

NEW CIGARETTE LAW.

Court Instructed Constables to Arrest All Violators of this Law.

On making their quarterly returns to the court, Judge Ellis L. Orvis defined the cigarette law to the several constables of the county, and instructed them to arrest all violators of the law. So there can be no pleading of ignorance, the law is being printed in full by many of the newspapers in the rural districts, and the Reporter is doing its share in making the law public by publishing it, which follows:

"Any person who shall furnish to any minor, by gift, sale, or otherwise, any cigarette or cigarette paper, shall be guilty of a misdemeanor and upon conviction thereof shall be sentenced to pay a fine of not less than \$100, nor more than \$300.

"Any minor, being in possession of a cigarette or cigarette paper, and being by any police officer, constable, juvenile court officer, truant officer, or teacher in any school, asked where and from whom such cigarette or cigarette paper was obtained, who shall refuse to furnish such information, shall be guilty of a misdemeanor, and upon conviction thereof, before any alderman, magistrate, or justice of the peace, such minor, being of the age of sixteen years or upwards, shall be sentenced to pay a fine not exceeding five dollars, or to undergo an imprisonment in the jail of the proper county not exceeding five days, or both. If such minor shall be under the age of sixteen years, he or she shall be certified by such alderman, magistrate or justice of the peace to the juvenile court of the county, for such action as to said court shall deem proper."

Aged Lady has Bad Fall.

Mrs. D. C. Hess, an estimable old lady of Linden Hall met with a serious accident Sunday morning, which, owing to her advanced age, is feared by her many friends will prove fatal.

Mrs. Hess is in her eighty-third year and had been enjoying good health up until about a month ago when a slight stroke of paralysis left her in a very weak condition. She was however able to be about the house and it was while attempting to descend the cellar steps that she mislaid her footing and fell the entire length of the stairway. Several ribs were broken and she was otherwise injured. Her granddaughter, Mrs. George Hall, of Huntingdon, arrived Tuesday morning and is administering to her wants.

Millheim vs. Centre Hall To-Morrow.

The first baseball game of the season on the local grounds will be played to-morrow (Memorial Day), and the opposing team will be Millheim. This club has always proven a formidable foe to the local team, and the game to-morrow will undoubtedly be as interesting as those of yore. A 1 to 0 score, 13 innings, in favor of the local club, was registered against Millheim on Memorial Day of 1911. Turn out and help the boys win with your support.

Fruit Growers, Insure Your Crop

The one thing that you want from your orchard is fine, sound, unspotted fruit of good color and free from worms.

BOWKER'S PYROX

IS THE ONE SPRAY THAT INSURES YOUR FRUIT CROP

It is a smooth creamy paste, mixes easily in cold water, and sticks like paint to the foliage and "won't wash off." It kills all leaf-eating insects, destroys fungous growths, scab, blight, rot etc. It is also the best spray for potatoes—kills bugs and prevents blight. By warding off the blight it gives the crop two or three weeks longer to grow at a time when every day's growth means a larger potato.

If you are going to do any Concreting

don't forget the fact that I have in stock Alpha Portland Cement, the recognized Standard American Brand. If you are interested in the use of Portland Cement, and if you wish to make the strongest and best concrete work, use Alpha Portland Cement.

PENNSYLVANIA RAILROAD

Your farm work will be easier if you use good implements

Make your work on the farm easier by using machinery that works well under all conditions, thus eliminating all the worry which comes from using inferior implements.

We handle only the best line of machinery it is possible to buy. Nothing is purchased by us until we are satisfied it will meet the exacting demands of the farmer, who is ever on the lookout for any implement which will save time and labor, better prepare the soil, and better harvest the crop.

The most needed farm implement right now--

Albright Riding Cultivator

This Spring Tooth Riding Cultivator is beyond a doubt the most durable, convenient and efficient Riding Cultivator made. The design of the machine employs all the latest improvements. It has improved pivoted extension spindles which give the easiest operation possible, open tongue, separate hoisting levers to raise and lower the gangs which can also be set to use but one lever, spring connection for applying pressure on the gangs, lever for adjusting the space between the gangs, lever to guide the machine while the operator walks, etc.

These Cultivators are well painted, striped and varnished and will please the most critical buyer.

IT'S NOT TOO EARLY TO PREPARE FOR THE HAYING SEASON

The "Lancaster" Side-Delivery Hay Rake

is a true friend of the farmer with the heavy hay crop.

The "Lancaster" gathers up the hay in a continuous, loose and fluffy windrow, which allows the wind to pass through freely.

Note its simple construction, strength is one of its chief qualities. All gears are protected and long timothy is delivered clean instead of becoming wrapped in the gearing as is the case with other machines. It rakes the shortest blue grass as well as the heaviest clover and timothy.

More farmers are purchasing the Lancaster every year, which means more satisfied farmers.

The "Gearless" Hay Loader

Cleans up the hay field in short order

Its name describes it—it is gearless, and has no gears to break, clog up, chains and sprockets to break, run off and cause no end of trouble. The long easy stroke delivers the hay whether heavy or light, on the wagon in better shape without chewing it up, without tearing off the lever or without threshing out the seed as other loaders do.

The GEARLESS Hay Loader is not the cheapest hay loader you can buy but it is the best one. They are worth more than is asked for them.

The GEARLESS does its own loading. It pushes the hay well up onto the wagon; it does not need a watchman to keep it from clogging. The Gearless is sold on its merits, because it never fails to perform the work it is sold to do. The Gearless will pick up and load windrows and haycock which other machines cannot handle.

JOHNSTON MOWER. Make sure of a perfect cutting of grass this summer by using a Johnston Mower on your hay crop. We are well acquainted with all makes of mowers and think the Johnston the best investment. Ask us more about it.

We have described only a few machines here, but we have on hand many more. Our business is to serve the farmer, and serve him well. If you are interested, see us.
