

Resinol stops skin troubles

F you have eczema, ringworm, or other itching, burning, unsightly skin or scalp eruption, try Resinol Ointment and Resinot Soap, and see how quickly the itching stops and the trouble disappears, even in severe and stubborn cases.

Pimples, blackheads' and red, sore, chapped faces and hands speedily yield to Resinol.

Resinol Ointment and Resinol Soap heal skin humors, sores, boils, burns, scalds, cold-sores, chafings and piles. Prescribed by physicians for over 17 years. All druggists sell Resinol Scap (25c) and Resinol Ointment (50c and \$1). For sample of each write to Dept. 15-K. Resinol Chemical Co. Baltimore, Md.

SPIRIT, IN TUBERCULOSIS WAR

Nineteen Million Dollars Expended Last Year in Fight Against the Dread White Plague.

Nearly \$19,000,000 was spent in the anti-tuberculosis campaign in the United States during the year 1912, according to the fourth annual statistical statement of expenditures in this movement issued by the National Association for the Study and Prevention of Tuberculosis. The expenditures during the year for sanatorium and hospital construction and treatment make the largest single item in the total, amounting to nearly \$16,800,000. This is an increase of nearly \$5,000. 000 over the same group of expenditures for the year 1911. The antituberculosis associations and committees spent over \$765,000, while dispensaries and tuberculosis clinics spent over \$500,000. Over \$415,000 an any way changing the arrangement was spent for the maintenance and of the frames. establishment of open-air school and fresk air classes, which is more than double the amount spent for this purpose in 1911. Official, state and municipal expenditures outside of the maintenance of institutions, which are included in the other totals, amounted to \$280,000. In addition to these figures, about \$500,000 was spent by hospitals for insane and penal institutions in caring for their tuberculosis FEW EXPERIMENTS IN FEEDS inmates.

Not a Complaint.

"Well, Oscar, we ought to get in that picture also, I should think." "No, you needn't be on every plate. I took my camera along to have some pleasant recollections of the trip"

Fully two-thirds of what the average man says is of no consequence.

DREADED TO EAT. A Quaker Couple's Experience.

How many persons dread to eat their meals, although actually hungry nearly all the time!

Nature never intended this should be so, for we are given a thing called appetite that should guide us as to what the system needs at any time and can digest.

But we get in a hurry, swallow our food very much as we shovel coal into cents. the furnace, and our sense of appetite becomes unnatural and perverted. Then we eat the wrong kind of food or eat too much, and there you areindigestion and its accompanying mis-

A Phila, lady said: and nervous for 15 or 20 years from drinking coffee-feverish, indigestion, totally unfit, a good part of the time, for work or pleasure. We actually dreaded to eat our meals. (Tea is just as injurious, because it contains caffeine, the same drug found in cof-

surprising results. We both liked it

"The Road to Wellville," in pkgs. Postum now comes in concentrated, powder form, called Instant Postum. It is prepared by stirring a level teaspoonful in a cup of hot water, adding sugar to taste, and enough cream to bring the color to golden brown.

Instant Postum is convenient; there's no waste; and the flavor is always uniform. Sold by grocers-50-cup tin 30 cts., 100-cup tin 50 cts.

A 5-cup trial tin mailed for grocer's name and 2-cent stamp for postage. Postum Cereal Co., Ltd., Battle Creek Mich. Adv.

Only Preparation Necessary Is to Fix Up Wood Frame Excluder, With Thin Wood Strip.

Among all the methods proposed for finding the queen, there is none more nearly certain than "sifting." The measuring from the outside of the the Gleanings in Bee Culture. Now lift the hive body (containing the colony to be sifted) off its bottomboard, and set an empty body in its this empty body, having the edge of the three-inch strip against the outside of the body. This leaves an open space along the opposite side wide enough to pass a brood-frame through easily. Set the hive body containing the brood-frames and bees upon the excluder exactly. Remove the outside frame from each side, shaking and brushing the bees back upon the remaining frames. Set one of these frames aside, and put the other into

Method of "Sifting."

the body below through the opening before mentioned, and push it along on the rabbets out of the way. Now move the brood-frames in a mass over before mentioned; then, beginning with the frame furthest from the said opening, shake and brush the bees off and down on the excluder, one frame after another, putting each, as cleared, down into the under body, pushing each and the preceding frames along out of the way to admit the next. Last of all, put in the frame previously set aside. If care is used. the brood-nest will be transferred from one body to the other without

The smoker should now be used very moderately to drive the bee, down sufficiently to see the queen, if she is there. It is not necessary to shake, drive, or smoke the few remaining bees. Just set the body to one side, and they will soon leave. If there is any simpler way to sift for the queen, let us know it.

Results of Tests Made at the Canada Experimental Farms With Different Animals.

At the Canada experimental farris in a horse feeding test it was found that corn and bran 5 to 2, or barley and bran 5 to 2, could be substituted for oats and bran in the same proportions, although both the corn and barley were less palatable than the

oat ration Three lots of lambs were fed a basal ration of "nutted oil cake," bran, oats and hay. With turnips as a supplementary feed, the gain per head and day was .244 pound, at a cost of 10 cents per pound; with ensilage as a supplementary feed the corresponding gain was .244 pound, at a cost of 9 cents per pound; with both turnips and ensilage the gain was .21 pound lambs fed a grain ration of corn while per head and day, at a cost of 10.9

In swine feeding tests the cost per pound of gain on a ration of shorts, ground oats, feed flour, bran, roots and skim milk was less than on a ration of corn and barley. Pork production was cheaper when wintering swine in the open than when confined in pens. The "My husband and I have been sick open lots, however, were provided brittle. With an iron bar punch a with cabins for sleeping.

> SIFT BEES TO FIND QUEEN CONCRETE FLOORS FOR HOGS

Just Enough Bedding Required to Keep Animal From Coming in Contact With Cold Material.

I am using concrete floors in our hog houses, and have found that I need very little bedding, just enough method of doing it is about as simple | to keep the body of the pig from comand easy as can be. Fix up a wood- ing in contact with the concrete. It is frame zinc queen-excluder, with a thin easy to keep a concrete floor warm if three-inch wood strip, to be attached the cold air cannot get under it, says under one long side of the frame so as a writer in an exchange. With 100 to close that much of the perforations, pigs in the house, during zero weather, I had to keep some of the winframe. This is the only extra prepa- dows and the upper end doors open ration necessary, writes B. Keep, in for ventilation. I have never had pigs get stiff from lying on concrete floors. Good dry bedding, straw or shredded fodder, is used, and is removed as soon as it becomes damp place. Lay the prepared excluder on and replaced with a fresh supply. Ventilation is such that cold winds cannot blow in on the pigs, I disinfect the houses often with air-claked lime.

A dipping tank is essential, not only for destroying lice, but for promoting health conditions in general. I dip my pigs, once in two months, more often if the animals are bothered with lice, and use any of the dip on the market that have crude oil as a basis I do not dip in winter, but crowd the hogs into the house, and spray them, leaving them until dry. I spray hogs, walls, bedding and all.

I keep wood ashes and a little lime in a self-feeder before the pigs all the time. Hogs need more mineral matter than they usually get. During the summer the hogs should be provided with ample shade.

HANDY DERRICK FOR WAGON

Portable Hoisting Apparatus Saves Teamster Much Lifting-Rigged Up in Few Minutes.

No longer need a teamster break his back removing heavy bags of cement or sand or whatever it may be from his wagon. Nor will he need a helper. A man in the state of Washington has invented a portable hoisting apparatus which can be carried in the wagon and rigged up on one side in a few minutes. Or it can be permanently to the hive side next to the opening attached if the wagon is used for one purpose only. A square metal frame supports a crane which swings over the wagon and out again. A windlass

Wagon Derrick.

is attached to this frame and operates running chains that have two iron jaws at the end. The jaws are lowered until they grip a bag around the center and the windlass is then wound up and the crane swung outward, lifting the load from the wagon easily and swiftly.

Alfalfa Hay.

Alfalfa hay is a much more economical feed for lambs than prairie hay. according to results of an experiment conducted at South Dakota and just published in Bulletin No. 119. It required 3.08 pounds of grain and 3.95 pounds of alfalfa to make a pound of gain. Lambs fed a grain ration of South Dakota oats while on rape pasture made a larger gain than did on rape pasture. In feeding lambs on rape at this station the loss has not been greater than in ordinary feeding operations.

To Destroy Stumps.

The best time to destroy hard wood stumps is after they have stood two or three years and the roots become hole under the stump, or use one of the borers made for the purpose, but do not loosen the soil except by mak-Twenty or more years ago Delaware ing the hole. Place the dynamite was noted far and wide for the size of | well under the center of the stump. A little experience will soon show the

HOW TO CURE RHEUMATISM Prominent Doctor's Best Prescription Easily Mixed at Home.

This simple and harmless formula has worked wonders for all who have tried it quickly curing chronic and acute rheumatism and backache. "From tried it quickly curing chronic and acute rheumatism and backache. "From your druggist get one ounce of Toris compound (in original scaled package) and one ounce of syrup of Barsaparilla compound. Take these two ingredients home and put them in a half plnt of good whiskey. Shake the bottle and take a tablespoonful before each meal and at bed-time." Good results come after the first few doses. If your druggist does not have Toris compound in stock he will get it for you in a few hours from his wholesale house. Don't be influenced to take a patent medicine instead of this. Insist on having the genuine Toris compound in the original, one-ounce, sealed, yellow package. This was published here last winter and hundreds of the worst cases were cured by it in a short time. Published by the Globe Pharmaceutical laboratories of Chicago.

A woman always seems to think a man can make over his silk hat as easily as she can make a new bonnet out of the one she wore last year.

minister to put his man to sleep. Invalid Men and

I will give you FREE a sample of Dr. Pierce's Pleasant Pellets that have brought

health and happiness to thousands-also a book on any chronic disease requested. During many years of practice I have used numerous combinations of curative medicines for liver ills. I have kept a record of the result in case after case, so that my staff of physicians and surgeons, at the Invalids' Hotel, Buffalo, N. Y., are able to diagnose and treat cases at a distance with uniform good results.

But for the permanent relief of blood disorders and impurities, I can recommend my "Golden Medical Discovery" a blood medicine without alcohol or other injurious ingredients. R. V. PIERCE, M.D., Buffalo, N.Y.

Nature's Way Is The Best

Buried deep in our American forest we find bloodroot, queen's root, mandrake and stone root, golden seal, Oregon grape root and cherrybark. Of these Tr. R. V. Pierce made a pure glyceric extract which has been favorably known for over forty years. He called it "GOLDEN MEDICAL DISCOVERY." This "Discovery" purifies the blood and tones up the stomach and the entire system in Nature's own way. It's just the tissue builder and tonic you require.

Dr. Pierce's Golden Medical Discovery has the endorsement of many thousands that it has cured them of indigestion, dyspepsia and weak stomach, attended by sour risings, heartburn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

"In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption, the Golden Medical Discovery' is a most efficient remedy, especially in those obstinate, hang-on-coughs caused by irritation and congestion of the bronchial mucous membranes. The 'Discovery' is not so good for acute coughs arising from sudden colds, nor must it be

expected to cure consumption in its advanced stages-no medicine will do thatbut for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken."

Sold in tablet or liquid form by all principal dealers in medicines, or send fifty one-cent stamps for trial package of tablets.

To find out more about the above mentioned diseases and all about the body in health and disease, get the Common Sense Medical Adviser—the People's Schoolmaster in Medicine—revised and up-to-date book of 1,008 pages. Cloth-bound, sent post-paid on receipt of 31 cents in one-cent stamps to pay cost of wrapping and mailing only. Address: Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.
