THE DEMOCRATIC TICKET.

PRESIDENT—Woodrow Wilson, New Jersey.
VICE PRESIDENT—Thomas R. Marshall, Indiana.
AUDITOR GENERAL—Robert E. Crosswell, Cambria county.
STATE TREASURER—William H. Berry, Delaware county.
CONGRESSMEN-AT-LARGE—George B. Shaw, Westmoreland county; Joseph Hawley, Allegheny county; George H. McClean, Luzerne county; E. E. Greenwood, Lancaster county.
CONGRESS—James Gleason, Du Bois
LEGISLATURE—Robert M. Foster, State College.

Gleason A Progressive.

James A. Gleason is the nominee of the Democratic party for Congress and he should also have been the nominee of the Progressive or Washington party. His record would entitle him to the vote of the Washington party as he has been a progressive Democrat for the last 16 years. He was the orator of Clearfield county for Bryan in 1896, and has all through these years stood just where Bryan stood on all questions before the country. He is one of the leading lawyers of Clearfield county and is popular with all classes of people. His wife is a daughter of Rev. Gearhart, a Methodist minister, who years ago preached in different places in Centre county being an evangelistic minister, and still lives in the town of Clearfield. Mrs. Gleason is a graduate of Dickinson seminary, at Williamsport, and is a leading worker in the Methodist church of DuBois.

Mr. Gleason is spoken of by all parties in his home town as being the cleanest man ever nominated for any office—a man of character and ability, and if elected will represent the people of this district with ability and integrity.

Vote for Gleason for Congress. President Wilson must have a Democratic congress back of him if he is to accomplish anything. No good reason can be produced why you should withhold your support from him. You are doing only half your duty as Democrat if you do not help President Wilson secure a Democratic congress.

The Rally at Millheim.

The Democratic rally at Millheim last Friday evening was an enthusiastic one, and no one who was present can doubt the loyalty to the party of the Democrats of lower Penns and Brush Valleys. They realize that success—national and local—has been attained after a long struggle, and they will not now leave the ship when it is riding on the waves of success.

The meeting was held in the town hall, and after it was called to order by the local chairman, Mr. Musser, of the Journal, was made chairman. James Gleason, Esq., was the first speaker, and it would have been a good thing if every voter—Democratic, Republican, Bull Moose, Socialist—could have heard him. Mr. Gleason gave a heart-to-heart talk. He won the admiration of everyone present, and put to shame those who had attempted to assassinate his private character.

Senator Heinle spoke next, and argued that the local candidates—Gleason and Foster—should be supported by every Democrat, so that the party would have complete control of government affairs when Wilson becomes president.

Lee Francis Lybarger was the speaker sent by the state committee as supply in the absence of the Mississippi Judge. Mr. Lybarger is a trained speaker, being a lecturer of note. He is one of Bryan's 1896 converts from the Republican ranks, and he has not regretted the day that he came into the Democratic fold. The measures contended for by Bryan are the measures now most popular with the people. The speaker covered the political topics of the day, and argued them in a most convincing way.

Hon. R. M. Foster, candidate for the legislature, made a plea for support at the polls that will not be denied him by his hearers.

LOCALS.

Tonight (Thursday) is Halloween. A legislative lobby is being formed in Pennsylvania to further the interests of the farmers within the state. One of the chief things the lobby will contend for is an appropriation for a state fair.

The Hagan carpenters are constructing a mammoth corn crib on the Huyett farm, west of Centre Hall. This addition was made necessary on account of the very successful farming methods adopted by Mr. Huyett's tenant, Perry H. Luse.

Fifteen-dollar hay is being shipped from the Centre Hall station. The hay crop in the valley was very fair, and the very fair price being paid now means that Penns Valley farmers will draw a nice sum of money for it to tide them over the period of "high cost of living."

Judging from the amount of coal that was stored by residents of Centre Hall during the past two weeks, a repetition of last winter's severe weather is anticipated. Regardless of the high coal bills occasioned by excessively cold winters like last, deliver us from more of them during the present century.

V. B. Stauffer, of Harrisburg, was in Centre Hall last week. He represents Bossler and Forrer, heating contractors, also located in the state's capital. Mr. Stauffer sold four heating plants here, two of which have already been installed. The purchasers are W. E. Mingle, Esq., Merchant C. F. Emery, Guyman L. Smith, The Centre Reporter. The system is known as the blower, and can be changed from steam to hot water by simply turning a valve.

There is a possibility that a wireless receiving station will be erected in Bellefonte, and the likely point for one tower is the Centre county jail. The idea is to give the exact time each day as sent out from Arlington by a powerful sending station to all war vessels. The receiving station will be in Blair's jewelry store. While the main object of locating the station in Centre county is to give correct time, everything sent out by the government at the Arlington station will also be received.

The large bank barn on the Joseph F. Gummo farm, one mile east of Sedona, was totally destroyed by fire on Wednesday morning of last week. In addition to the barn and outbuildings 500 bushels of wheat, 300 bushels of oats, 25 tons of hay, a calf, and many farming implements were destroyed. The fire started under the mow hole in the rear of the entry and when discovered had gained such headway that it was with some difficulty the stock was gotten out. The loss is placed at three thousand dollars with a small insurance in the Sugar Valley company.

When the new congress assembles, you, a Democrat or progressive of any type, will feel badly if you did not give the Democratic candidate for congress in your district your support. Don't you think it would be foolish to bend your efforts to elect a Democratic president and then at the same time aid the Republicans to elect a Republican congress. You can readily see that if you do not vote for Mr. Gleason you are helping the Republicans to thwart the passage of every good law a Democratic president will recommend.

A vote for Mr. Gleason for Congress is a vote that will aid a Democratic president to secure the passage of laws needed to relieve all classes. Do not lessen a Democratic president's power to accomplish the very thing we are all contending for by withholding your vote from Mr. Gleason. You cannot expect a Republican congressman to support a Democratic measure, so if you want anything accomplished during the next four years after March 4th, President Wilson must have a Democratic Congress back of him. Vote for Gleason.

Vote for Foster.

The Coughs of Children

They may not cough today, but what about tomorrow? Better be prepared for it when it comes. Ask your doctor about keeping Ayer's Cherry Pectoral in the house. Then when the hard cold or cough first appears you have a doctor's medicine at hand. This cough medicine is especially good for children. No anodynes. No alcohol.

Many a child is called dull and stupid when the whole trouble is due to a lazy liver. We firmly believe your own doctor will tell you that an occasional dose of Ayer's Pills, sugar-coated, will do such children a great deal of good. Ask him.

Attention, Farmers

Seeding time is on, and the question of fertilizing will, no doubt, be carefully debated by you. I want to call your attention to the fact that I have in stock ROYSTER FERTILIZERS. If you have failed to place your order in time for fertilizer, or find that you have insufficient for your requirements for Fall seeding, I invite you to give the Royster a trial. I have the goods here and you can drive in at your convenience and get them—the only right way to handle fertilizer. You need not inconvenience yourself by hustling out at a time when you are busy with some other work to get your fertilizer out of a car. When you need the fertilizer, come in, or if you are in town with a team, take some along and save an extra trip.

You will not go wrong on Royster goods; they are founded on Merit and based on Quality. Royster Fertilizers are compounded, not merely mixed. Don't delay; come early.

Oh yes, you no doubt have been thinking of doing some concrete work this Fall yet. In case you do, you will need good cement, for you cannot make good concrete work with poor cement. For all round concrete work the ALPHA PORTLAND CEMENT stands second to none. It will make a good substantial job and color out right. I have sold lots of it and not one sack went wrong. Try it.
