

NATION SAVED BY A SPIDER

Scotland Profited by the Lesson the Insect Taught to Its Monarch.

Scotland has many legends that the shepherders and highland peasants never get tired repeating. A long time ago King Bruce ruled over Scotland before that country became a part of England, and he learned a lesson from a spider that enabled him to succeed when otherwise he would have failed.

King Bruce had lost many battles. He was discouraged. He had made his final effort against his enemies and failed to vanquish them. Deep in despair he went to a lonely room in his castle. Reclining on the couch and thinking, he happened to notice a spider drop from the ceiling on a single silken cord. He watched the spider fascinatingly. It now began its ascent. It slipped. Time and time again it tried to mount, but each time it failed. The king watched intently, forgetful of all else. An hour passed. Finally the spider succeeded. It was an inspiration for King Bruce. Why should he get discouraged, having tried only a few times and failed? He made one last grand rally against his enemies and routed them, and from this incident came the old saying, "If at first you don't succeed try again."

DISFIGURING ECZEMA CURED

"My nephew first showed signs of eczema on the middle finger, and it came out like a blister. He must have rubbed his face with that hand, as it then broke out on his nose the same way. When the blisters broke, they shriveled up and formed scabs. His nose was covered with scabs, and it was very itchy. He was badly disfigured with unsightly scabs. At first, his nose was sore, and it gradually became worse so his mother took him to the doctor. He told her to rub the scabs off every day, and anoint the affected part with the medicine he gave her."

"The man must have been insane, as that was extreme torture to the child, who was only two years old at the time. Well, we decided that that treatment would have to end. I suggested Cuticura Ointment and they bought it and put it on freely every day for two weeks. He had the eczema for four weeks altogether, but was getting gradually worse until they used the Cuticura Remedies, and he was cured in two weeks. He most certainly would have been scarred with the other treatment, but now he hasn't a single mark. Cuticura Remedies cured him in two weeks, and now we always keep them in the house." (Signed) Miss Ida Slaviv, 283 South Fifth St., Philadelphia, Pa., Jan. 4, 1911. Although Cuticura Soap and Ointment are sold by druggists and dealers everywhere, a sample of each, with 32-page book, will be mailed free on application to "Cuticura," Dept. L, Boston.

All He Wanted Was Just Plain Eggs. A youth entered one of the "ham-and-egg" cafes on Grand avenue and ordered eggs. "Up or over?" asked the man behind the counter. "I just want eggs," replied the prospective diner. "But do you want them up or over?" repeated the waiter, and again the guest asserted that he desired "only eggs." The third time the party of the second part insisted on his query, whereupon the patron, with a sigh of despair, said "I guess I'll take a steak."—Kansas City Star.

Inhuman Fellow. "Upon what grounds do you seek a divorce?" asked the lawyer when she had just retained. "Non-support, cruelty or—"

"Both," she cried, tearfully. "He would not support my passionate longing for a diamond necklace, and if that isn't cruelty I'd like to know!"—Catholic Standard and Times.

For HEADACHE—Hicks' CAPSIDINE. Whether from Colds, Heat, Stomach or Nervous Troubles, Capsidine will relieve you. It's liquid—pleasant to take—stimulating. 27 1/2, 10c, 5c, and 50 cents at drug stores.

Innuendo. "What's Cholly so angry about?" "Oh, some rude girl asked him if he was a suffragette."

Garfield Tea keeps the liver in condition, insuring a clear head and good general health. Drink before retiring.

Many a fellow who puts up a good front is talked about behind his back.

We all admire a man who says just what he thinks—about other people.

NO ONE STRONGER THAN HIS STOMACH. The celebrated Dr. Abernethy of London was firmly of the opinion that disorders of the stomach were the most prolific source of human ailments in general. A recent medical writer says: "every feeling, emotion and affection reports at the stomach (through the system of nerves) and the stomach is affected accordingly. It is the vital center of the body."

"He continues, 'so we may be said to live (through) the stomach.' He goes on to show that the stomach is the vital center of the body. For weak stomachs and the consequent indigestion or dyspepsia, and the multitude of various diseases which result therefrom, no medicine can be better suited as a curative agent than

Dr. Pierce's Golden Medical Discovery.

"Several months ago I suffered from a severe pain right under the breast-bone," writes Mrs. G. M. MURKIN, of Corona, Calif. "I had suffered from it, off and on, for several years. I also suffered from heart-burn, did not know what was the matter with me. I tried several medicines but they did me no good. Finally, I was told it was my liver. I did not dare to eat as it made me worse. Whenever I swallowed anything it seemed that I would faint—it hurt so. I grew very thin and weak from not eating. Was told to take Dr. Pierce's Golden Medical Discovery. I took five bottles of it, and could feel myself getting better from the first dose. I could eat a little without pain and grow strong fast. To-day I am strong and well and can do a big day's work with ease. Can eat everything and have put on flesh wonderfully. I will say to all sufferers write to Dr. Pierce. He has my undying gratitude."

Color more goods brighter and faster colors than any other dye. One 10c package colors all fibers. The dye can wash water better than any other dye. You can dye any garment without ripping apart. Write for free booklet—How to Dye, Bleach and Mix Colors. MONROE DRUG COMPANY, Quincy, Ill.

Oh, Learned Judge.

A California judge decided that there is no judicial authority to keep a man from making love to his wife, although it could stop his beating her. The remarkable cause of this remarkable decision was that a woman in Los Angeles had applied for an injunction to restrain her husband from insisting on being attentive to her. This judge was not a Solomon, but he realized that only a Solomon could be trusted to rule upon the whims and inconsistencies of womankind.

Calculation. "Going to make garden?" "I dunno," replied the man who always looks discouraged. "I'm busy now figuring up how many tons of lettuce I'll have to raise to pay for the spade and the rake and the rest of the outfit."
