AS TO FLAVOUR.
 Found Her Favorite Again.

A bright young lady tells how she came to be acutely sensitive as to the taste of coffee.

"My health had been very poor for several years," she says. "I loved coffee and drank it for breakfast, but only learned by accident, as it were, that it was the cause of the constant, dreadful headaches from which I suffered every day, and of the nervousness that drove deep from my pillow and so deranged my stomach that everything I ate gave me acute pain. (Tea is just as injurious, because it contains caffeine, the same drug found in coffee.)"

"My condition finally got so serious that I was advised by my doctor to go to a hospital. There they gave me what I supposed was coffee, and I thought it was the best I ever drank, but I have since learned it was Postum. I gained rapidly and came home in four weeks."

"Somehow the coffee we used at home didn't taste right when I got back. I tried various kinds, but none tasted as good as that I drank in the hospital, and all brought back the dreadful headaches and the 'sick-all-over' feeling."

"One day I got a package of Postum, and the first taste of it I took, I said 'that's the good coffee we had in the hospital.' I have drunk it ever since, and eat Grape-Nuts for my breakfast. I have no more headaches, and feel better than I have for years." Name given upon request. Read the famous little book, "The Road to Wellville," in pgs. "There's a reason."

Postum now comes in concentrated, powder form, called Instant Postum. It is prepared by stirring a level teaspoonful in a cup of hot water, adding sugar to taste, and enough cream to bring the color to golden brown.

Instant Postum is convenient; there's no waste; and the flavour is always uniform. Sold by grocers - 45 to 50-cent tin 30 cts., 90 to 100-cup tin 50 cts.

STATE TO HELP SEWAGE PLANTS

Senate Receives Measure for Bearing One-Half of Cost

HEALTH BOARDS APPROVE

Bill Applies to Municipalities Required to Build Disposal Plants - Philadelphia Proposes to Expend \$40,000,000 - Relieved of Half.

(Special Harrisburg Correspondence.)
 Harrisburg. - Legislation to require the State to pay one-half of the cost of installing sewage disposal plants in cities, boroughs and other municipalities was introduced in the Senate by Senator Beldeman, of Dauphin county. The bill applies to all municipalities which have received notice from the State Health Department or will hereafter be required to build plants. Such a law is desired by the Department of Health to bring about a purification of the Schuylkill River and prevent its use above Philadelphia for sewage purposes. It is believed that if this aid is given by the State the respective communities would at once construct sewage disposal plants. It is estimated that the sewage disposal plant in Philadelphia which must be constructed in the next twenty years will cost from \$40,000,000 to \$50,000,000. If the present measures become effective Philadelphia would, of course, be relieved of half of this expense.

To Tax Corporations.
 The codification of the borough law is provided for in the resolution from Mr. Beldeman, asking for a commission of five to be appointed by the Governor. Commissioners will each receive \$5 a day and necessary expenses. The resolution provides for an appropriation of \$5,000. Under the provisions of a bill introduced by Senator Beldeman, of Dauphin, the real estate of all railroads, street railways, water, gas, telegraph, telephone, electric light, heat and power companies and all other like public service corporations, held or used for corporate purposes or otherwise, is subjected to taxation for county, city, borough and township purposes. The bill was referred to the Finance Committee. Senator Nulty has legislation requiring street railway companies to enclose the front and rear platforms of all cars during November, December, January, February and March, except cars used as "trailers." The penalty is a fine of \$25 a day for each car. The fines go to the County Treasurer to be applied to the improvement of streets and roads. Police Magistrates, aldermen and justices of the peace are empowered to bring suit for the violations of the law. The bill was referred to the City Passenger Railways Committee.

Uniform Marriage License.
 A uniform marriage license bill, recommended by the commission of which Walter George Smith is chairman for Pennsylvania, was introduced by Senator Buckman. It aims to bring uniformity in this law for all States.

A bill giving to cities and boroughs initiative and referendum, similar to the one offered in the House, was introduced by Senator Jarrett. This measure is urged by William Flinn, of Pittsburgh, who has long been an advocate of this principle.

Voters to Initiate Legislation.
 State-wide initiative and referendum is proposed in a resolution to submit a constitutional amendment to the voters of Pennsylvania, introduced in the House by Mr. Benson, McKean. Eight per cent of the legal voters shall have the right to initiate legislation, and 5 per cent of the voters or the Legislature may secure the referendum. The veto power of the Governor shall not extend to measures submitted to the people.

The new cold-storage regulation bill drafted by Dairy and Food Commissioner Foust was submitted by Mr. Irwin, Blair.

Election Law Amendment.
 Mr. Humes, Crawford, introduced two of the Democratic legislative program bills, those for a constitutional convention and amending the election laws. The constitutional convention bill provides that the question of a convention be submitted to the people at the 1913 primary, and if agreed to the election of delegates shall take place at the November election. The election law amendment abolishes the party squares and provides that names of electoral candidates shall not appear more than once on the ballot, the names of parties endorsing them to be printed after the names of candidates.

Other bills presented were:
 Mr. Brosius, Jefferson - Providing for return of 75 per cent of State tax on bonds to county, city, borough or district where it originates.

Red Flag Bill Passed.
 The House passed the Walton bill prohibiting the flying of the red flag during any public procession or on any public building. The bill provides that only the American flag shall be flown from public buildings, except those occupied by accredited representatives of other governments, and that the red flag, as the symbol of anarchy, cannot be displayed in public. The Socialists interpret this bill as being directed at them. The measure went through by a vote of 141 to 23.

Rebate on School Tax.
 Mr. Light, Franklin. - Amending the school code provision relative to collection of taxes in second, third and fourth-class districts by allowing 5 per cent discount on taxes paid before October 1, providing for payment at face from October 1 to February 1, and 5 per cent penalty thereafter.

Mr. Gibson, Lycoming. - Authorizing county commissioners to appropriate \$1,500 per year for co-operative agricultural extension.

Mr. North, Jefferson. - Appropriating \$215,000 for payment of advertising constitutional amendments in 1912; providing a system of licenses for sales of goods of assignees for bankrupts.

Mr. Humes, Crawford. - Requiring courts to consider accommodation of public in granting liquor licenses.

Mr. Letzkus, Allegheny. - Permitting amateur baseball games on Sunday.

Mr. Glenn, Venango. - Providing that no attorney can be admitted to practice in courts of record unless admitted to the Supreme Court.

Mr. Walton, Lawrence. - Making the open season for skunks from September 1 to January 1.

S. B. Scott, Philadelphia. - A "blue sky" law regulating issues of stocks and bonds.

LARGE FLY IN THE OINTMENT

Successful Candidate Should Have Been Happy, but There Were Reasons Why He Was Not.

"I suppose you're very happy, now that you're elected mayor?"
 "Well, I can't say that I am. I thought I would be, but it hasn't worked out that way."

"But you got such a splendid vote. It ought to make you feel happy to think the people have such confidence in you."

"That is cheering, of course. It is fine to know that the majority of the people believe in you. Still, I'm not altogether contented."

"I can't understand it at all. Here you've been elected to the highest honor in the community; you have splendid opportunities to do good work; you may graduate from the position to broader service for the state, and possibly from the state to the nation. You ought to be happy if any one is."

"I know it. But I'm not. The fact is I am up against it. I have four political managers who did splendid service for me, and each one demands the same job." - Detroit Free Press.

BAD CASE OF HEMORRHOIDS

Okalona, Ark. - "I had a bad case of itching and burning piles, and tried many remedies without relief. I could not sleep nor rest at night. The affected parts were irritated, also inflamed, and my family physician said I would have to undergo an operation."

"I bathed good with Cuticura Soap in pure water about fifteen minutes, then I applied the Cuticura Ointment. I did this four times a day for two weeks, then three times a day for another week, and in the space of three weeks I was cured sound and well. One box of Cuticura Ointment with Cuticura Soap cured my case of piles of six years' standing. When I commenced to use the Cuticura Soap and the Cuticura Ointment, I only weighed one hundred and twenty-eight pounds. Now I weigh one hundred and eighty-eight pounds." (Signed) Floyd Welch, Dec. 11, 1911.

UP TO HIM.

"Do you think your sister favors my suit?"
 "Well, it's all right if you come through, but if you don't she favors a suit for breach of promise."

British Seamen's Thrift.

For the years 1855 to 1912 the number of British seamen's money orders issued at ports in the United Kingdom and abroad was 3,365,489, of the value of over £19,000,000. On March 31 last, only 742 of these orders remained unpaid, their value being £7,060. The total amount of seamen's wages transmitted home between 1878 and 1912 was £5,550,000, and the amount transmitted foreign between 1894 and 1912 was £1,000,000. - "Shipping" Illustrated.

Packing Food in Ferns.

In Germany the use of ferns is coming into more and more favor for packing food which is transported either short or long distances. The practice became common in England before it gained equal vogue in Germany, and the results are said to be excellent, especially in shipping fresh fruit, butter, fish and other food products which require unusual care.

Why He Is Known.

The class in ancient history was reciting. "Now, Harry, can you tell me who Nebuchadnezzar was?" asked the teacher. "Nebuchadnezzar," answered the boy, right off the bat. "Was the greatest of the Babylonian kings, and for his connection with the Hebrews he got a write-up in the Bible."

Where He Got It.

"The first time my little boy fell in love he got it in the neck."
 "She snubbed him, eh?"
 "No, but he started in to washing his neck without being told."

Submits "Junket" Report.

The expenses of the Panama-Pacific Commission, headed by Governor Tener, were submitted to the House in response to a resolution. The report shows that \$11,394.19 was expended. The commission of 21 members journeyed to San Francisco last July to select a site for the State Building at the exposition. The trip was made in two special cars and the commission took a number of side trips. Vouchers show how every cent was used. Some of these indicate that a number of the members were good liver.
