Two Road Bills.

Hon. C. L. Gramley introduced in the house two bills establishing two State Highways in Penna Valley that will serve the tax payers well, and the bills ought to become laws.

The one road begins at Centre Hall and passes through Potter, Gregg and Miles townships, through the Brush Valley Narrows and connects with a state road near Millinburg.

The other road begins at Old Fort, leads to Linden Hall, Oak Hall, and Lemont, connecting there with a state road.

Neither of the sections traversed by these roads have State Highways passing through them. The Reporter voices the sentiment of the people on the south side of Centre county when it commends Mr. Gramley for his action.

Among the Reporter's callers on Saturday was William F. Rockey, of Tusseyville, who for many years has been in the produce business, buying on a large scale. He has secured the services of James Swabb to succeed E. R. Rickett who had been in his employ for seven years.

On Monday Hon. Leonard Rhone went to Harrisburg, and with others prominently connected with the order of Patrons of Husbandry, on Tuesday, appeared before a committee on the tax question. Mr. Rhone, from the various reports issued by the several departments of the state government, compiled figures which will be used as the basis of the argument to show that real estate—particularly farms—pays an unjust proportion of the taxes collected for all purposes.

The play given at Boalsburg by local talent from Centre Hall was well received. The house was filled to overflow, and the audience was in the best of humor. Boalsburg people are noted for their hospitality, and on this occasion the Civic Club, which is comprised of the wideawake women of that town, very pleasantly entertained the company, and after the performance served refreshments. The play was given under the auspices of the Civic Club, and the profits will go toward maintaining the street lights in Boalsburg.

Prof. P. H. Meyer is convinced that running an automobile is somewhat of a proposition for a music teacher, and that it is just as easy to hit the wrong key of the auto as it is on the piano. He came to this conclusion on Thursday morning of last week, when he undertook to run his Ford runabout backward out of the shed. He touched the wrong button, and there was a pronounced discord. The machine plunged forward, passed through the garage doors, and demolished a garden fence. On the way through the closed doors, the shield was shattered, and the pieces cut Mr. Meyer on the face and hands. It required the services of Dr. Foster and machinist C. E. Breen to straighten up matters. But the machine will be conquered.
