Pessimism.
Willie—Paw, what is a pessimist?
Paw—A man who takes an umbrella along when he goes to a ball game.—Cincinnati Enquirer.

Inherited.
"Was there ever an informer in your family?"
"What do you mean by such a question as that, sir?"
"I noticed that your baby is inclined to be a squealer."

Beans in His Head.
Two beans, one of which had sprouted into an embryo plant, were removed from the head of a Mexican laborer at San Bernardino, Cal., by a physician. For months the man had been afflicted with severe pains. The beans had entered his head through his left ear. The growing plant was nearly an inch long and apparently had flourished in the ear tube.

Wanted Slaves for Missouri.
On January 27, 1878, Don Bernardo de Galvez, governor of the Spanish province of Louisiana, which included Missouri, petitioned the king of Spain for aid for the settlers along the Missouri river and Mississippi river in Missouri. "The said inhabitants," he wrote, "in order to promote the culture of these plants (flax and hemp), would desire that the compassion of the king should design to provide them with negro slaves on credit, for whom they may pay with the crops afforded."

Rose to the Occasion.
"Where did you get those lovely roses, dear?"
"Aren't they beautiful?"
"Yes—where did you get them?"
"Robert Bosqueau gave them to me."
"Bobby Bosqueau? Why?"
"Yes, I know what you are going to say. His wife has been dead only six weeks, and isn't it pathetic that he is bringing me roses?"
"Yes—haven't they kept well?"
"And the breeze blew, and the raindrops fell, and it wasn't for quite a while that the fierce enemy started—Exchange."

STEADY HAND.
A Surgeon's Hand Should Be the Firmest of All.

"For fifteen years I have suffered from insomnia, indigestion and nervousness as a result of coffee drinking," said a surgeon the other day. (Tea is equally injurious because it contains caffeine, the same drug found in coffee).

"The dyspepsia became so bad that I had to limit myself to one cup at breakfast. Even this caused me to lose my food soon after I ate it."
"All the attendant symptoms of indigestion, such as heart burn, palpitation, water brash, wakefulness or disturbed sleep, bad taste in the mouth, nervousness, etc., were present to such a degree as to incapacitate me for my practice as a surgeon."
"The result of leaving off coffee and drinking Postum was simply marvelous. The change was wrought forthwith, my hand steadied and my normal condition of health was restored." Name given upon request. Read the famous little book, "The Road to Wellville," in pkgs. "There's a reason."

Postum now comes in concentrated, powder form, called Instant Postum. It is prepared by stirring a level teaspoonful in a cup of hot water, adding sugar to taste, and enough cream to bring the color to golden brown.
Instant Postum is convenient; there's no waste; and the flavor is always uniform. Sold by grocers—50-cup tin 30 cts., 100-cup tin 50 cts.

A 5-cup tin mailed for grocer's name and 2-cent stamp for postage. Postum Cereal Co., Ltd., Battle Creek, Mich. Adv.

Backache Makes Anyone Feel Old

Nothing ages anyone more quickly than weak kidneys. It is not alone the aching back, the stiff, painful joints, but the evil effect of bad, poisoned blood on the nerves, the vital organs and the digestion.

The condition of the kidneys makes good health or ill health. The kidneys are the filters of the blood. Active kidneys filter from the blood every day over one ounce of poisonous waste and pass it off dissolved in the urine. If the kidneys are weak or diseased, only part of this filtering is done and the blood is heavy with uric acid and other poisonous or waste matter. Instead of being nourished by the blood, the nerves and vital organs are irritated, and the circulation, digestion, etc., are disturbed. If your back aches constantly, if your joints are stiff, lame and painful, suspect the kidneys. Kidney sufferers are likely to feel dull, heavy, restless at night, rheumatic, dizzy at times, subject to headaches and annoyed with sharp, piercing pains that make work an agony and rest impossible. Doan's Kidney Pills are the best recommended and most widely used remedy for weak or diseased kidneys. They act quickly; contain no poisonous nor habit-forming drugs and leave no bad after-effects of any kind—just make you feel better all over.

"Every Picture Tells a Story"

The following case is typical of the cures effected by Doan's Kidney Pills. Grateful testimony is the best evidence.

WISHED FOR DEATH.

Cured After Doctors Gave Up Hope.
G. W. L. Nesbitt, Marion, Ky., says: "Kidney disease had made me a chronic invalid. I couldn't get out of bed for two weeks at a time and no tongue could describe my suffering. I often wished that death might come and end my agony. The kidney secretions were thick and heavy and the color of blood. My sight had almost failed. My limbs were badly swollen and the doctors said I had dropsy. They held out little hope for my recovery. I couldn't raise my arms above my head, in fact, my side was almost paralyzed. I had lost all hope, when a relative told me to try Doan's Kidney Pills. I began to improve from the very first dose. Before I had finished one box of Doan's Kidney Pills, I was greatly relieved of the pain and as I continued using them, I was overjoyed to see the dreadful symptoms from which I had suffered so many years, leave me, one by one. In three months I was a well man, attending to my work. I am firmly convinced that Doan's Kidney Pills are the greatest remedy in the world for diseased kidneys."

FACE DISFIGURED WITH SKIN TROUBLE

3107 Foster Ave., Baltimore, Md.—"About five months ago little blisters appeared on my face. They looked like blisters from fire burns. They itched and burned something terrible, which caused me to rub them and they burst, then sores appeared which disfigured my face. My face was all full of sores. The disease spread from my face to my neck and back. When anything touched them they would burn and stick to my clothes, which kept me from sleeping and made me suffer terribly. I used home remedies and I used a salve but it did no good. I suffered about three months then I saw the Cuticura Soap and Ointment advertised and I thought I would send and get a sample and try them. I used the sample of Cuticura Soap and Ointment and they helped me a great deal. Two months and they completely cured me." (Signed) Edward V. Thomas, Mar. 26, 1912.
Cuticura Soap and Ointment sold throughout the world. Sample of each free with 3c Skin Book. Address post-card "Cuticura, Dept. L, Boston." Adv.

Easier and Plesanter.

Talking of ladies' shortcomings recalls a story recently heard of a large and determined-looking woman who wore a very large hat one evening at the theater. "Madam," said the attendant politely, "I must request you to remove your hat. It is annoying this gentleman behind you."
The massive lady turned and haughtily surveyed the complainant. "Do you mean that little weedy, under-sized creature?" she asked. "This gentleman behind you," the attendant corrected her. The lady settled herself in her place. "You will find it easier and pleasant," she said decisively, "to remove him!"

Still Untasted.

"What," asked Mrs. Oldcastle as she picked up a volume of Limp Feather Edition of the Classics, "do you think of Thucydides?"
"I really don't know," replied Mrs. Gotalotte, after she had straightened a corner of her \$600 royal Persian rug; "we've never had any Persians here; we've never had any Persians here, and our grocer never seems to have any except the ones in cans."—Exchange.

Eager for His Rights.
As little Freddie had reached the mature age of three, and was about to discard petticoats for manly raiment in the form of knickerbockers, his mother determined to make the occasion a memorable one. The Bristol Times tells what happened. The breakfast table was laden with good fare as the newly-breeched infant was led into the room. "Ah!" cried the proud mother, "now you are a little man!" The fledgling was in ecstasies. Displaying his garments to their full advantage, he edged closer to his mother, and whispered, "Mummie, can I call pa Bill now?"—Youth's Companion.

Silencer.
Dr. Henry Van Dyke, the distinguished clergyman, has a neat way of silencing the censorious. At a luncheon in Princeton a certain bishop was being discussed, and a visitor said: "I don't like the bishop. He is too much a man of the world to suit me."
"Quite so," Dr. Van Dyke retorted quickly; "but which world, this or the next?"

Adopted Standard Carat.
The international carat which has been adopted in this country to be effective July 1 next, is 200 milligrammes, or one-fifth of a gramme (3.086 grains), and is now in use in France, Germany and practically all countries except the United States, Great Britain, Belgium and Holland.

Obliging Landlord.

It was getting very late and Dubbleigh's gasoline had given out. "Anybody around here get any gasoline?" he asked, drawing up at a small hotel by the roadside. "Nobody but me," said the landlord. "Good!" said Dubbleigh. "How much do you want for it?" "Couldn't sell it to you today," said the landlord. "It's Sunday." "But, see here, my friend," protested Dubbleigh. "What can I do?
