State Gets \$1,450,000.

The State will give Pennsylvania State College \$1,450,000; the University of Pennsylvania will get \$1,500,000; and University of Pittsburg will receive \$1,000,000.

LOCALS.

Children's Day services will be held in the Methodist church, Sunday evening.

On Sunday on his way to State College to hear the baccalaureate sermon, Frank McFarlane became suddenly ill and was obliged to return to his home.

Hon. William M. Allison, of Spring Mills, who had been seriously ill during the past two weeks, has so far recovered that he is able to be out of bed a portion of the time each day.

Rev. F. W. Barry and Miss Anna Mary Mitterling, of Centre Hall, on Monday, went to Selingsgrove to attend the commencement exercises at the Lutheran theological seminary.

Mr. and Mrs. Alvin S. Meyer, of Florida, and Mr. and Mrs. J. P. Wagner, of Altoona, were in Centre Hall last week among friends.

In private Dr. Rockey, the Anti-Saloon League representative, expressed much surprise at the splendid little town Centre Hall is; its fine homes; good walks, and believe me its good streets in course of construction.

Victor H. Jones and sister, Miss Gladys Jones, son and daughter of Rev. and Mrs. R. R. Jones, of Centre Hall, last week went to Lancaster to present there over commencement at Franklin and Marshall College.

There was a delightful June shower just after the noon hour on Saturday, and growing crops were benefited. In some sections in the central part of the state the rain was accompanied by heavy winds, hail, and lightning display, but this locality was not visited by these destructive agencies.

Dr. Rockey, of Pittsburg district, assisted Rev. W. F. Barry in holding communion services in Centre Hall on Sunday morning. In the evening he spoke in the same church in the interest of the Anti-Saloon League.

LOCALS.

Miss Anna and Ray Duret write the Reporter from White Haven that they are feeling fine, and expect to be home on Saturday; all of which the Reporter is pleased to note.

Mr. and Mrs. J. Paul Rearick, of Martinsburg, came to Centre Hall on Tuesday, and Wednesday went on to Harrisburg to attend the Funeral Directors' Association convention which meets in that city.

Miss Orpha Gramley and Eugene Gramley, of Spring Mills; Mrs. S. W. Smith, Mrs. John T. Lee, Misses Rebecca Derstine and Carrie Mitterling, of Centre Hall; Misses Ruth Rossman and Bernice Swartz, of Tusseyville, are attending the Lutheran missionary convention at Clintondale.

D. A. Boczer and family, on Sunday autored to Ocoela and spent the day at the home of Mr. Boczer's brother, John F. Boczer, an undertaker.

R. D. Foreman, the grain and coal dealer, who had been wholly or partially disabled for several months on account of rheumatism, is able to get about at the present time in pretty good style, but not as good as he would like to.

Reporter Register.

R. A. Eyer, Chambersburg. Albert F. DuVergier, New York. James Bible, Centre Hill.

Centre Mills.

Roy Held attended the festival at Spring Mills on Saturday evening. David P. Weaver visited friends at the mountain over Sunday.

Adam Vonada, of Madisonburg, visited his sister, Mrs. Harvey Miller. Arthur Cummings, wife and children, went to Tusseyville over Sunday to visit friends.

Mrs. Joseph Corman visited friends in Penna Valley several days. She was out for her health. Paul Sheffer and Miss Mary Shaffer visited their brother Thomas Shaffer at State College over Sunday.

Frost did considerable damage to garden truck and potato vines in this locality. There was frost on Monday and Tuesday mornings.

Mrs. W. H. Kreamer, Mrs. Godshall, son and daughter; and Miss Helen Bartholomew, autored to Centre Mills and spent Wednesday with the John A. Kline family.

Georgas Valley.

Hobart Barger is working for D. D. Decker at present.

D. C. Lingle, of Union county, visited friends here over Sunday. Mr. and Mrs. E. L. Lingle and son Miles spent Sunday at the home of W. O. Ripka.

F. W. Zittle, of Renovo, spent a few days with his parents, Mr. and Mrs. Jerre Zittle.

Harvey Vonada left Tuesday afternoon for State College where he will spend a week visiting friends. The frost of Sunday and Monday nights did considerable damage to beans, potatoes and corn were frozen.

Mrs. Howard Faust and sons Charles and Chester, of Centre Hill, visited her daughter, Mrs. J. C. Reeder on Monday.

Mr. and Mrs. S. E. Gobble and son Walter, and J. W. Herbert Gobble and Miss Lizzie Wert spent Sunday at the home of Mrs. Susan Crater.

Where Macnulty's talk failed is clearly shown by Greville. "If he could tread less heavily on the ground, if he could touch the subjects he handles with a lighter hand, if he knew when to stop as well as he knows what to say, his talk would be as attractive as it is wonderful." It is all summed up in the sentence, "He gave society more than it required and not exactly of the kind." Macnulty, in fact, suffered from excess of the first requisite of talk, according to Johnson—"material." As Sir Henry Taylor said, "His memory had swamped his mind." Flashes of ignorance as well as of silence are necessary to the perfect talker. And so, as has been said, Macnulty often exhausted his audiences before he exhausted the subject.

They Had Weights, Not Springs, and Were as Big as Plates.

At first the watch was about the size of a dessert plate. It had weights and was used as a "pocket clock." The earliest known use of the modern name occurs in the record of 1552, which mentions that Edward VI. had "one larum or watch of iron, the case being likewise of iron gilt, with two plummetts of lead."

The first watches may readily be supposed to have been of rude execution. The first great improvement, the substitution of springs for weights, was in 1550. The earliest springs were not coiled, but only straight pieces of steel. Early watches had only one hand and, being wound up twice a day, they could not be expected to keep time nearer than fifteen or twenty minutes in the twelve hours.

A plain watch cost the equivalent of \$1,600 in our currency, and after one was ordered it took a year to make it.—Exchange.

Exasperating.

A stuttering salesman called on a New York buyer with an excellent proposition. In well turned sentences he proceeded to lay before the buyer his superb argument. But, alas, in every well turned sentence there were "b's" and "m's," and over these the salesman stuttered pitifully.

"I'm afraid I can't understand you. Call again when you're sober."

"No," said the buyer, waving him resolutely toward the door, "not now—when you're sober."

Your farm work will be easier if you use good implements

Make your work on the farm easier by using machinery that works well under all conditions, thus eliminating all the worry which comes from using inferior implements.

We handle only the best line of machinery it is possible to buy. Nothing is purchased by us until we are satisfied it will meet the exacting demands of the farmer, who is ever on the lookout for any implement which will save time and labor, better prepare the soil, and better harvest the crop.

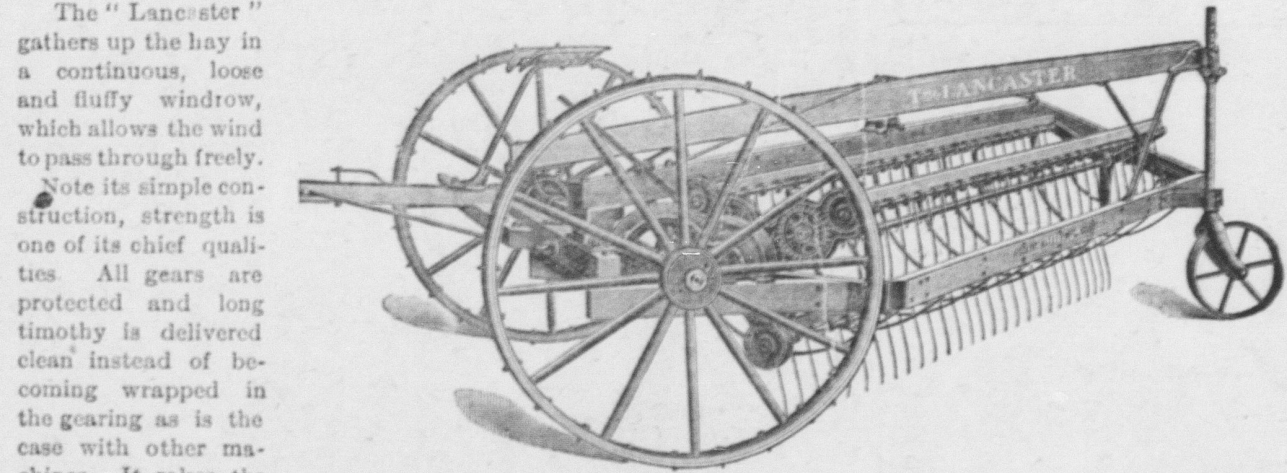

The most needed farm implement right now-- Albright Riding Cultivator

This Spring Tooth Riding Cultivator is beyond a doubt the most durable, convenient and efficient Riding Cultivator made. The design of the machine employs all the latest improvements. It has improved pivoted extension spindles which give the easiest operation possible, open tongue, separate hoisting levers to raise and lower the gangs which can also be set to use but one lever, spring connection for applying pressure on the gangs, lever for adjusting the space between the gangs, lever to guide the machine while the operator walks, etc.

IT'S NOT TOO EARLY TO PREPARE FOR THE HAYING SEASON The "Lancaster" Side-Delivery Hay Rake

is a true friend of the farmer with the heavy hay crop.

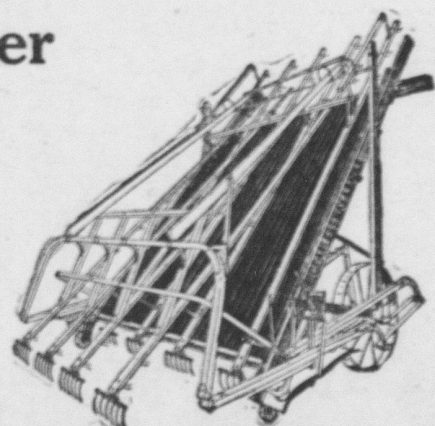

The "Lancaster" gathers up the hay in a continuous, loose and fluffy windrow, which allows the wind to pass through freely. Note its simple construction, strength is one of its chief qualities. All gears are protected and long timothy is delivered clean instead of becoming wrapped in the gearing as is the case with other machines. It rakes the shortest blue grass as well as the heaviest clover and timothy.

More farmers are purchasing the Lancaster every year, which means more satisfied farmers.

The "Gearless" Hay Loader Cleans up the hay field in short order

Its name describes it—it is gearless, and has no gears to break, clog up, chains and sprockets to break, run off and cause no end of trouble. The long easy stroke delivers the hay whether heavy or light, on the wagon in better shape without chewing it up, without tearing off the lever or without threshing out the seed as other loaders do. The GEARLESS Hay Loader is not the cheapest hay loader you can buy but it is the best one. They are worth more than is asked for them. The GEARLESS does its own loading. It pushes the hay well up onto the wagon; it does not need a watchman to keep it from clogging. The Gearless is sold on its merits, because it never fails to perform the work it is sold to do. The Gearless will pick up and load windrows and haycock which other machines cannot handle.

JOHNSTON MOWER. Make sure of a perfect cutting of grass this summer by using a Johnston Mower on your hay crop. We are well acquainted with all makes of mowers and think the Johnston the best investment. Ask us more about it.

We have described only a few machines here, but we have on hand many more. Our business is to serve the farmer, and serve him well. If you are interested, see us.
