Four Dollars for a Cake of Soap. Soap has never been considered an extravagance, but now that notion may change, since the new French imported soaps are costing from two to three and four dollars a cake. They are, however deliciously scented, and one may take pardonable pleasure in using such toilet article. "In the meantime my wife who was continually suffering with a slight skin trouble and who had been trying different prescriptions and methods with my assistance, told me she was going to get some of the Cuticura Remedies and give them a trial. Her skin would thicken, break and bleed, especially on the fingers, wrists and arms. I could do nothing to relieve her permanently. When she first applied the warm baths of Cuticura Soap and applications of Cuticura Ointment she saw a decided improvement and in

a few days she was completely cured. "I lost no time in recommending the Cuticura Remedies to Mr. this was two months ago. I told him to wash with warm baths of the Cuticura Soap and to apply the Cuticura Ointment generously. Believe me, from the very first day's use of the Cuticura Remedies he was greatly relieved and today he is completely cured through their use. I have great faith in the Cuticura Remedies and shall always have a good word for them now that I am convinced of their wonderful merits." (Signed) B. L. Whitehead, M.
