The pall bearers were Misses Gertrude Musser, Ruth Musser, Rosie Smith, Bertha Beatey, Anna McMutrie, and Laura Stiegal.

BROWNING'S "SORDELLO."

Mystery of That "Colossal Derelict on the Ocean of Poetry."

The impenetrable nature of Robert Browning's "Sordello," published in 1840, "a colossal derelict on the ocean of poetry," as William Sharp terms it, has been the theme of many anecdotes. Tennyson declared, writes Lillian Whiting in "The Brownings—Their Life and Art," that there were only two lines in it—the opening and the closing ones—which he understood, and "they are both lies," he feelingly added.

Douglas Jerrold tackled it when he was just recovering from an illness and despairingly set down his inability to comprehend it to the probability that his mind was impaired by disease, and, thrusting the book into the hands of his wife, he entreated her to read it at once. He watched her breathlessly, and when she exclaimed, "I don't know what this means; it is gibberish," Jerrold exclaimed, "Thank God, I am not an idiot."

A French critic, Odysse Barot, quotes a passage where the poet says, "God gave man two faculties," and adds, "I wish while he was about it God had supplied another—namely, the power of understanding Mr. Browning." Mrs. Carlyle declared that she read "Sordello" attentively twice, but was unable to discover whether the title referred to "a man, a city or a tree."

Hair Falling?

You certainly cannot lose your hair and keep it, too. Which shall it be? Lose? Then do nothing. Keep? Then use Ayer's Hair Vigor. That is about all there is to it. Ayer's Hair Vigor is also a splendid hair-dressing and hair-cream. It keeps the hair soft and smooth and greatly promotes its growth. It does not color the hair. Consult your doctor freely. Doctors are studying these hair questions much more than in former days.

Do Not Repair an Old Wooden Porch
In a few years its props and posts will decay again, through exposure to the weather, and you have the job to do over again. Better tear down the wood structure and build it of concrete—posts, steps, foundation and even the floor. Then you will have an everlasting porch of solid appearance and beautiful design, which is also fire-proof. Mix a few sacks of

Universal Portland Cement
with clean sand to make your concrete. It is absolutely uniform in quality and is easily handled. We will gladly show you how to use it in making concrete.
