DEATHS (Continued from first page)

In this issue of the Reporter the writer is obliged to pen the death notices of several of his personal friends, and it is with the deepest regret that the same pen that tells of the glad New Year

day must tell of these sorrowful events. No death in this locality for a number of years was less expected than that of Mr. Mingle's, The news of it was not only a shock to the family and friends but to the entire community. Within an hour the news had spread to all parts of the county that Centre Hall had lost one of its chief business men, a banker, a justice of the peace, a public spirited man, a religious man, a man of admirable social qualities, a man well informed on the topics of the day, a friendly man; a man who loved his home and his children. These qualities are attributed to him by persons most intimately acquainted with him during his early life, during his middle life, dur-

ing his latter life.

It was two days after Christmas that Mr. Mingle went to his stable to perform a bit of work made necessary because of the fact that he expected on that day to have brought there several shoats that were to be developed into more than ordinary size. Always prompt in the Week of Prayer to be observed in Centre | reaching his place of business, a delay Hall. Tusseyville, morning service; Spring made Mrs. Mingle anxious. With no thought that anything serious had happened, but to remind him of the hour of the day, Mrs. Mingle went to the stable. She made a hurried tour of one or two parts of the building, and failed to find him but on coming back to the house Mr. and Mrs. James W. Stover, of she immediately returned. This time she viewed the building with more care, death. The alarm attracted nearby Charles C. Shuey, Bellefonte.

Mr. Mingle was born in Aaronsburg September 15th, 1845, and was therefore aged sixty-seven years, three months and twelve days. His father was Henry A. Mingle and his mother Eva Bower. He was the oldest in the family. When but a youth he took up the trade of shoemaking and worked beside his nace, College township, and who for father on the bench. Later he went west, clerking in a number of places, one of which was Amboy, Illinois.

It was on November 10th, 1869, that he married Miss Lizzie Yearick, also a resident of Aaronsburg. They were at Tusseyville, and she kindly requests lovers from childhood. Their two chilthe finder to return same to her, and dren are Mrs. J Emory Hoy, of Philadelfurther promises to give a suitable re- phia, and W. Gross Mingle, of Centre Hall.

During the winter of 1872-3 William Wolf, then a merchant in Centre Hall Mill, has leased a mill at Lock Mills, Daniel Hess, who was similarly engaged and will move there in the spring. at Linden Hall; Peter Hoffer, a farmer He will be succeeded by Charles near Centre Hall, and General James A. Hockman, who recently purchased Beaver and J. P. Harris, the latter a banker, formed a private banking company, and on the following April first the Penns Valley Bank, with the gentlemen named above as stockholders, opened its doors for business, with Mr. Mingle as its cashier. Later he acquired an interest in the institution. When first Elmer Royer and Miss Sadie Gfrerer, organized the Penns Valley Bank was a small concern, but it grew and grew. In 1877 the present bank building was erected, and the concern then occupied more pretentious quarters. Mr Mingle remained cashier of the bank until his death, and the greater part of the business from its beginning was conducted by him. The high rating of the institution today proves best the good judgment exercised in his business transactions for

more than forty years. Mr. Mingle always took an active interest in politics. Upon the death of Prothonotary Brett he was appointed to fill the vacancy, and was a candidate at the primaries for the nomination for ly conferred other honors.

The clay tenement was buried on Monday morning, after appropriate rehome. These services were conducted Hazel, Lillian, and Margaret Emery; by Rev. R R. Jones, pastor of the Reformed church, and of which denomina-Rev. Fred W. Barry also assisted.

Brown, a stranger in a Canadian city, stopped a pert looking newsboy and asked directions to a well known park. He grew wrathy as he repeated the urchin's instructions. "Take any old street car," Brown

echoed. "Yes." "And at the end of the line change to the first young street car. Is that

what you said?" "Yes," answered the boy, with a grin. Then he shied off at the gentleman's gesture toward his cheek.

"You'd better run," Brown called after him. "You needn't try your smart tricks on me or I'll thrash you." He walked away, stopped at a newsdealer's to buy a city guide and found the directions to the park as follows: "Take any Olde street car to end of line, then change to Yonge." - New York Press.

When Hoops Began. When were hoops "in" for the first time? According to Strutt, "trundling the hoop is a pastime of uncertain origin, but much in fashion at present" (1801). Dr. Murray's dictionary, incldentally remarking that the original hoop affected by boys was a barrel hoop, gives no English reference to it earlier than 1792. But the hoop was well known to ancient Greek and Roman boys, who called it a "trochus" (wheel). Their hoops were made of pronze, and representations of them on gems show that they were driven by a little book with a wooden handle, very like the modern boy's hoop stick. This was called by the Greeks "elater" driver) and by the Romans "clavis" (key). Sometimes the ancient hoop had bells attached to it.-London Mail.
