LOCALS

The Dale families will hold their annual reunion at Oak Hall, the first Saturday in August.

Kessler, the Millheim clothier, advertises a "Mid-Summer Sale" in this issue. All summer goods are included in the sale.

Mrs. C. D. Runkle and daughter-in-law, Mrs. William L. Runkle and two granddaughters, of Pittsburgh, are at the Centre Hall hotel.

Mrs. Charles Geary and children, of Altoona, are at the home of the former's parents, Mr. and Mrs. M. F. Rossman, near Tusseyville.

The annual reunion of the Zettle families will be held in E. C. Harter's Grove, in Georges Valley, on Saturday, August 24th. All interested are cordially invited.

Mrs. J. W. Mitterling and daughter Anna and grand-daughter Elizabeth Homan, Tuesday were guests at the home of Mr. and Mrs. M. F. Rossman, near Tusseyville.

John Breen, of Altoona, came to Centre Hall on Thursday of last week, and brought with him his children, Lena and Theodore, who will remain here until August with Mr. and Mrs. Harry E. Fye, their uncle and aunt.

Miss Ruth Royer, daughter of Mr. and Mrs. Edwin Royer, of Altoona, is the guest of her uncle and aunt, Mr. and Mrs. H. E. Shirk, in Centre Hall. She also spent some time with Mr. and Mrs. W. W. McCormick, at Pottery Mills, who are also relatives.

A Spring Mills citizen sends the Reporter this information on a card: "The prospects of a \$100,000 milk condenser, at Spring Mills, has already created a boom in this bustling village. The talk of a bank, and the erection of fifteen or twenty houses between now and spring is current."

Mrs. Alvin S. Meyer and children are at the home of the former's sister, Mrs. John Durst, in Centre Hall. Mrs. Meyer came up from Jackson, Florida, where she had been for some months, to avoid the hot summer days. Mr. Meyer is a lumber inspector for the Pennsylvania Railroad Company, and has been located in the south for some time.

Farmers are in the midst of grain harvest in this vicinity. In the eastern and western portions of Penna. Valey the greater part of the grain was cut before this issue appeared. The same is true of Nitany Valley. The high altitude of the surroundings of this place is the cause of grain being tardy in ripening in comparison with the adjoining sections.

Frank V. Goodhart witnessed the operation in the Bellefonte hospital on Mr. Tibbitts, his employer. Mr. Goodhart, a few years ago, underwent a similar operation, and since has become an entirely different man, being able to follow his labors without interruption. He has now had both the experience as principal and witness in a hospital operation, and while he widely prefers to set the role of the latter, he believes the former well worth the suffering that follows.

The Belleville Times makes this reference to a former Pottery Mills resident: Mrs. (Dr.) H. E. Alexander was undoubtedly agreeably surprised last Tuesday night when about fifty of her Belleville friends, during her absence, took possession of their mansion and in hiding eagerly awaited her return from an automobile trip to Allensville with Mr. and Mrs. H. J. Horton to remind her that another natal day was dawning and would be ushered in by the dawn of the early morning. The event had all been planned in secrecy by her friends and she was none the wiser until the crowd rushed forth from their hiding and informed her of the glad event. Sociability then reigned for the next period after which choice and dainty refreshments were served. At a late hour all departed thanking the host and hostess for the hospitality and wishing Mrs. Alexander many more happy returns of the day.

Supports Reporter's Position.

Editor Reporter: In the light you made against the giving of a franchise, perpetual and free, to an electric company, you did not give any account of how other towns treat such projects. Here is one from Somerset county. The Meyersdale Electric Heat and Power Company, of which H. J. Wilmoth is president, asks for a ten year franchise and Mr. Wilmoth agrees to pay \$400 yearly for said franchise. The borough council asks \$900 annually for the same. The president of the company is willing to accept a ten year franchise, but is not willing to pay more than \$400 for it.

On the 7th of May the ordinance had passed second reading, but its passing the third reading, which is required of all ordinances in all towns or cities to make them legal, will depend on whether the council will agree to accept a lower price or the company accedes to their demands.

I do not know the population of Meyersdale but I know that it is only a borough.

W. A. KRISSE.

Mr. Tibbitts Improving.

On Saturday forenoon F. J. Tibbitts, the Centre Hall undertaker, was operated on in the Bellefonte hospital by Dr. Hayes, assisted by Dr. Foster, the family physician. An exploring incision was first made. The appendix was found very much inflamed, and was removed, as was also a small gland near the appendix. Several adhesions of the intestines were also discovered, as was also a "kink" or partial twist of the colon.

Mr. Tibbitts' condition since the operation has been gradually becoming better, although he suffered and is now suffering the pains due to the operation.

The Schools.

Under the School Code the first Monday in July was the day for settlement and reorganization. The officers now are: President, H. G. Strohmeier; vice president, John G. Dauberman; secretary, H. F. Bitner; treasurer, John H. Puff. D. F. Luse was elected to fill the vacancy caused by the resignation of L. G. Rearick. There is a balance in the treasury of \$693.37. The financial statement appears elsewhere in this issue.

If you are a housewife you cannot reasonably hope to be healthy or beautiful by washing dishes, sweeping and doing housework all day, and crawling into bed dead tired at night. You must get out into the open air and sunlight. If you do this every day and keep your stomach and bowels in good order by taking Chamberlain's Tablets when needed, you should become both healthy and beautiful. For sale by all dealers.

Centre Hall Planing Mill

ZETTLE BROS., Proprietors

WE wish to announce that although our plant burned on the night of the 13th, we are prepared to furnish the trade with a large variety of building material. We have several car loads of window sash, doors, siding, flooring, glass, wainscoting, surfaced yellow pine, molding, plastering lath, and rough timber in stock or in transit, and will be pleased to supply the trade.

Our loss was total, having had no insurance, and we therefore respectfully solicit the patronage of the public.

It is our intention to rebuild the plant, and endeavor to furnish the trade with everything in the building line.

ZETTLE BROS., Centre Hall, Pa.

We kindly ask that you come to see us. We want your business and want to form your acquaintance.

F. J. TIBBITTS, Centre Hall

If you own a nice home

be it large or small, you can improve its appearance immensely by building not only the sidewalks, but the front steps, curbstones, well cover, cellar, fence posts, etc., of concrete. It is so much neater than wood and more sanitary. It never decays—is fire and rat proof—and can be easily kept clean.

Concrete is the simplest building material and the most durable. It is readily made from clean sand and a few sacks of good Portland cement—preferably Universal because of its uniform quality and great strength.
