

TWO KILLED AT CINDER DUMP.

Two Young Men Blown to Pieces Saturday Afternoon—Funerals Monday and Tuesday.

Two young men met their death while working at the cinder dump along the pike near Bellefonte. The cinder is being used to make state road, and in order to make it possible to handle the mass, dynamite is used to break up the almost solid body of material. Two charges of dynamite had been placed in a hole drilled for that purpose, and the fuse of both lighted. One of the charges exploded, but the other proved faulty. The workmen thought the fuse had not performed its part, and that there would be no danger in returning and correcting the error. Messrs. Robert Hunter and Frank Hazel proceeded to do so, and while they were examining the surroundings, the charge exploded, horribly mangling and instantly killing Mr. Hazel, and so seriously injuring Mr. Hunter that he died a few hours after reaching the hospital.

Frank Hazel was the son of Mr. and Mrs. Cornelius Hazel, of Pleasant Gap and was aged twenty-six years. The funeral was held Monday afternoon, and was attended by a large number of members of the Moose lodge, of which the deceased was a member. The religious services were conducted by Rev. J. I. Stonecypher, and interment was made at Pleasant Gap.

Robert Hunter was the son of Boyd Hunter, of Axe Mann, aged nineteen years. Interment took place at Pleasant Gap on Tuesday, Rev. D. F. Frum, pastor of the Methodist church, officiating.

CONNECTICUT FOR WILSON

Democrats Also Elected Entire State Ticket.

Hartford, Conn., Nov. 6.—Connecticut swung back to the Democratic ranks. The vote of the state shows the choice of electors who will cast the seven votes of the state for Woodrow Wilson, that decision being made by a plurality of 10,000.

Baldwin, the Democratic governor of the state, is re-elected by a plurality that threatens to exceed 15,000. The election of five Democratic congressmen is indicated.

The large plurality of Governor Baldwin carried the entire Democratic state ticket with it, something that has not happened in Connecticut in this generation of voters. Governor Baldwin ran well ahead of Governor Wilson.

The Democrats will control the state senate, thus making certain the ability of the governor to secure confirmation of his appointments.

The house is close and the Progressives may have the balance of power. The state does not choose a United States senator, however, this year.

The showing made by the third ticket is a disappointment. President Taft's friends in this state rallied behind him as a Yale man, and the indications are that his total vote will be nearly double that of Roosevelt. Herbert Knox Smith, the Progressive candidate for governor, apparently ran five Democratic congressmen to take the place of the present Republicans and one Democrat.

HOW TAFT HEARD THE NEWS

Had Private Wires in Brother's Home in Cincinnati.

Cincinnati, O., Nov. 6.—President Taft received the news of his defeat at the home of his brother, Charles P. Taft, on Pike street.

A telegraph office was set apart in one of the rooms of the mansion, and as soon as the wires were opened bulletins telling of Governor Wilson's election and the Democratic landslide began pouring over the wires in rapid succession.

Among the first bulletins was a report from Acushnet, Mass., showing that the president had carried that town, but by a considerably reduced majority over the figures of four years ago.

A few minutes later came information that Wilson had carried New York and Massachusetts by large majorities. Next the announcement of State Chairman Barnes, of New York, conceding New York to Governor Wilson ticked over the wires.

After reading these bulletins Mr. Taft was practically convinced of the election of Governor Wilson to the presidency.

With the president were his brother, Charles P. Taft and Mrs. Charles P. Taft, Miss Louise Taft, Major Thomas L. Rhoades, the president's military aide, and several personal friends.

NEW JERSEY DEMOCRATIC

Gives Wilson About 60,000 Plurality, Roosevelt Running Second. Trenton, N. J., Nov. 6.—Returns from

New Jersey, with many of the counties reported by a few voting divisions. Indicate that the home state of the president-elect has stood by him most loyally.

From the returns a plurality of something like 60,000 is indicated, with Roosevelt running second and Taft left far behind. In Hudson county, one of the Wilson strongholds, several thousand voters were unable to vote because of a misapprehension of the registration law, but the county nevertheless has given the governor fully 25,000 plurality.

The Democrats seem to have carried 11 of the 12 congressional districts, and John J. Gardner, in the Second, is probably beaten by J. T. Thompson-Baker by 2500. In the First William J. Browning appears to have won, but there is doubt as to the election, with Colonel D. Stewart Craven, Democrat, and Frank B. Jess, Roosevelt Progressive, running close. Camden county appears to have given Browning a plurality of but 1000, while Salem county has given Craven a large plurality and Gloucester is a stand-off. Congressman Thomas J. Scully, Democrat, appears to be re-elected by a safe plurality in the Third, and Allen B. Walsh, the Democratic candidate, in the Fourth.

The Democrats appear to have won four of their six candidates for the senate, giving them a majority of one in that body, with the seven hold-over senators.

ROOSEVELT TO WILSON

He Congratulates Governor on His Election to Presidency.

Oyster Bay, N. Y., Nov. 6.—Colonel Roosevelt sent the following congratulatory message to Governor Wilson at Princeton:

"The American people by a great plurality have conferred upon you the highest honor in their government. I congratulate you thereon.

"THEODORE ROOSEVELT."
Colonel Roosevelt also issued the following statement: "The American people by a great plurality have decided in favor of Mr. Wilson and the Democratic party. Like all other good citizens, I accept the result with entire good humor and contentment.

"As for the Progressive cause, I can only repeat what I have already so many times said, the faith of the leader for the time being is of little consequence, but the cause itself must in the end triumph, for its triumph is essential to the well being of the people."
THEODORE ROOSEVELT.

BULZER ELECTED GOVERNOR

For the First Time in Years a Democratic Presidential Candidate Carried the State Outside of the Big City.

New York, Nov. 6.—Wilson and Marshall have carried New York state by pluralities of anywhere from 150,000 to 200,000.

For the first time in years a Democratic presidential candidate has come down to the Harlem river with a plurality to add to his own plurality in the greater city of New York. Wilson and Marshall have outrun both Roosevelt and Taft in the Republican strongholds beyond the northern barriers of the Democratic city of New York.

But the Democrats this year have seemed to stop at nothing. Congressman William Sulzer has knocked the spots out of both Oscar Strauss, his Progressive opponent, and Job E. Hedges, the Republican standard bearer. Mr. Sulzer has a plurality of 140,000. Wilson has carried the greater city by not far from 125,000.

New York, in addition to choosing Democratic candidates in the state and nation, has put the Democrats in power, apparently, in both branches of the state legislature. The state senate will stand 23 Democrats to 18 Republicans and Progressives. The lower branch of the state legislature will be almost two to one Democratic. It will stand 100 Democrats to 50 Republicans.

The Democrats have also elected their associate judges of the court of appeals.

The party of the Bull Moose has run second in New York state and the Republican party third. It has been said that the Republican bosses would almost as soon have seen the Progressive ticket win in the state of New York as to have run second. To run second means that the Bull Moosers will have second place on the ballot at the next election, and it will mean that they will share with the victorious Democrats an equal division of the election machinery of this state.

If there be real cohesion in the Progressive party and if, as their national leader has said, the Progressive party is more than a man and an eternal principle, this second place in the race this year will give them a very considerable advantage in the election machinery of the next election and, so far as the election machinery is concerned, the Progressive party will be the real party in opposition to the dominant Democrats.
