

ORGANIZING FOR WILSON

One of the most encouraging of the many factors which indicate the tremendous popularity of Wilson and Marshall is the spontaneous organizations that are springing up to forward their candidacy. Besides the Woodrow Wilson leagues, which have spread all over the country, there are now actively in the field the following organizations:

The College Men's League.

The Commercial Men's League.

The National League of Business Men for Wilson and Marshall.

The Wilson National Progressive Republican League.

Woman's National Wilson and Marshall League with which Dr. Wiley is connected as President of the Bureau of National Health Conservation.

All of these organizations are working most enthusiastically for the success of Governor Wilson and the reasons they give for their activity are interesting. For instance Cleveland H. Dodge, president of the National League of Business Men, says:

"This League has been organized for the purpose of concentrating the sentiment and activities of men representing all business interests in the United States who favor the election of Woodrow Wilson for President, and Thomas R. Marshall for Vice-President of the United States.

"The chief aim of the League is to insure safety and sanity in governmental action as affecting business interests.

Governor Wilson has written us:

"I am very glad to learn of the organization of this National League. No study of the history of government can be candidly made which will not lead to the conclusion that the very thing that government cannot let alone is business, for business underlies every part of our life. The problem of politics is co-operation, and I am very sure that just as soon as the business of this country has general, free, welcome access to the councils of government all the friction between business and politics will disappear.

WOODROW WILSON."

Dr. Wiley for the Women's League, has assisted in the preparation of a pamphlet of which he says:

"We quote from the writings of both Taft and Roosevelt on the pure food laws and we demonstrate beyond any doubt that they have done all in their power to block legislation towards the proper enactment of laws that would protect the public from fraud.

"We also show the false workings of certain laws that both of these gentlemen have approved. There is no theory or guess work about this document. It is made up of startling facts that every voter in the country should read and know about.

"We will mail one of these documents to every member of the Women's Clubs in this country, but we do not expect to

stop there. We want the men to know. Roosevelt has rallied a number of women to his support but when they ascertain his true views as taken from his writings and the laws he favored, they will desert him by the thousands."

The Wilson National Progressive Republican League, under the able direction of the militant reformer, Rudolph Spreckles, is enrolling many Republicans for Wilson. Membership in this League is composed entirely of men who desire to preserve their identity as Republi-

cans, but under existing conditions will aid in electing Governor Wilson, president of the United States.

The Commercial Men's Wilson League is composed entirely of traveling men who are this year particularly strong for Wilson.

You are invited to join any of these movements. The enrollment blank below is so arranged that you may insert the name of the particular organization you wish to join. Fill it out and mail to the address given, at once.

Peril of Watermelon Eating.

A small negro boy stood by the side of the road near a river, standing on one foot, holding his head on one side and pounding the top of it with his hand.

"What's the matter?" inquired the traveler.

"Watah in mah eah," grinned the boy.

"Well, well, I declare!" said the traveling man. "To think I'd forgotten! I've done the self-same thing many a time when I've been in swimming and got water in my ears."

"I ain't been er swimmin'," the boy denied.

"How'd you get water in your ear, then?"

"Ah been eatin' watermillion," was the reply.—*Louisville Times.*
