The woman left the girl arranging the dinner table and went to the kitchen for something. A great, hulking negro was sitting in the kitchen rocker. Indignant, the woman hurried back.

"Cindy," she demanded, "what have I told you about having your beaux in the kitchen?"

'Laws, miss, he ain't no beau! Why, he's nuffin but my brudder."

Somewhat mollified, the woman went back to the kitchen.

Valuable Beetle Now.

Not long ago a Washington scientist, an enthusiastic student of natural history, captured a fine specimen of beetle. On reaching home he, in a moment of haste, pinned the beetle to a library table with his diamond scarfpin.

Average Player Receives Six Times as Much Money as Average Minister-Chance to Think.

It must take an ordinary, or even extraordinary, lawyer, doctor or minister very, very much fatigued to read. day after day, of the fanciful salary figures that are being printed of and concerning diverse and sundry dark necks who are capable of hitting above .300 and stealing a few, now and then, says the Milwaukee Sentinel. Indeed, if these worthy professional gentlemen who have probably denied themselves years of fun and amusement have scrimped and pinched in every way to get an education and have made themselves and families economize until they could get established, stop to think at all about the matter, it must make them sick at heart and peeved at the confounded" order of things that makes such a condition possible.

BIG SALARIES IN BASEBALL

The average ballplayer gets six times as much salary as the average minister, probably three or four times as much as the average lawyer and from two to three times as much as the average doctor, and all because he neglected brains for brawn. When one stops to think how many good barbers, brakemen and bartenders there are getting more than doctors, lawyers and preachers, it knocks the props out from under his idea of the fitness of things.

There is a chance here for a lot of comment, but the object of this little preachment largely is to get you folks thinking about it. Try it. If you don't get "hot," then it's because a kindly fate has declared you in on this easy "stuff."

Pennell sat in the witness chair apparently not making any effort to obey the order of the court.

"What, don't you hear the order?" asked Miller, after there had been silence in the courtroom for fully a minute and Pennell had made no visible movement.

"I swallowed it," mumbled Pennell. Court proceedings were suspended. while Judge Anderson spun around twice in his swivel chair and hemmed vigorously.

"Very badly," replied the rheumatic sufferer, "and it's all my wife's fault.

"Why," cried the friend in astonishment. "Is it possible?"

"Yes," moaned the invalid, "you know, the doctor told me always to avoid damp places; and there my wife mits and cries just to make the air moist around me."
