Expect Big Sale of Red Cross Seals. The campaign for selling Red Cross seals this year will be carried on in practically every state and territory in the United States, and even in Porto Rico, the Canal Zone, Hawaii and Philippine Islands. No less than 100,000 volunteer agents, including department, drug and other kinds of stores, motion picture theaters, individuals, and others, will be engaged in the work. Before the sale is completed, it is expected that at least 100,000,000 seals will have been printed and distributed, besides several million posters, display cards and other forms of advertising literature.

Show Devotion to Queen. Queen Alexandra was very much touched by the devotion of the women of every station of life who sold flowers on Alexandra day for one of her pet charities, the hospitals of London. More than \$150,000 was collected, and next year it is said that all of England will celebrate the queen mother's day in the same way.

Speed the Parting Guest. Father Knickerbocker—Can't you stay a little longer? Departing Visitor—No. Haven't a red cent left. Father Knickerbocker—Oh! Well, good-by.

Not So Bad. "I don't see how you can find life worth living in such a small town." "Oh, it's not so bad. We probably have just as many scandals here as there are in your neighborhood."

Their Place. "Where are marital rods in pickle kept?" "I should suggest in family jars."

## THE PROGRESSIVES' STANDARD BEARERS

### Roosevelt and Johnson Candidates of Third Party.

### PLANS PERMANENT PARTY.

Many Seconding Speeches—Jane Addams the First Woman To Second Presidential Nomination—Platform Adopted.

Chicago.—Singing Onward, Christian Soldiers, and the Battle Hymn of the Republic, the delegates to the first National Convention of the new Progressive party acclaimed Col. Theodore Roosevelt, of New York, as their candidate for President and Governor Hiram W. Johnson, of California, as their choice for Vice-President.

Theodore Roosevelt.

Marking a new departure in the proceedings of national conventions, the two candidates immediately were informally notified of their nomination, and in the midst of deafening cheers appeared before the delegates to voice their acceptance and to pledge their best efforts to the coming campaign.

For several long hours during the afternoon and early evening the big throng in the Coliseum had listened to a flow of oratory in nominating and seconding speeches, in which the dominant note expressed was the belief that victory would come to the new party in the November elections. The party formally christened itself "The Progressive Party," leaving out the prefix "National," by which it has heretofore been known, but provision was made for the recognition of "real" Progressives in any of the states by whatever name they should be locally designated because of state laws.

H. W. JOHNSON  
Governor of California.

The convention adjourned at 7.24 P. M., with the delegates singing the Doxology in lusty voice. During the three days it was in session there was not a single roll call nor a ballot taken. The delegates asked no such formalities either in placing their candidates in nomination or in voting for them. There was not a voice of opposition to Colonel Roosevelt or Governor Johnson. The delay in nominating them was due to the large number of seconding speeches allowed.

### LORIMER SENDS HIS BILL.

Senate May Allow Him \$40,000 As Defense Expenses. Washington.—An allowance of \$35,000 or \$40,000 may be made by the Senate to help William Lorimer defray the expenses of his three-year fight to retain his seat. Mr. Lorimer has turned in bills amounting to \$100,000 or \$125,000. They have been referred to the Investigating Committee, which will make a statement to the Senate, that certain items, amounting from \$35,000 to \$40,000, would be a fair allowance, if any be made.

### PASSES DEFICIENCY BILL.

Appropriation Measure Provides For \$6,182,838 Expenditure. Washington.—The General Deficiency Appropriation Bill, carrying \$6,182,838, was passed by the House. The bill contains one item of \$150,000 for the fiftieth anniversary celebration of the battle of Gettysburg next July, coupled with the provision that the State of Pennsylvania appropriate at least an equal amount.

## That One Thing Lacking

Lady Augusta Gregory, the able and ardent apostle of the modern Irish movement, is fond of telling the following story: "It was the wedding day of Pat and Bridget, and they were having a church wedding. It was a grand affair. Pat was dressed with patent leather shoes, white vest and flaming tie. Bridget shone attractively in many colors. The ceremony was over, and the happy pair walked down the aisle, out into the street, where a great crowd greeted them with delight. Once seated within the cab, Bridget leaned over to Pat and said, in a loud whisper, 'Och, Pat, if we could only have stood on the sidewalk and watched ourselves pass, wouldn't it have been livin'!"

America's Athletic Missionaries. Writing under this title in Harper's Weekly, Edward Bayard Moss describes our athletic triumph at Stockholm in the Olympic games. "Some idea of the caliber of the athletes and the competition can be gained from the fact that thirteen new Olympic and nine world's records were established during the games. The victory of Arnold Jackson of Oxford in the 1,500-meter run was the only feature that redeemed England's poor display."

Baby Cried Day and Night with Colic till she was 3 months old, then we got Kopp's Baby's Friend and that cured her. Used it also when she was teething and cannot speak too highly of it. So writes Mrs. L. P. Plummer, Rockland, Me. Sold by druggists, 10c, 25c, and 50c, or sent direct by Kopp's Baby's Friend Co., York, Pa. Sample by mail on request.

Lacks Originality. "Bikins tells me that he has lately subscribed for a new thought magazine." "I hope its perusal will inspire him with some new thoughts. Nobody talks about the weather more than Bikins does."

Business Practice. "The new actor in this company certainly knows how to act on people's feelings with fine touches." "Yes; he used to be a dentist."

## COMMERCIAL Weekly Review of Trade and Market Reports.

Bradstreet's says:

"This week's reports again spell progress and a more clearly defined movement toward enlarged business is reflected in most sections save parts of the South. This disposition is manifested to a greater extent at Northwestern points than anywhere else, though most markets, save a few in the South, have shared in the general betterment."

"In the textile lines price advances are significant of an enlarged demand, either present or prospective. Indeed, those buyers who have hesitated about paying the advances asked are coming into the markets and, of course, the mills are firm in their views as to prices, as it is fully recognized that supplies are not overplentiful, first, because prolonged hand-to-mouth buying caused manufacturers to restrict output to demand, and secondly, because labor troubles have militated against anything like full operations. "In industrial circles employment is good and the iron and steel industry continues to sound activity."

"Business failures in the United States for the week were 224, against 252 last week, 208 in the like week of 1911, 166 in 1910, 184 in 1909 and 205 in 1908."

## Ivy poison quickly healed by Resinol

Ivy or oak poison, sunburn, heat rashes, insect bites, and other annoying hot weather skin-troubles are instantly relieved and quickly healed by Resinol Ointment and warm baths with Resinol Soap.

Mr. Edgar A. Norris, of Unionville, Md., writes, May 9, 1912: "Every summer I get ivy-poison. I have suffered awfully, cannot sleep and almost go wild with itching and pain. The worst places get perfectly raw. I have tried dozens of remedies that had no effect. Last summer I had a severe case, and tried Resinol Ointment. I found it the very thing. It not only is soothing and stops that awful itching, but it heals rapidly. I was soon rid of the trouble."

Sample free: Resinol Soap and Resinol Ointment are also most effective for eczema, baby rashes and chafings, bad complexions, dandruff, and falling hair. Your druggist sells them, but for generous, free samples of each, write to Dept. 105, Resinol Chem. Co., Baltimore, Md.

## A WONDERFUL DISCOVERY.

In this age of research and experiment, all nature is ransacked by the scientist for the most potent and best pieces of man. Science has indeed made giant strides in the past century, and among them, by no means the least important—discovery in medicine is that of Therapion, which has been used with great success in French Hospitals and that it is worthy the attention of those who suffer from kidney, bladder, nervous diseases, chronic rheumatism, skin eruptions, piles, etc. there is no doubt. In fact it seems evident from the big list created amongst specialists, that THERAPION is destined to cast into oblivion all those questionable remedies that were formerly the sole reliance of medical men. It is of course impossible to tell sufferers all we should like to tell them in this short article, but those who would like to know more about this remedy that has effected so many—write almost—say, miscellaneous notes, should send addressed envelope for FREE book to Dr. LeClerc Med.
