

Stahl's Inebriety

On Monday morning at the United Brethren parsonage, in Bellefonte, Rev. C. W. Winesy united in marriage Asher C. Stahl and Miss Mary Linehoff, both of Altoona. The groom is a son of Mr. and Mrs. James S. Stahl, but has been in Altoona for a number of years, and at present is employed by Morgan & Luckett, in their meat market.

The couple have been in Centre Hall since this important step was taken, but on Friday they will return to Altoona. They will go to housekeeping as soon as they can secure a desirable and suitably located house.

The Reporter extends its best wishes to Mr. and Mrs. Stahl.

Chamberlain-Zerbe

Miss Olivia Zerbe and Corydon Chamberlain were united in marriage in the First Congregational church, in Salt Lake City, Utah. The church was elaborately decorated.

The bride wore a handsome ivory crepe-de-chene gown and carried a bouquet of blush roses. She was attended by Miss Jessie M. Harroun, who wore a pretty white bridesmaid's gown, carrying a large bouquet of Killarney roses. Wycliffe Chamberlain attended his brother as best man. The bridal party and a few intimate friends enjoyed a wedding supper later at the home of the bride's parents, Mr. and Mrs. Horace E. Zerbe, where the pink and white color effect prevailed in the dainty decorations.

Sears-McClellan

At ten o'clock on the morning of June 16th, at the home of Frank Wasson, of Lemont, Miss Kythe C. McClellan was married to Harold M. Sears, of Corry, a graduate of State College and holding a good position in Washington, D. C., in the forestry department.

The bride has made her home with Mr. Wasson since the death of her mother fourteen years ago. She has endeared herself to them and has made many friends in the community who shall miss her cheery greetings but who all join in wishing her happiness. They will live in Washington, D. C.

Fishburn-Greeninger

Thomas M. Fishburn and Miss Sarah R. Greeninger, both of State College, were united in marriage at the Reformed parsonage in Bosalsburg, by Rev. S. C. Stover, on Tuesday.

Lightning Kills Boy

While cultivating corn on the Nerr Goss farm, near Lewisport, Sherman Stull, a lad of thirteen years, was struck by lightning Tuesday morning, and instantly killed. The bolt came apparently from a clear sky, and after striking the boy on the head, was deflected to the ground and tore a large hole near the feet of the farmer who was working but a short distance from the unfortunate lad.

Mrs. James Runkle, mother of Attorney William Groh Runkle, died at the home of her daughter Mrs. Frank Musser, at Penn Hall, on Wednesday morning. Interment will be made from the home of her son Hugh Runkle, at Tusseyville. A more extended notice will appear later.

Friday was circus day in Centre Hall. Robson Bros' large tent was pitched on Grange Park, and two performances were given—afternoon and evening. Unlike larger towns the evening entertainment attracted the larger crowd, all the available space on the general admission stands being occupied. While the personnel of the company was not large, each performer was an artist, and better stunts could hardly be pulled off by actors traveling with the large thronging circus.

Marion Adams returned to her home after a few weeks stay at State College. Mrs. Harry Auman and her son Milan, of Millheim, spent the Sabbath with her friend Mrs. J. H. Crouse. Mrs. Julia Deisinger, of Millheim, is spending a few days at the home of I. P. Adams, where she is a very welcome guest. Jennie Rupp, of State College, formerly of this place, is visiting among her many friends here. Her brother Walter and sister Mrs. Emma Hinds were also very glad to have her with them for a few days. Mrs. Electa Haugh, of Lock Haven, and her aunt Mrs. Adam Davis and daughter, of Forest county, were welcome guests at the home of the former lady's parents, Mr. and Mrs. George Stover. Mr. and Mrs. Jerry Brungard, of Rebersburg, and Misses Mable Oila and Elda Brungard, were very pleasantly entertained at the home of Mrs. Deshier, one of our highly esteemed aged ladies.

Ralph Sweeney, a lad in knee breeches and son of William M. Sweeney, of near Potter Mills, was one of the Reporter callers on Friday of last week. He was in the class examined for teachers' certificates, but, of course, is too young to have a certificate issued to him no matter how well prepared his examination papers might be. Mr. Krise is engaged in the real estate and fire insurance business in Johnstown.

Medicinal Heart of Oak.
The virtue of a "cure," apparently, does not always lie in its ability to disgust the senses. From earthworms for bronchitis and snakes for gopher one turns with relief to a "cure" for "all weaknesses of mind and body" which Coleridge encountered on a visit to Germany. It was indeed something to write home to his wife about. Here is its advertisement: "A wonderful and secret Essence extracted with patience and God's blessing from the English oaks and from that part thereof which the heroic sailors of that Great Nation call the Heart of Oak. This invaluable and infallible medicine has been gently extracted therefrom by the slow processes of the Sun and the magnetical Influences of the Planets and fixed Stars." Such a tribute to mariners should do much toward cementing a friendship with Germany.—London Express.

When Porfirio Ruled.
In 1897, when the dictatorship of Porfirio Diaz was young, writes William Archer in the London News, there was an attempted rising at Vera Cruz. The governor of that place telegraphed to Diaz asking whether he should shoot the conspirators and receive the economical answer, "En caliente, si." Some people argue that this meant, "If in the heat of action, yes," but who requires orders for shooting in the heat of action? The plain meaning is in American, "Right away!" or in English, "Without formality." So the governor understood it, and nine men were put to death.

Not in Her Class.
"You know it is stated that a man's heart beats 12,160 times a day," said the young man.
"Every day?" asked the sweet young thing.
"Yes, every day."
"Well, if a young man's heart didn't beat more times than that the day he proposed to me I'd consider him a pretty cold proposition."—Yonkers Statesman.

Historical Note.

"General Braddock was killed in the Revolutionary war. He had three horses shot under him, and a fourth went through his clothes."—Everybody's.

Your farm work will be easier if you use good implements

Make your work on the farm easier by using machinery that works well under all conditions, thus eliminating all the worry which comes from using inferior implements. We handle only the best line of machinery it is possible to buy. Nothing is purchased by us until we are satisfied it will meet the exacting demands of the farmer, who is ever on the lookout for any implement which will save time and labor, better prepare the soil, and better harvest the crop.

**The most needed farm implement right now--
Albright Riding Cultivator**

This Spring Tooth Riding Cultivator is beyond a doubt the most durable, convenient and efficient Riding Cultivator made. The design of the machine employs all the latest improvements. It has improved pivoted extension spindles which give the easiest operation possible, open tongue, separate hoisting levers to raise and lower the gangs which can also be set to use but one lever, spring connection for applying pressure on the gangs, lever for adjusting the space between the gangs, lever to guide the machine while the operator walks, etc.
These Cultivators are well painted, striped and varnished and will please the most critical buyer.

**IT'S NOT TOO EARLY TO PREPARE FOR THE HAYING SEASON
The "Lancaster" Side-Delivery Hay Rake**

is a true friend of the farmer with the heavy hay crop.

The "Lancaster" gathers up the hay in a continuous, loose and fluffy windrow, which allows the wind to pass through freely. Note its simple construction, strength is one of its chief qualities. All gears are protected and long timothy is delivered clean instead of becoming wrapped in the gearing as is the case with other machines. It rakes the shortest blue grass as well as the heaviest clover and timothy.

More farmers are purchasing the Lancaster every year, which means more satisfied farmers.

The "Gearless" Hay Loader
Cleans up the hay field in short order

Its name describes it—it is gearless, and has no gears to break, clog up chains and sprockets to break, run off and cause no end of trouble. The long easy stroke delivers the hay whether heavy or light, on the wagon in better shape without chewing it up, without tearing off the lever or without threshing out the seed as other loaders do.
The GEARLESS Hay Loader is not the cheapest hay loader you can buy but it is the best one. They are worth more than is asked for them.
The GEARLESS does its own loading. It pushes the hay well up onto the wagon; it does not need a watchman to keep it from clogging. The Gearless is sold on its merits, because it never fails to perform the work it is sold to do. The Gearless will pick up and load windrows and haycock which other machines cannot handle.

JOHNSTON MOWER. Make sure of a perfect cutting of grass this summer by using a Johnston Mower on your hay crop. We are well acquainted with all makes of mowers and think the Johnston the best investment. Ask us more about it.

We have described only a few machines here, but we have on hand many more. Our business is to serve the farmer, and serve him well. If you are interested, see us.
